## Bedsure Bedsure cooling comforter

# Bedsure Cooling Comforter Queen Size Instruction Manual

Model: Bedsure cooling comforter | Brand: Bedsure

## 1. PRODUCT OVERVIEW

---

The Bedsure Cooling Comforter is designed to provide a balanced and refreshing sleep experience, especially for hot sleepers. Crafted with a dual-sided cooling fabric, it offers an instant cooler sensation and is highly breathable and absorbent. Its soft, skin-friendly texture and lightweight design contribute to a comfortable night's rest.

## 2. UNBOXING AND INITIAL SETUP

---

Upon receiving your Bedsure Cooling Comforter, carefully open the packaging. The comforter is vacuum-sealed for compact shipping and will expand once opened. Allow some time for it to fully fluff up to its intended size and thickness.

# Syncs with your sleep rhythms

Refreshing coolness, easing you into a peaceful night's sleep

## 3. KEY FEATURES

- **Balanced Coolness:** Features a high Q-Max rating of 0.4+, providing an instant 4°F cooler sensation. It is up to 10 times more breathable and absorbent than cotton, effectively pulling away body heat and moisture.
- **Soft & Skin-Friendly:** Woven from ultra-fine fibers, offering a silky-smooth, cloud-soft feel. It is OEKO-TEX STANDARD 100 certified, ensuring safety for sensitive skin.
- **Extra Breathable Fill:** Blended with 5% rayon derived from bamboo, the fill enhances airflow, moisture-wicking, and temperature regulation.
- **Thoughtful Details:** Designed for optimal cooling when used alone, it also includes four corner rings for easy attachment to a duvet cover if desired.

Stay cool and dry  
for peaceful sleep.

## 4. USAGE AND OPERATING GUIDELINES

This comforter is versatile for all seasons. For warm seasons or for hot sleepers, it can be used alone to maximize its cooling properties. In cooler seasons, it can be paired with a duvet cover for added warmth without sacrificing comfort. The four corner rings help secure it within a duvet cover.

For the coolest experience, it is recommended to set your air conditioner to an energy-efficient temperature of 78°F or lower. No extra covers are needed when using the comforter in this manner.

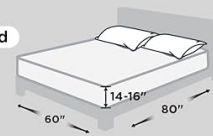

Image: Hands demonstrating how to use the four corner rings to attach the comforter to a duvet cover, offering versatility for different seasons.

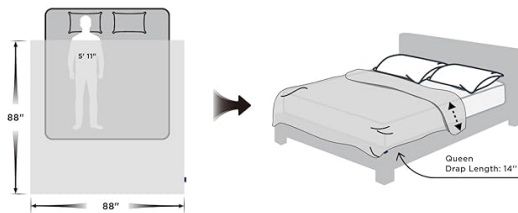

## SIZE GUIDE

\*Choose the comforter based on mattress height.  
 \*For a better drape, consider choosing a larger size.

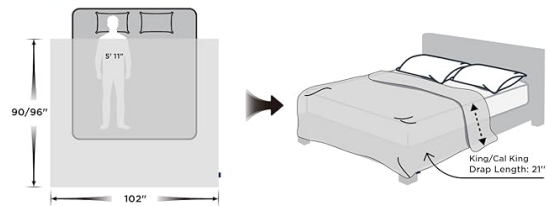

Queen Size Bed

To cover the mattress:  
**Queen**

For floor-length draping:  
**King/Cal King**

\*The bottom-right corner of the quilt features a brand label—use this as a guide to ensure the quilt is positioned correctly. FYI

## 5. CARE & MAINTENANCE

To maintain the effectiveness and longevity of your Bedsure Cooling Comforter, follow these care instructions:

1. Machine wash in a gentle cycle with cold water (below 86°F).
2. Tumble dry on low heat (below 140°F).
3. Ensure detergent is fully dissolved before starting the laundry cycle to prevent fading or staining. Avoid bleach.
4. Wash the comforter separately to prevent color bleeding.

Durable stitching keeps the fill in place, preventing shifting or clumping, even after washing.

## LAUNDRY TIPS

Your new comforter is machine washable. To maintain its effectiveness and longevity, follow these care instructions:

### 1.

Machine wash in a **gentle cycle** with cold water (<86°F). Tumble dry on **low heat** (<140°F).

**Cold Water**  
<86°F

&

**Low Heat**  
<140°F

### 2.

Ensure detergent is **fully dissolved** before starting the laundry cycle to prevent fading or staining. **Avoid bleach.**

### 3.

Wash the comforter **separately** to prevent color bleeding.

## 7. TROUBLESHOOTING

If you experience any issues with your Bedsure Cooling Comforter, please consider the following:

- **Reduced Cooling Effect:** Ensure the comforter is used directly against the skin for maximum cooling. If using a duvet cover, ensure it is lightweight and breathable. Verify your room temperature is set appropriately for cooling.
- **Clumping of Fill:** Follow the recommended washing and drying instructions carefully. Tumble drying with dryer balls can help maintain fill distribution.

For further assistance, please refer to the support information below.

## 8. WARRANTY AND SUPPORT

The Bedsure Cooling Comforter is manufactured by Bedsure. For any product-related inquiries, support, or warranty claims, please contact Bedsure customer service directly. The product is eligible for a 30-day refund/replacement return policy through the retailer.
