Ingco CWLI2038

Ingco CWLI2038 20V 270 Lumens Cordless Handheld Flashlight User Manual

Model: CWLI2038 | Brand: Ingco

1. INTRODUCTION

Thank you for choosing the Ingco CWLI2038 20V 270 Lumens Cordless Handheld Flashlight. This manual provides essential information for the safe and effective use, setup, maintenance, and troubleshooting of your new flashlight. Please read these instructions carefully before operating the device and retain them for future reference.

2. SAFETY INSTRUCTIONS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- **Read all instructions:** Familiarize yourself with the product's features and operation before use.
- **Battery Safety:** Use only the specified 20V Lithium-Ion battery. Do not attempt to open, crush, or expose the battery to extreme temperatures or fire.
- **Avoid direct eye exposure:** Do not shine the flashlight directly into eyes, as the bright LED light can cause temporary vision impairment.
- **Keep out of reach of children:** This product is not a toy.
- **Do not immerse in water:** This flashlight is not water-resistant. Avoid exposure to rain or wet conditions.
- **Storage:** Store the flashlight in a dry, cool place when not in use.
- **Maintenance:** Do not attempt to repair the flashlight yourself. Refer to the maintenance section or contact customer support for assistance.

3. PRODUCT OVERVIEW

The Ingco CWLI2038 is a powerful and portable handheld flashlight designed for various lighting needs. It features a durable aluminum body and a bright LED light source.

Image showing the Ingco CWLI2038 cordless handheld flashlight from a front-side angle, highlighting its compact design and LED light.

Key features include:

- 270 Lumens bright LED light.
- Operates on a 20V Lithium-Ion battery (included).
- Durable aluminum construction.
- Rechargeable design for convenience.

4. SPECIFICATIONS

Feature	Detail
Brand	Ingco
Model	CWLI2038

Feature	Detail
Power Source Type	Battery Operated (20V)
Luminous Flux	270 Lumens
Light Source Type	LED
Wattage	5 Watts
Material	Aluminum
Color	Silver
Shape	Cylindrical
Finish	Polished
Special Features	Rechargeable
Included Components	Battery
Battery Cell Type	Lithium Ion
Item Weight	10 grams
Package Dimensions	26.1 x 16 x 6.3 cm
Water Resistance Level	Not Water Resistant

5. SETUP

Before first use, ensure the battery is fully charged. The battery is included with the flashlight.

- Charge the Battery:** Connect the battery to its compatible charger (charger sold separately, if not included in the specific kit). Allow the battery to charge until the indicator shows it is full.
- Insert the Battery:** Locate the battery compartment on the flashlight. Align the battery with the terminals and slide it into place until it clicks securely.
- Secure the Compartment:** Close the battery compartment cover, if applicable, ensuring it is firmly sealed.

Your Ingco CWLI2038 flashlight is now ready for operation.

6. OPERATION

Operating the Ingco CWLI2038 flashlight is straightforward.

- Turning On/Off:** Press the power button, usually located on the handle or near the head of the flashlight, to turn the light on. Press it again to turn the light off.
- Light Modes:** This model typically features a single brightness setting. If your model has multiple modes (e.g., high, low, strobe), press the power button repeatedly to cycle through the available modes.
- Battery Indicator:** Some batteries or flashlights may have an indicator to show the remaining battery life. Refer to your battery's manual for details.

7. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your flashlight.

- **Cleaning:** Wipe the flashlight body with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure the lens is clean for maximum light output.
- **Battery Care:**
 - Always use the correct charger for your 20V Lithium-Ion battery.
 - Do not overcharge or deep discharge the battery.
 - If storing for extended periods, charge the battery to approximately 50% and store in a cool, dry place.
 - Remove the battery from the flashlight if it will not be used for a long time.
- **Inspection:** Periodically check for any loose parts or damage. Do not operate the flashlight if it is damaged.

8. TROUBLESHOOTING

If you encounter issues with your Ingco CWLI2038 flashlight, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Flashlight does not turn on.	Battery is not charged or improperly inserted.	Ensure the battery is fully charged and correctly inserted into the compartment.
Light is dim or flickers.	Low battery charge.	Recharge the battery.
Flashlight gets hot during use.	Normal operation for high-power LEDs; prolonged use.	This can be normal. If it becomes excessively hot or emits smoke/odor, discontinue use immediately and contact support.
Battery does not charge.	Faulty charger or battery.	Check the charger connection. Try a different compatible charger or battery if available.

If the problem persists after trying these solutions, please contact Ingco customer support.

9. WARRANTY AND SUPPORT

Ingco products are manufactured to high-quality standards. For warranty information, please refer to the warranty card included with your purchase or visit the official Ingco website. For technical support, replacement parts, or service inquiries, please contact your local Ingco dealer or customer service center.
