OVE Decors Bel 48-inch Frameless Sliding Shower Door with Soft-Close, Gold Finish Instruction Manual

Model: 15SGP-BELS48-GLDWM

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your OVE Decors Bel 48-inch Frameless Sliding Shower Door. This shower door features a modern frameless design with clear tempered glass panels and a gold finish, designed to enhance your bathroom's aesthetic. The advanced rolling mechanism includes soft-close technology for smooth and quiet operation, along with a watertight seal. The design allows for reversible installation, accommodating both left and right-hand door openings, and offers built-in adjustability for out-of-plumb walls.

SETUP AND INSTALLATION

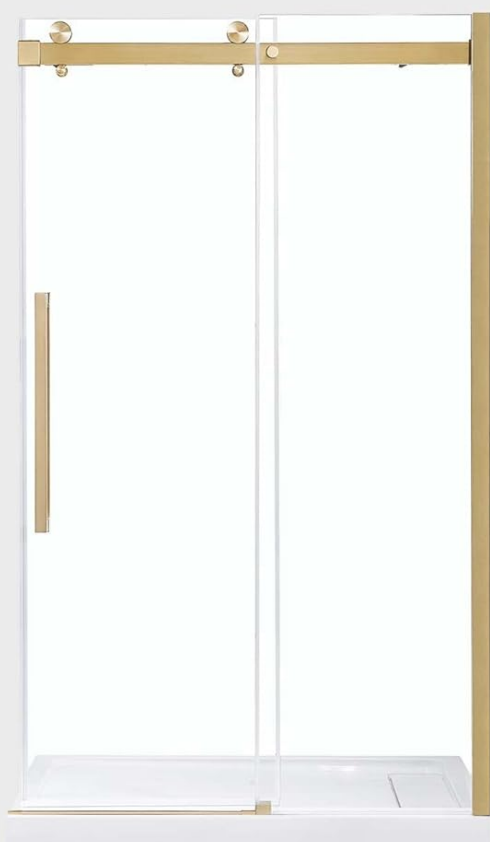

The OVE Decors Bel shower door is designed for straightforward installation, but due to its weight and precision requirements, professional installation is recommended. If installing yourself, ensure you have adequate assistance as the glass panels are heavy.

Key Installation Features:

- **Reversible Design:** The door can be installed for either left or right-hand opening, offering flexibility for your bathroom layout.
- **Out-of-Plumb Adjustability:** Built-in adjustability helps compensate for walls that are not perfectly plumb, ensuring a secure and level fit.
- **Adjustable Rail Width:** The rail width is adjustable, allowing for a precise fit within an alcove opening between 46.18 and 48.15 inches.

Refer to the detailed installation guide included in your product packaging for step-by-step instructions, required tools, and safety precautions. Ensure all components are present before beginning installation.

OPERATING INSTRUCTIONS

The OVE Decors Bel shower door is designed for smooth and quiet operation. To open or close the door, gently push or pull the vertical bar handle. The premium engineered rolling mechanism system incorporates soft-close technology, which ensures the door glides effortlessly and comes to a gentle, quiet stop at the end of its travel, preventing slamming.

Soft-Close Sliding Door

Smooth opening and closing, and secure close.

CARE AND MAINTENANCE

To maintain the appearance and functionality of your OVE Decors Bel shower door, regular cleaning is recommended.

- **Glass Panels:** Clean tempered glass panels with a soft cloth and a non-abrasive glass cleaner. Avoid harsh chemicals or abrasive pads that could scratch the glass or damage protective coatings.
- **Hardware:** Wipe down the gold finish aluminum rails and stainless steel components with a soft, damp cloth. For stubborn spots, use a mild, non-abrasive cleaner specifically designed for metal finishes. Avoid cleaners containing ammonia, bleach, or abrasive particles, as these can damage the finish.
- **Seals:** Periodically inspect the watertight seals for any signs of wear or damage. Clean them gently to prevent mold

or mildew buildup.

Regular maintenance helps prevent water spots and mineral buildup, ensuring the door remains clear and the hardware retains its luster. The "MetalGuard" feature helps keep hardware shiny and spotless.

TROUBLESHOOTING

- **Door not sliding smoothly:**

Check the top rail for any obstructions. Ensure the rollers are clean and free of debris. A small amount of silicone lubricant (safe for plastics and metals) can be applied to the track if needed, but avoid oil-based lubricants.

- **Water leakage:**

Inspect all seals and gaskets around the door and stationary panel. Ensure they are properly seated and free from damage. Verify that the door is correctly aligned and closing completely. Adjustments may be necessary if the seals are not making full contact.

- **Glass appears cloudy or has persistent spots:**

This is often due to hard water mineral buildup. Use a specialized glass cleaner for hard water stains. For prevention, wipe down the glass after each use with a squeegee or soft cloth.

If issues persist after attempting these troubleshooting steps, contact customer support for further assistance.

Safety Information

Your OVE Decors Bel shower door is constructed with premium 8 mm (5/16") thick certified safety tempered glass, which is heat and shatter resistant. While designed for durability and safety, always handle glass panels with care during installation and use. Avoid striking the glass with hard objects, as this can compromise its integrity.

Safety Matters.

-  Heat & Shatter Resistant
-  30% thicker than standard shower door glass!
-  Premium 8 mm (5/16") Thick Certified Safety Tempered Glass

Certified by

Safety Glazing Certification Council
