4. SETUP

4.1 Charging the Stylus Pen

1. Locate the USB-C charging port on the stylus pen, typically covered by a dust plug.
2. Gently open the dust plug.
3. Connect the provided USB-C cable to the charging port on the pen and to a compatible USB power source (e.g., computer, power bank, wall adapter).
4. The LED indicators will illuminate to show the charging status.
5. A full charge takes approximately 1 hour and provides up to 10 hours of continuous use.

Fast Charging & Long Time Use

4.2 Powering On/Off

- To power on: Gently tap the top of the stylus pen once. A blue LED light will indicate it is on.

- To power off: Double-tap the top of the stylus pen. The blue LED light will turn off.
- Automatic Sleep Mode: The pen will automatically enter sleep mode after 5 minutes of inactivity to conserve battery life.

Simple Operation

5. OPERATING INSTRUCTIONS

5.1 Palm Rejection

The Ulogic Stylus Pen features palm rejection technology, allowing you to rest your hand comfortably on the

iPad screen while writing or drawing without causing unintended marks or interactions. No special gloves are required.

Palm Rejection, No Gloves Required

Place your hand naturally on the screen for a comfortable user experience

No Gloves Required

Image: A hand resting on an iPad screen while using the stylus, demonstrating palm rejection functionality.

5.2 Tilt Sensitivity

The stylus supports tilt sensitivity, enabling you to vary line thickness and shading by changing the angle at which you hold the pen against the screen. This feature provides a more natural and expressive drawing and writing experience.

Replaceable Fine Tip & Tile Sensitivity

Image: Illustration showing how different tilt angles of the stylus produce varying line thicknesses on the iPad screen.

5.3 Magnetic Attachment

The Ulogic Stylus Pen features a built-in magnet that allows it to securely attach to the side of compatible iPad models. This provides convenient storage and portability, reducing the risk of misplacing the pen.

Magnetic Adsorption

Stronger magnetic attachment than the original Apple Pencil, securely fastening to your iPad

Image: The stylus pen magnetically adhering to the side of an iPad, indicating secure storage.

6. MAINTENANCE

6.1 Replacing the Pen Tip

The stylus pen comes with replaceable POM tips. To replace a tip:

1. Gently twist the existing tip counter-clockwise to remove it.
2. Select a new tip and twist it clockwise until it is securely fastened. Do not overtighten.

6.2 Battery Care

To prolong battery life:

- Avoid fully discharging the battery frequently.
- Store the pen in a cool, dry place when not in use.
- Charge the pen regularly, even if not used for extended periods.

7. TROUBLESHOOTING

7.1 Pen Not Responding

- Ensure the pen is powered on (blue LED light should be visible).
- Check battery level and charge if necessary.
- Ensure your iPad is compatible with the stylus (refer to Section 3).
- Verify that the pen tip is securely attached.
- Restart your iPad and try again.

7.2 Inaccurate or Skipping Lines

- Ensure the pen tip is clean and free from debris.
- Replace the pen tip if it appears worn or damaged.
- Ensure your iPad screen is clean.
- Check for any screen protectors that might interfere with pen performance.

7.3 Magnetic Attachment Issues

- Ensure your iPad model supports magnetic attachment for styluses.
- Clean the magnetic strip on both the pen and the iPad to ensure a strong connection.

8. SPECIFICATIONS

Feature	Detail
Model Number	AX10-T
