OVE Decors Bel Frameless Sliding Shower Door Instruction Manual

Model: 15SGP-BELS48-ORBWM

1. PRODUCT OVERVIEW

The OVE Decors Bel Frameless Sliding Shower Door is designed to enhance your bathroom with a modern, elegant aesthetic and functional features. This model, 15SGP-BELS48-ORBWM, features a frameless design, soft-close mechanism, and durable tempered glass panels, finished in Oil-Rubbed Bronze hardware.

It is suitable for alcove installations and offers adjustability for out-of-plumb walls, ensuring a precise fit. The reversible design allows for left or right-hand door opening configurations.

2. KEY FEATURES

- **Frameless Design:** Provides a sleek, contemporary look that complements various bathroom styles.
- **Soft-Close Technology:** Engineered rolling mechanism ensures smooth, quiet, and effortless sliding door operation, preventing slamming.
- **Durable Tempered Glass:** Features 8 mm (5/16-in) thick clear tempered glass panels, certified for safety and resistant to heat and shattering.
- **Oil-Rubbed Bronze Hardware:** Includes a barn door style rolling system and oversized vertical bar handles in a matching finish.
- **Adjustability:** Offers out-of-plumb adjustability for easy installation on uneven walls.
- **Reversible Installation:** Designed for flexible installation, allowing for either left or right-hand door opening.
- **Watertight Seals:** Equipped with seals to prevent water leakage.

3. INSTALLATION GUIDE

Professional installation is recommended for this product due to its weight and the precision required for proper function and watertight sealing. Ensure you have all necessary tools and safety equipment before beginning.

3.1 Pre-Installation Checks

- Verify all parts are present and undamaged according to the packing list.
- Ensure the shower opening dimensions are within the specified range (46-in to 48-in W).
- Confirm walls are plumb and level. The door offers some out-of-plumb adjustability, but excessive unevenness may

require wall preparation.

- Review the detailed installation manual provided in the product packaging for step-by-step instructions specific to your model.

3.2 Key Installation Steps (Summary)

1. **Prepare the Opening:** Clean and prepare the shower alcove.
2. **Install Wall Profiles:** Secure the vertical wall profiles to the shower walls.
3. **Mount Top Track:** Install the horizontal top track, ensuring it is level and securely fastened.
4. **Install Fixed Panel:** Position and secure the fixed glass panel into the wall profile and bottom track.
5. **Install Sliding Panel:** Attach the rollers to the sliding glass panel and hang it on the top track.
6. **Adjust and Secure:** Adjust the panels for smooth operation and proper alignment. Install handles and watertight seals.
7. **Apply Sealant:** Apply silicone sealant as directed to ensure a watertight enclosure.

4. OPERATING INSTRUCTIONS

The OVE Decors Bel shower door is designed for simple and smooth operation.

4.1 Opening and Closing the Door

- Grasp the vertical bar handle firmly.
- Gently slide the door along the top track. The soft-close mechanism will engage as the door approaches its open or closed position, ensuring a controlled and quiet movement.
- Avoid forcing the door. If resistance is felt, check for obstructions in the track or consult the troubleshooting section.

4.2 Soft-Close System

The integrated soft-close system automatically slows the door's movement during the last few inches of travel, both when opening and closing. This feature protects the glass and hardware from impact and ensures a quiet experience.

5. CARE AND MAINTENANCE

Regular cleaning and maintenance will preserve the appearance and functionality of your shower door.

5.1 Glass Cleaning

- For daily cleaning, use a squeegee after each shower to remove water spots and soap residue.
- For deeper cleaning, use a non-abrasive glass cleaner or a solution of white vinegar and water. Apply with a soft cloth or sponge.
- Avoid abrasive cleaners, scouring pads, or harsh chemicals, as these can scratch the glass or damage protective coatings.

5.2 Hardware Cleaning

- Clean the oil-rubbed bronze hardware with a soft, damp cloth and mild soap.
- Do not use abrasive cleaners, ammonia-based products, or harsh chemicals, as these can strip the finish.

- Regularly inspect the rollers and track for any debris and clean as needed to ensure smooth operation.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Door does not slide smoothly.	Debris in track, misaligned rollers, or worn components.	Clean the track thoroughly. Inspect rollers for damage or misalignment and adjust as per the installation manual.
Water leaks from the enclosure.	Improperly sealed joints, damaged seals, or incorrect panel alignment.	Check all silicone sealant lines and reapply if necessary. Inspect and replace any damaged watertight seals. Ensure panels are correctly aligned and fully closed.

Problem	Possible Cause	Solution
Soft-close mechanism not engaging.	Obstruction, mechanism out of adjustment, or damaged component.	Ensure the track is clear. Refer to the installation manual for soft-close mechanism adjustment. Contact customer support if the issue persists.

7. PRODUCT SPECIFICATIONS

Attribute	Detail
Brand	OVE Decors
Model Number	15SGP-BELS48-ORBWM
Product Dimensions	0.31 x 48.15 x 78.74 inches (Depth x Width x Height)
