## 2. WHAT'S IN THE BOX

Upon unboxing your KXD A07, please verify that all the following items are included:

- KXD A07 Unlocked Android Phone
- Power Adapter
- USB Cable (Type-C)
- SIM Tray Ejector Tool
- Phone Case (Clear)
- Screen Protector (Pre-applied or separate)

### 3. SETUP GUIDE

#### 3.1. SIM Card and Memory Card Installation

The KXD A07 supports dual SIM cards and expandable memory up to 256GB via an independent TF/Micro SD card slot. Use the provided SIM tray ejector tool to open the tray located on the side of the phone.

1. Locate the small hole on the side of the phone's frame.
2. Insert the SIM tray ejector tool into the hole and gently push until the tray pops out.
3. Place your Nano-SIM cards (up to two) and/or Micro SD card into the designated slots on the tray. Ensure correct orientation as indicated on the tray.
4. Carefully push the tray back into the phone until it is flush with the frame.

### 3.2. Initial Power On and Setup

Press and hold the Power button (located on the right side of the phone) until the KXD logo appears. Follow the on-screen prompts to complete the initial setup, which includes selecting your language, connecting to Wi-Fi, and setting up your Google account. The phone runs on the Android 12 operating system, allowing for customization and privacy controls.

## 4. OPERATING YOUR KXD A07

### 4.1. Display and User Interface

The KXD A07 features a 6.52-inch HD+ display with a resolution of 720 x 1600 pixels and 520 nits brightness, ensuring clear visibility even in sunlight. The Android 12 system provides a user-friendly interface with customizable desktops, widgets, and smart floating windows.

## 4.5. Network Compatibility

The KXD A07 supports 4G networks and is compatible with most carriers such as T-Mobile, Speedtalk, and Mint Mobile. **Note:** It is not compatible with CDMA carriers such as AT&T, Cricket Wireless, Verizon, Sprint, Straight Talk, or U.S. Cellular.

Supported Network Bands:

- 4G FDD: B2/B4/B5/B7/B12/B28A/B
- 3G WCDMA: B2/B5
- 2G GSM: 850/900/1800 (B2/B3/B5)

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your KXD A07, follow these maintenance guidelines:

- **Software Updates:** Regularly check for and install system updates to enhance security and performance. Navigate to Settings > System > System update.

- **Charging:** Use the provided power adapter and USB cable for charging. Avoid using damaged cables or chargers.
- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid harsh chemicals.
- **Protection:** Utilize the included phone case and screen protector to guard against scratches and minor impacts.

## 6. TROUBLESHOOTING

If you encounter issues with your KXD A07, refer to the following common solutions:

- **Phone Freezing or Slow Performance:**
  - Close unused applications running in the background.
  - Clear cache for frequently used apps (Settings > Apps > [App Name] > Storage & cache > Clear cache).
  - Restart the phone.
  - Ensure sufficient storage space is available.
- **Software Update Issues:** Some users may experience prolonged waiting times for software updates to load or complete. If an update is pending for an extended period, ensure a stable internet connection and sufficient battery. If the issue persists, a factory reset might be considered as a last resort, but be aware this will erase all data. Back up important information before proceeding.
- **Network Connectivity Problems:**
  - Verify that your SIM card is correctly inserted (refer to Section 3.1).
  - Check if your carrier is supported by the KXD A07 (refer to Section 4.5).
  - Toggle Airplane Mode on and off.
  - Restart the phone.
