## OPERATING INSTRUCTIONS

### Soft-Closing Doors and Drawers

The ARIEL Bristol vanity is equipped with soft-closing doors and drawers. This feature allows the doors and drawers to close gently and silently, preventing slamming and extending the lifespan of the hardware.

- To close, simply push the door or drawer gently until the soft-closing mechanism engages.
- Avoid forcing the doors or drawers shut, as this can damage the mechanism.

### Adjustable Hinges

The cabinet doors feature adjustable hinges, allowing for precise alignment. If a door appears misaligned, use a

screwdriver to make minor adjustments to the hinge screws until the door is properly aligned.

## Adjustable Shelf

The interior shelf can be adjusted to different heights to accommodate various storage needs. To adjust, remove the shelf, reposition the shelf pins to the desired height, and then place the shelf back onto the pins.

## MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your ARIEL Bristol vanity.

- **Cleaning the Vanity Cabinet:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cleaning the Marble Countertop:** For the Carrara White Marble countertop, use a mild, pH-neutral cleaner specifically designed for natural stone. Wipe spills immediately to prevent staining. Avoid acidic cleaners (e.g., vinegar, lemon juice) as they can etch the marble.
- **Avoid Excessive Water Exposure:** While designed for bathroom use, prolonged or excessive water exposure can damage the wood and engineered wood components. Ensure spills are wiped promptly.
- **Hardware Care:** Clean hardware with a soft, dry cloth. Do not use abrasive cleaners.
