SETUP

Charging the Earphones and Case

Before first use, fully charge the earphones and the charging case. The charging case provides additional battery life for your earphones.

- Place the earphones into the charging case. Ensure they are correctly seated to initiate charging.
- Connect the provided USB Type-C cable to the charging port on the case and to a compatible USB power source.
- The LED digital display on the case will indicate the charging status. A full charge typically takes approximately 1.5 hours.

Pairing with a Device

Follow these steps to pair your earphones with a Bluetooth-enabled device:

1. Remove both earphones from the charging case. They will automatically power on and enter pairing mode.
2. On your device (phone, tablet, laptop), navigate to the Bluetooth settings.
3. Search for available devices and select "MD" from the list.
4. Once connected, the earphones will automatically connect to the paired device every time they are powered on.

One step to connect

1. Remove it from charging case and power on automatically. Remove status, long press button to power on.
2. In your phone's Bluetooth list, find "MD" and click to connect it.
3. The earphone waits 20 seconds to automatically connect to the paired Bluetooth phone every time you turn it on after that.

How to control

MAINTENANCE

To ensure the longevity and optimal performance of your Rehoria Invisible Sleep Wireless Earphones, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the earphones and charging case with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in their charging case to protect them from dust and damage. Store in a cool, dry place away from extreme temperatures.
- **Charging:** Use only the provided USB Type-C cable or a certified equivalent for charging. Avoid overcharging or completely draining the battery frequently.
- **Water Exposure:** While IPX5 rated for water resistance, avoid submerging the earphones in water or exposing them to heavy rain. Dry them thoroughly if they get wet.

TROUBLESHOOTING

If you encounter any issues with your earphones, please refer to the following common solutions:

- **Earphones not pairing:**
 - a. Disconnect your phone from the wireless earphones.
 - b. Click one of the earphones three times in succession.
 - c. After a two-second interval, click it two times in succession to re-pair successfully.
 - d. Reconnect using your phone's Bluetooth settings.
- **No sound or low volume:** Ensure the earphones are properly connected to your device and the volume is turned up on both the earphones and your device. Check for any obstructions in the earphone speakers.
- **Charging issues:** Verify that the charging cable is securely connected to both the case and the power

source. Ensure the charging contacts on the earphones and inside the case are clean and free of debris.

- **Earphones falling out or discomfort:** Ensure the earphones are correctly positioned in your ears. The ergonomic design is intended for a secure fit, but individual ear shapes may vary.
