GOOJODOQ M06

GOOJODOQ M06 Bluetooth Keyboard and Mouse

USER MANUAL

Introduction

Thank you for choosing the GOOJODOQ M06 Bluetooth Keyboard and Mouse. This 3-in-1 device is designed to enhance your productivity across multiple platforms. This manual provides detailed instructions on how to set up, operate, and maintain your new device. Please read this manual carefully before use and keep it for future reference.

Package Contents

- 1 x Bluetooth Keyboard
- 1 x Bluetooth Mouse
- 1 x Charging Cable (USB Type-C)
- 1 x User Manual

Product Overview

The GOOJODOQ M06 is a versatile input solution featuring a 10-inch keyboard and a compact mouse, both utilizing Bluetooth connectivity. The keyboard supports simultaneous connection to up to three devices and is compatible with Android, iOS, and Windows operating systems. It features silent scissor-switch keys for a comfortable typing experience.

Setup: Bluetooth Connection

Follow these steps to connect your GOOJODOQ M06 Keyboard and Mouse via Bluetooth:

- 1. Power On:** Turn on the power switch located on the keyboard and mouse. The Bluetooth indicator light on the keyboard will illuminate.
- 2. Enter Pairing Mode:**
 - For the first device, press **FN + 1**. The Bluetooth light will blink, indicating it's ready for pairing.
 - For the second device, press **FN + 2**.
 - For the third device, press **FN + 3**.
- 3. Connect on Your Device:** On your device (e.g., tablet, smartphone, computer), go to Bluetooth settings and search for available devices. Select "Bluetooth Keyboard" from the list to connect.
- 4. Select Operating System:** After successful connection, press the corresponding key combination to select your device's operating system:
 - For Android devices, press **FN + Q**.
 - For Windows devices, press **FN + W**.
 - For iOS devices, press **FN + E**.

5. **Automatic Reconnection:** Once successfully paired, the keyboard will automatically reconnect to the last used device when powered on.

Operating Instructions

Switching Between Connected Devices

If you have paired the keyboard with multiple devices, you can easily switch between them by pressing the corresponding FN key combination:

- Press **FN + 1** to switch to the first paired device.
- Press **FN + 2** to switch to the second paired device.
- Press **FN + 3** to switch to the third paired device.

Ensure the target device's Bluetooth is enabled and within range for a successful switch.

General Use

The keyboard features a standard QWERTY layout. The mouse operates like a conventional Bluetooth mouse. Ensure both devices are charged for optimal performance.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the surface of the keyboard and mouse. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the device.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging:** Charge the devices using the provided USB Type-C cable. Avoid using damaged cables or chargers.
- **Avoid Liquids:** Do not expose the keyboard or mouse to water or other liquids.

Troubleshooting

- **Device Not Connecting:**
 - Ensure both the keyboard and mouse are powered on and fully charged.
 - Make sure Bluetooth is enabled on your host device.
 - Try re-entering pairing mode (FN + 1/2/3) and re-pairing with your device.
 - Ensure the correct operating system mode is selected (FN + Q/W/E).
 - Move the devices closer to each other to ensure they are within Bluetooth range.
- **Keys Not Responding:**
 - Check if the keyboard is connected to the correct device (FN + 1/2/3).
 - Recharge the keyboard.
 - Restart your host device.
- **Mouse Not Responding:**
 - Recharge the mouse.
 - Ensure the mouse is powered on.
 - Re-pair the mouse with your device if necessary.

Specifications
