VONLUCE 31769742-66a8-4426-ae53-39d4b4cbf18c

VONLUCE 52-inch Ceiling Fan with Light Instruction Manual

Model: 31769742-66a8-4426-ae53-39d4b4cbf18c

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your VONLUCE 52-inch Ceiling Fan with Light. This modern ceiling fan features a quiet, reversible DC motor, integrated LED lighting with adjustable color temperature and brightness, and a remote control for convenient operation. It is designed for both indoor and covered outdoor spaces.

MULTIFUNCTIONAL DESIGNS

2. SAFETY INSTRUCTIONS

- Read all instructions carefully before installation and use.
- Ensure power is disconnected at the circuit breaker before installation or maintenance.
- Installation must be performed by a qualified electrician or in accordance with local electrical codes.
- Mount the fan to a ceiling joist or a securely anchored outlet box capable of supporting the fan's weight.
- Do not bend the blade holders during installation or cleaning.
- Keep hands, tools, and other objects away from the fan blades when in operation.
- This fan is suitable for indoor and covered outdoor use. Do not expose to direct water spray.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation. Refer to the installation video for a visual guide to the included parts.

Video: "How to install the ceiling fan 1316" - This video demonstrates the unboxing and assembly of the ceiling fan components.

- Fan Motor Assembly
- Fan Blades (3)
- LED Light Kit
- Downrods (5-inch and 10-inch options)
- Mounting Bracket
- Canopy
- Remote Control with Receiver
- Hardware Pack (screws, wire nuts, safety cable)
- Instruction Manual

4. SETUP AND INSTALLATION

Follow these steps for proper installation. For a visual guide, refer to the "How to install the ceiling fan 1316" video in the Package Contents section.

1. **Install the Fan Blades:** Attach the three fan blades to the motor assembly using the provided screws. Ensure they are securely fastened.
2. **Install the LED Light:** Secure the LED light module to the bottom of the fan motor assembly. Connect the wiring as instructed.
3. **Prepare the Downrod:** Remove the clip, locking pin, and other accessories from the chosen downrod (5-inch or 10-inch).
4. **Install the Downrod:** Insert the downrod through the canopy and grommet, then secure it to the fan motor assembly with the locking pin and screws.
5. **Mount the Fan Assembly:** Secure the mounting bracket to the ceiling outlet box. Carefully lift the fan assembly and hang it on the mounting bracket.
6. **Secure Safety Cable:** Attach the safety cable from the fan to a secure point on the mounting bracket or ceiling structure.
7. **Connect Wiring:** Connect the fan's electrical wires to the household wiring according to the wiring diagram. Ensure all connections are secure with wire nuts. Place the remote receiver on the bracket.
8. **Secure the Canopy:** Slide the canopy up to the ceiling and secure it to the mounting bracket with screws.
9. **Install the Light Shade:** Attach the light shade to the LED light kit.

5. OPERATING INSTRUCTIONS

Your VONLUCE ceiling fan is operated via the included remote control. Ensure the remote has working batteries.

5.1 Remote Control Functions

Image: Layout of the remote control with labels for each function: Power On/Off, Reverse Fan Direction, Brightness Adjustment, Color Temperature Adjustment, 1/4/8H Timer, Nature Mode (hold for 5 sec. to mute), 6 Level Fan Speeds, and Light On/Off.

- **Power On/Off:** Turns the fan and light on or off.
- **Fan Speed (1-6):** Adjusts the fan speed from gentle breeze (1) to strong wind (6).
- **Reverse Fan Direction:** Changes the direction of blade rotation for summer (downward airflow) or winter (upward airflow).
- **Light On/Off:** Controls the light independently of the fan.
- **Brightness Adjustment:** Stepless adjustment of light brightness from 1% to 100%.
- **Color Temperature Adjustment:** Stepless adjustment of light color temperature from 3000K (warm) to 6500K (cool).
- **Timer (1H/4H/8H):** Sets the fan to turn off automatically after 1, 4, or 8 hours.
- **Nature Mode:** (Hold for 5 seconds to mute the fan) Activates a natural breeze simulation.
- **Memory Function:** The fan remembers the last light and wind speed settings if powered off for more than 10 seconds.

5.2 Fan Speed Settings

5.3 Light Settings

Image: Demonstrates the adjustable color temperature of the LED light, ranging from warm white (3000K) to cool white (6500K), with stepless brightness control.

5.4 Reversible DC Motor

The reversible DC motor allows for year-round comfort. In summer, the fan rotates counter-clockwise to create a downward airflow, providing a cooling effect. In winter, it rotates clockwise to create an upward airflow, circulating warm air trapped near the ceiling.

Image: Visual explanation of the reversible motor's function for summer cooling (downward airflow) and winter warmth circulation (upward airflow).

5.5 Quiet Operation

The fan operates at less than 35 dB, ensuring a quiet environment suitable for bedrooms or other quiet spaces.

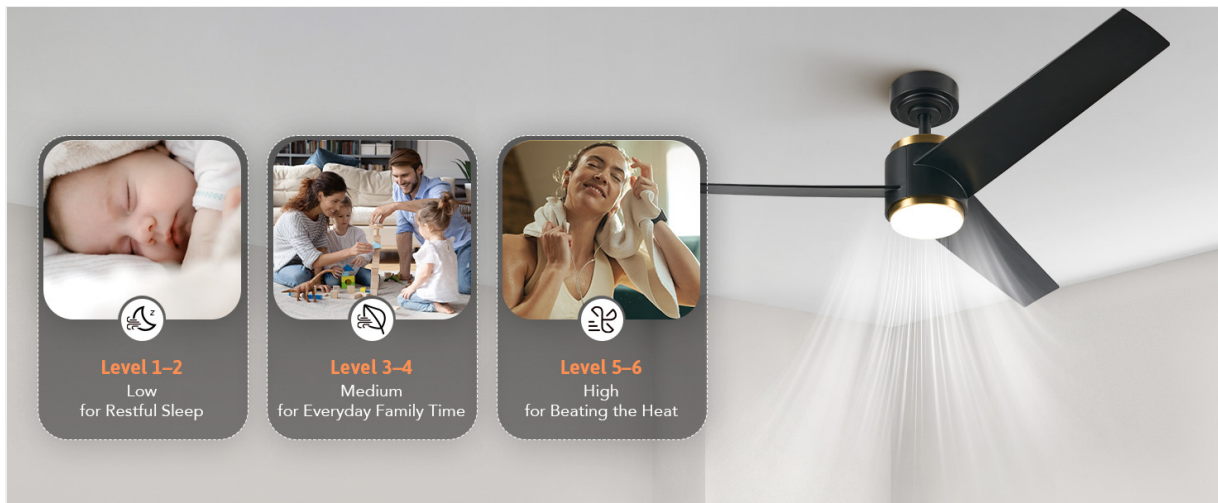

Image: A graph demonstrating the low noise level of the VONLUCE fan (below 35 dB) compared to other common sounds, emphasizing its quiet operation for undisturbed sleep.

Video: "VONLUCE ceiling fan's product showcase-1316" - This video highlights the fan's quiet operation, adjustable speeds, dimmable light, reversible motor, and timer functions.

6. MAINTENANCE

- **Cleaning:** Regularly clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Balance:** If the fan wobbles, check that all blade screws are tight and that the blades are not bent or damaged.
- **Light Source:** The LED light source is integrated and not user-replaceable. Contact customer support if the light fails.
- **Annual Check:** Periodically check all connections and mounting hardware for tightness.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wire connections; Remote control battery dead.	Check circuit breaker; Verify all wire connections are secure; Replace remote control battery.
Fan wobbles excessively	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Use a balancing kit (not included) if necessary; Ensure mounting bracket is securely fastened.
Light does not work	Loose wire connection to light kit; LED module failure.	Check light kit wiring; Contact customer support for LED module replacement if necessary.
Remote control not working	Dead battery; Remote not paired with receiver.	Replace remote battery; Refer to remote pairing instructions (usually involves pressing a button within a few seconds of turning on power).

8. SPECIFICATIONS

- **Brand:** VONLUCE
- **Model Number:** 31769742-66a8-4426-ae53-39d4b4cbf18c
- **Blade Material:** Engineered Wood

- **Number of Blades:** 3
- **Fan Size:** 52 inches
- **Motor Type:** DC Motor
- **Number of Speeds:** 6
- **Air Flow Capacity:** 6895 Cubic Feet Per Minute (CFM)
- **Noise Level:** Less than 35 dB
- **Light Type:** Integrated LED
- **LED Wattage:** 22 watts
- **Color Temperature:** 3000K-6500K (Stepless)
- **Brightness:** 1%-100% (Stepless)
- **Control Method:** Remote Control
- **Timer:** 1H/4H/8H
- **Mounting Type:** Downrod Mount (5"/10" included)
- **Indoor/Outdoor Usage:** Indoor, Covered Outdoor
- **Product Dimensions:** 27"D x 18"W x 8"H
- **Material:** Acrylonitrile Butadiene Styrene (ABS), Metal, Acrylic

9. WARRANTY AND SUPPORT

For warranty information or technical support, please contact VONLUCE customer service. Keep your purchase receipt for warranty claims. Detailed contact information can typically be found on the product packaging or the official VONLUCE website.
