EDJO C231S

EDJO Wireless Keyboard and Mouse Combo User Manual

Model: C231S

PRODUCT OVERVIEW

The EDJO Wireless Keyboard and Mouse Combo offers a seamless and comfortable computing experience. The ergonomic keyboard features a generous wrist rest and adjustable tilt legs to reduce strain, while the full-sized layout with 109 keys, including shortcuts and a number pad, streamlines data entry. The silent, soft-elastic keystrokes ensure a quiet working environment. The wireless mouse provides total comfort with its contoured grips, silent click design, and 3 adjustable DPI settings (800/1200/1600) for precise navigation. Both devices are rechargeable via Type-C and connect wirelessly via a single 2.4GHz USB receiver, offering lag-free operation up to 33 feet.

SETUP GUIDE

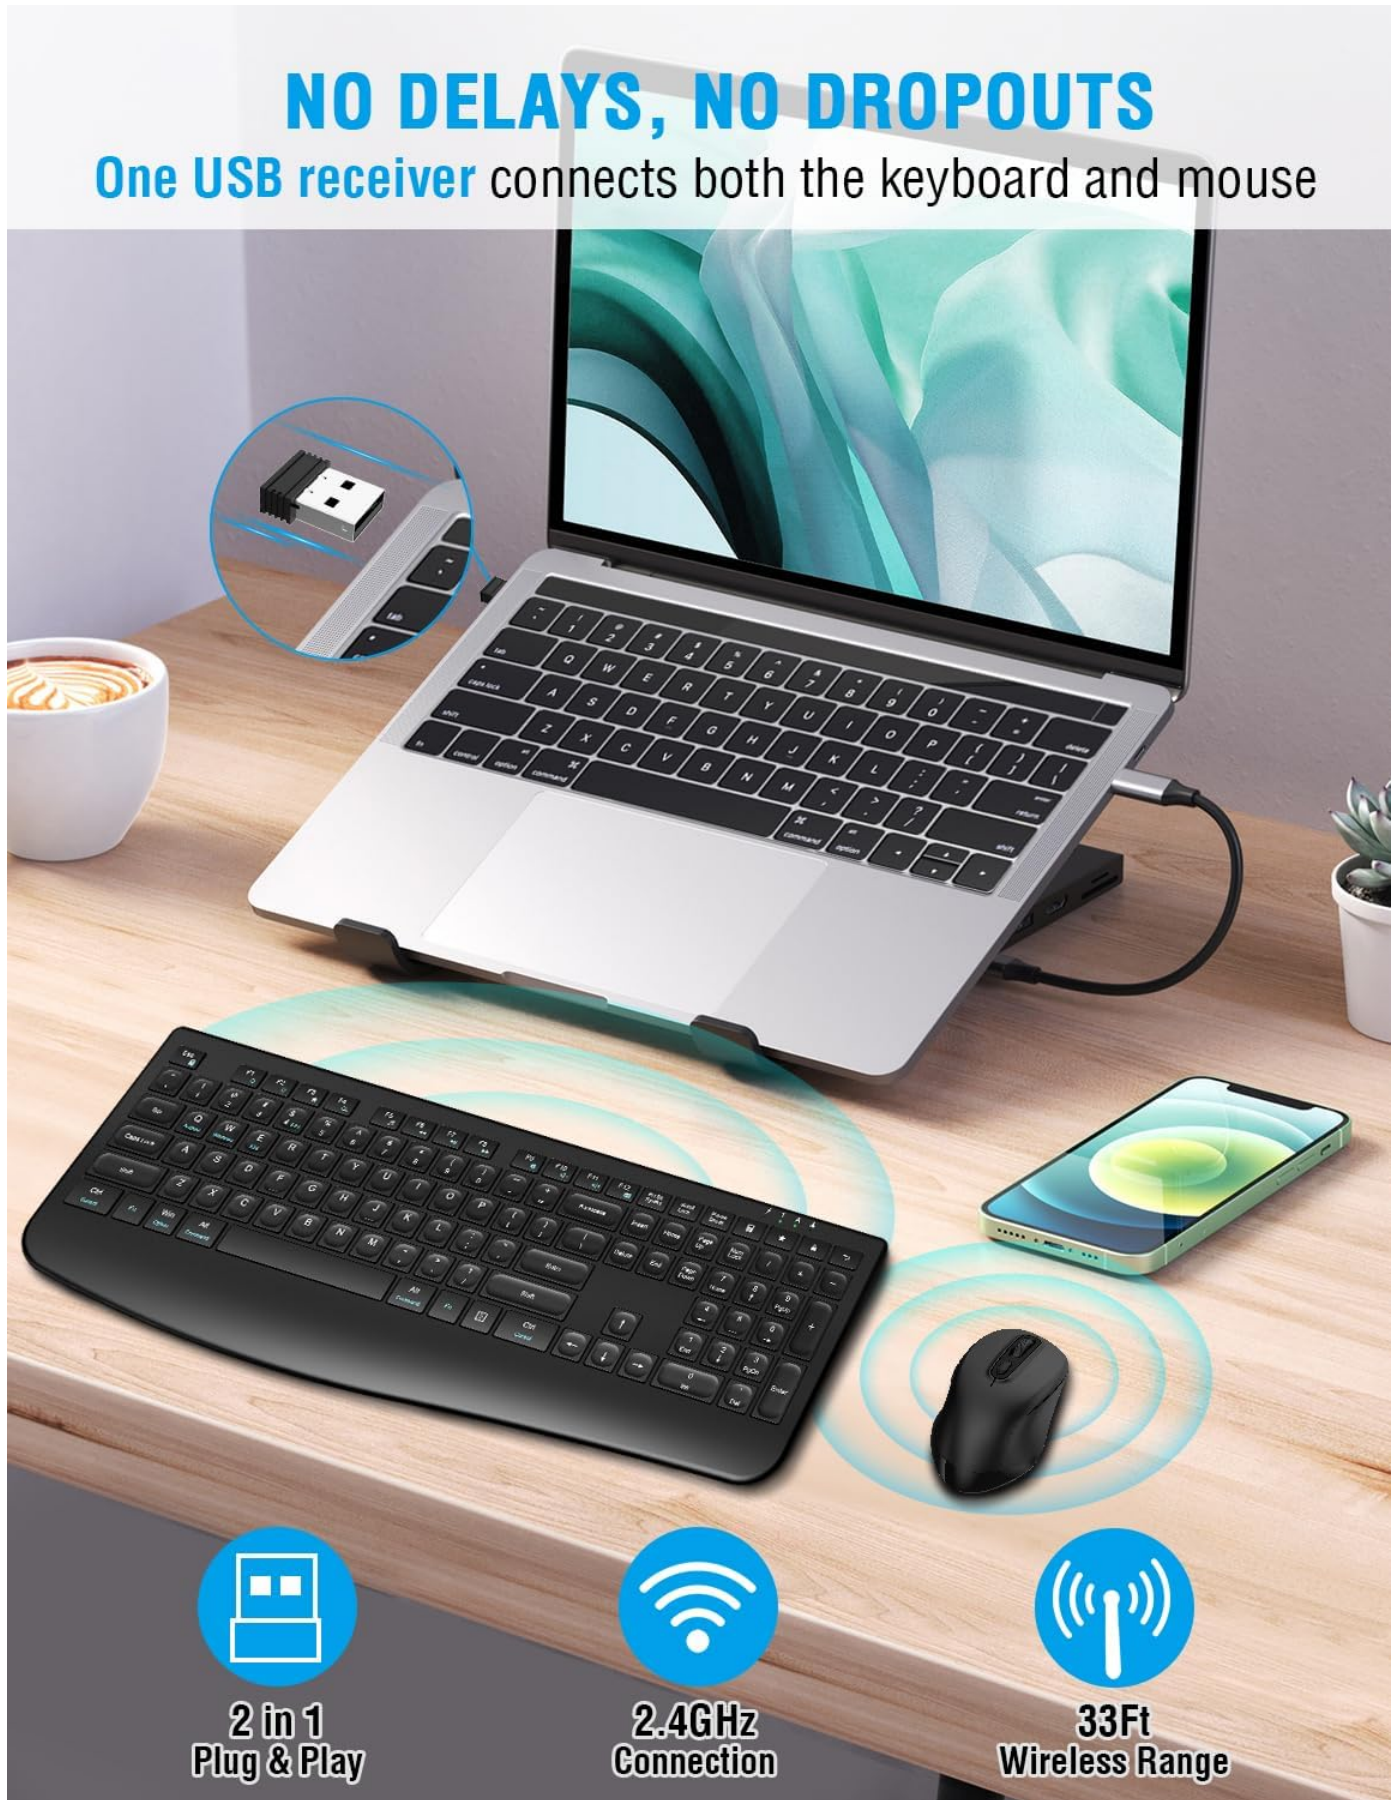

1. Connecting the USB Receiver

Locate the USB receiver stored on the back of the mouse. Gently pull it out. Insert the USB receiver into an available USB

port on your computer (desktop or laptop). The keyboard and mouse are designed to share this single receiver for convenience.

NO DELAYS, NO DROPOUTS

2. Powering On

For the mouse, locate the ON/OFF switch on its underside and slide it to the "ON" position. For the keyboard, locate the

ON/OFF switch on its back and slide it to the "ON" position. Both devices should automatically connect to your computer via the USB receiver.

3. Initial Charging

Both the keyboard and mouse are equipped with rechargeable lithium batteries. Use the included Type-C charging cable

to charge them. The keyboard has a 350mAh battery, and the mouse has a 300mAh battery. A full charge provides up to 20 days of usage. It is recommended to fully charge both devices before first use.

OPERATING INSTRUCTIONS

Keyboard Features

The full-sized keyboard features 109 keys, including 12 convenient shortcuts and a dedicated number pad, streamlining data entry and navigation. It is designed with a generous wrist rest for ergonomic comfort, reducing strain and fatigue during prolonged use. Adjustable 7° tilt legs on the underside allow for a more relaxed typing position. The keyboard features silent and soft-elastic feel keystrokes, reducing typing noise by more than 95% for a quiet working environment.

Mouse Features

The wireless mouse provides total comfort with a contoured grip and premium matte finish. It features a 6-button design with 3 adjustable DPI settings (800/1200/1600) to help you navigate the web faster and easier. The DPI can be adjusted via a dedicated button on the mouse. The mouse also has a silent click design, ensuring quiet operation that won't disturb others.

MAINTENANCE

Smart Energy Saving

To maximize battery life, the keyboard and mouse feature a smart energy-saving mode and independent ON/OFF

switches. If left idle for 3 minutes, the devices will automatically enter a sleep mode. To wake them up, simply press any key on the keyboard or move/click any button on the mouse.

TROUBLESHOOTING

Connectivity Issues

- If experiencing lag or connectivity issues, ensure the USB receiver is securely plugged into your device's USB port.
- Check the battery levels of both the keyboard and mouse. Recharge them using the provided Type-C cable if the battery is low.
- Ensure the ON/OFF switches on both the keyboard (on the back) and the mouse (on the underside) are in the "ON" position.
- Try plugging the USB receiver into a different USB port on your computer.
