## MAINTENANCE

To ensure optimal performance and longevity of your remote control:

- **Battery Replacement:** Replace batteries when the remote's responsiveness decreases or it stops functioning. Always use new AAA batteries and ensure correct polarity.
- **Cleaning:** Wipe the remote with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.
- **Storage:** Store the remote in a dry place, away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

If you encounter issues with your remote control, refer to the following common solutions:

- **Remote Not Responding:**

- Ensure batteries are correctly inserted and not depleted. Replace with new AAA batteries if necessary.
- Re-pair the remote by following the "Setup and Pairing" instructions.
- Ensure there are no obstructions between the remote and the TV's sensor.

• **Pointer Function Not Working:**

- Ensure the remote is properly paired.
- Check your TV's settings for any "Audio Guidance" features. Some users have reported that disabling Audio Guidance can resolve pointer issues.
- Perform a remote reset by holding **HOME** and **SETTINGS** for 5 seconds, then re-pair.

• **Voice Control Not Working:**

- Ensure the remote is properly paired and the microphone button is being held down while speaking.
- Verify that your TV's software is up to date.
- Check TV settings for voice control activation or microphone permissions.

• **Buttons Require Double Press:**

- This can sometimes indicate low battery power. Replace batteries.
- If the issue persists after battery replacement and re-pairing, contact customer support.
