Minthouz MT-L011G

Minthouz MT-L011G Portable Cordless Car Vacuum Cleaner

Model: MT-L011G | Brand: Minthouz

Introduction

The Minthouz MT-L011G Portable Cordless Car Vacuum Cleaner is designed for efficient and convenient cleaning in various environments, including cars, homes, offices, and keyboards. Featuring a powerful brushless motor, it delivers strong suction to effectively remove dirt, dust, and debris. Its lightweight and cordless design ensures ease of use and portability, making it an ideal tool for quick clean-ups.

This vacuum cleaner is equipped with a long-lasting rechargeable battery and a dual-filtration system for optimal performance and air quality. It also includes versatile attachments and an emergency LED light for added functionality.

What's in the Box

- 1 x Vacuum Cleaner
- 1 x Hairbrush Tool
- 1 x Inflatable Tube
- 1 x Long Suction Nozzle
- 1 x Type-C Cable
- 1 x Storage Bag
- 2 x HEPA Filters (one pre-installed, one spare)
- 1 x Quick Start Guide

Setup

Charging the Vacuum

Before first use, fully charge the vacuum cleaner. The device features a built-in 3*2500mAh rechargeable lithium-ion battery. A full charge takes approximately 3.5 to 4 hours.

- Connect the provided Type-C cable to the charging port located at the bottom of the vacuum.
- Connect the other end of the cable to a power source. It is recommended to use a charger with an output voltage of 5V/2A or more.
- The indicator light will be red while charging and turn blue when fully charged.
- **Note:** After vacuuming, allow the device to cool down for about 10 minutes before charging to ensure safety and battery longevity.

Attaching Nozzles

The Minthouz vacuum comes with several attachments to suit different cleaning needs. To attach a nozzle, simply align it with the suction opening and push firmly until it clicks into place. To remove, pull the nozzle away from the vacuum.

- **Brush Nozzle:** Ideal for car air conditioners and irregular surfaces.
- **Long Flat Nozzle:** Perfect for sofas, car corners, and narrow slots.
- **Inflatable Tube:** Attaches to the exhaust port for blowing concealed dust out of areas like air conditioners or keyboards.

Operating Instructions

Power Modes

The vacuum cleaner offers two suction power modes:

- **Low Setting (10kPa):** Provides approximately 35 minutes of continuous cleaning.
- **High Setting (17kPa):** Provides approximately 18 minutes of continuous cleaning for tougher messes.
- Press the power button once for the low setting, and press it again for the high setting. Press a third time to turn off the device.

Suction and Blower Function

This device functions as both a vacuum and a blower. For vacuuming, attach the desired nozzle to the front suction port. For blowing, attach the inflatable tube to the rear exhaust port. This allows you to dislodge dust from hard-to-reach areas before vacuuming.

Emergency LED Light

The vacuum cleaner is equipped with a 2-in-1 emergency LED light. Hold down the power button to activate the light. It can be used as a regular flashlight or as a red SOS/warning light in emergency situations, such as roadside breakdowns.

Maintenance

Emptying the Dust Cup

The 210 ml dust cup can be easily emptied with a one-button release mechanism.

- Locate the dust cup buckle/release button.
- Press the button to open the dust cup.
- Empty the collected debris into a waste bin.

Image: Step-by-step guide on how to empty the dust cup.

Cleaning the Filters

The vacuum cleaner features a dual-filtration system with a stainless steel filter and an enhanced HEPA filter. Both filters are washable and reusable.

- Twist to open the dust container.
- Pull out the filter system, which includes both the stainless steel and HEPA filters.
- Separate the filters and wash them under running water.
- Ensure the filters are completely dry before reassembling and placing them back into the vacuum cleaner.
- **Note:** The electric body of the vacuum cannot be cleaned with water; dry wiping is recommended.

Troubleshooting

If you encounter any issues with your Minthouz Portable Cordless Car Vacuum Cleaner, please refer to the following general troubleshooting tips:

- **No Power:** Ensure the device is fully charged. Check the charging cable and adapter for proper connection and functionality.
- **Weak Suction:** Check if the dust cup is full and needs emptying. Inspect the filters for clogging and clean them if necessary. Ensure all attachments are securely fitted.
- **Unusual Noise:** Turn off the device immediately. Check for any obstructions in the suction nozzle or dust cup.
- **Short Battery Life:** Ensure the device is charged using a 5V/2A or higher output charger. Avoid continuous use on the high setting for extended periods.

Specifications

Feature	Detail

Brand	Minthouz
Model Name	MT-L011G Handheld Vacuum
Special Feature	Cordless, HEPA, Lightweight, Portable, Washable Filter
Filter Type	HEPA Filter
Is Cordless?	Yes
Capacity	210 Milliliters
Wattage	120 watts
Charging Time	4 Hours
Form Factor	Handheld
Product Dimensions	2.2"L x 2.2"W x 11.92"H
Battery Description	Lithium-Ion
Noise Level	75 Decibels
Battery Life	30 minutes
Item Weight	1.12 pounds
Surface Recommendation	Stairs, indoor, floor, desktop, leather sofa, car, keyboard, shelf
Power Source	Battery Powered
