Hemudu HT2002B

Universal Floor TV Stand with Mount Instruction Manual

Brand: **Hemudu** | Model: **HT2002B**

PRODUCT OVERVIEW

The Hemudu HT2002B Universal Floor TV Stand with Mount is designed to provide a stable and versatile solution for mounting your television. This stand features an 80-degree swivel capability, allowing for optimal viewing angles, and offers height adjustment to suit various preferences and room layouts. It includes two shelves for organizing media devices and accessories, making it ideal for living rooms, bedrooms, or corner setups. The robust construction ensures stability for TVs ranging from 27 to 65 inches.

SETUP AND ASSEMBLY

This section provides step-by-step instructions for assembling your Hemudu HT2002B TV stand. Please ensure all parts are present before beginning assembly. A detailed parts list and numbered components are included in the packaging to facilitate a smooth installation process, typically completed within 15 minutes.

Before You Begin:

- Unpack all components and verify against the included parts list.
- Ensure you have adequate space for assembly.
- Keep small parts away from children.
- Refer to the detailed installation manual provided in the box for specific part numbers and diagrams.

Assembly Steps:

1. **Assemble the Base:** Attach the main support pillar to the 10mm solid tempered glass base. Ensure all screws are securely tightened to provide a stable foundation.

Figure 2: Illustrates the robust 10mm thick tempered glass base, ensuring stability for the TV stand.

2. **Install the TV Mount Bracket:** Secure the TV mount bracket to the main support pillar at your desired initial height. The mount is designed to accommodate VESA patterns from 100x100mm up to 400x400mm.
3. **Attach the Shelves:** Position and secure the two shelves to the main support pillar. These shelves are adjustable and can

hold up to 22 lbs each, suitable for media players, gaming consoles, or other accessories.

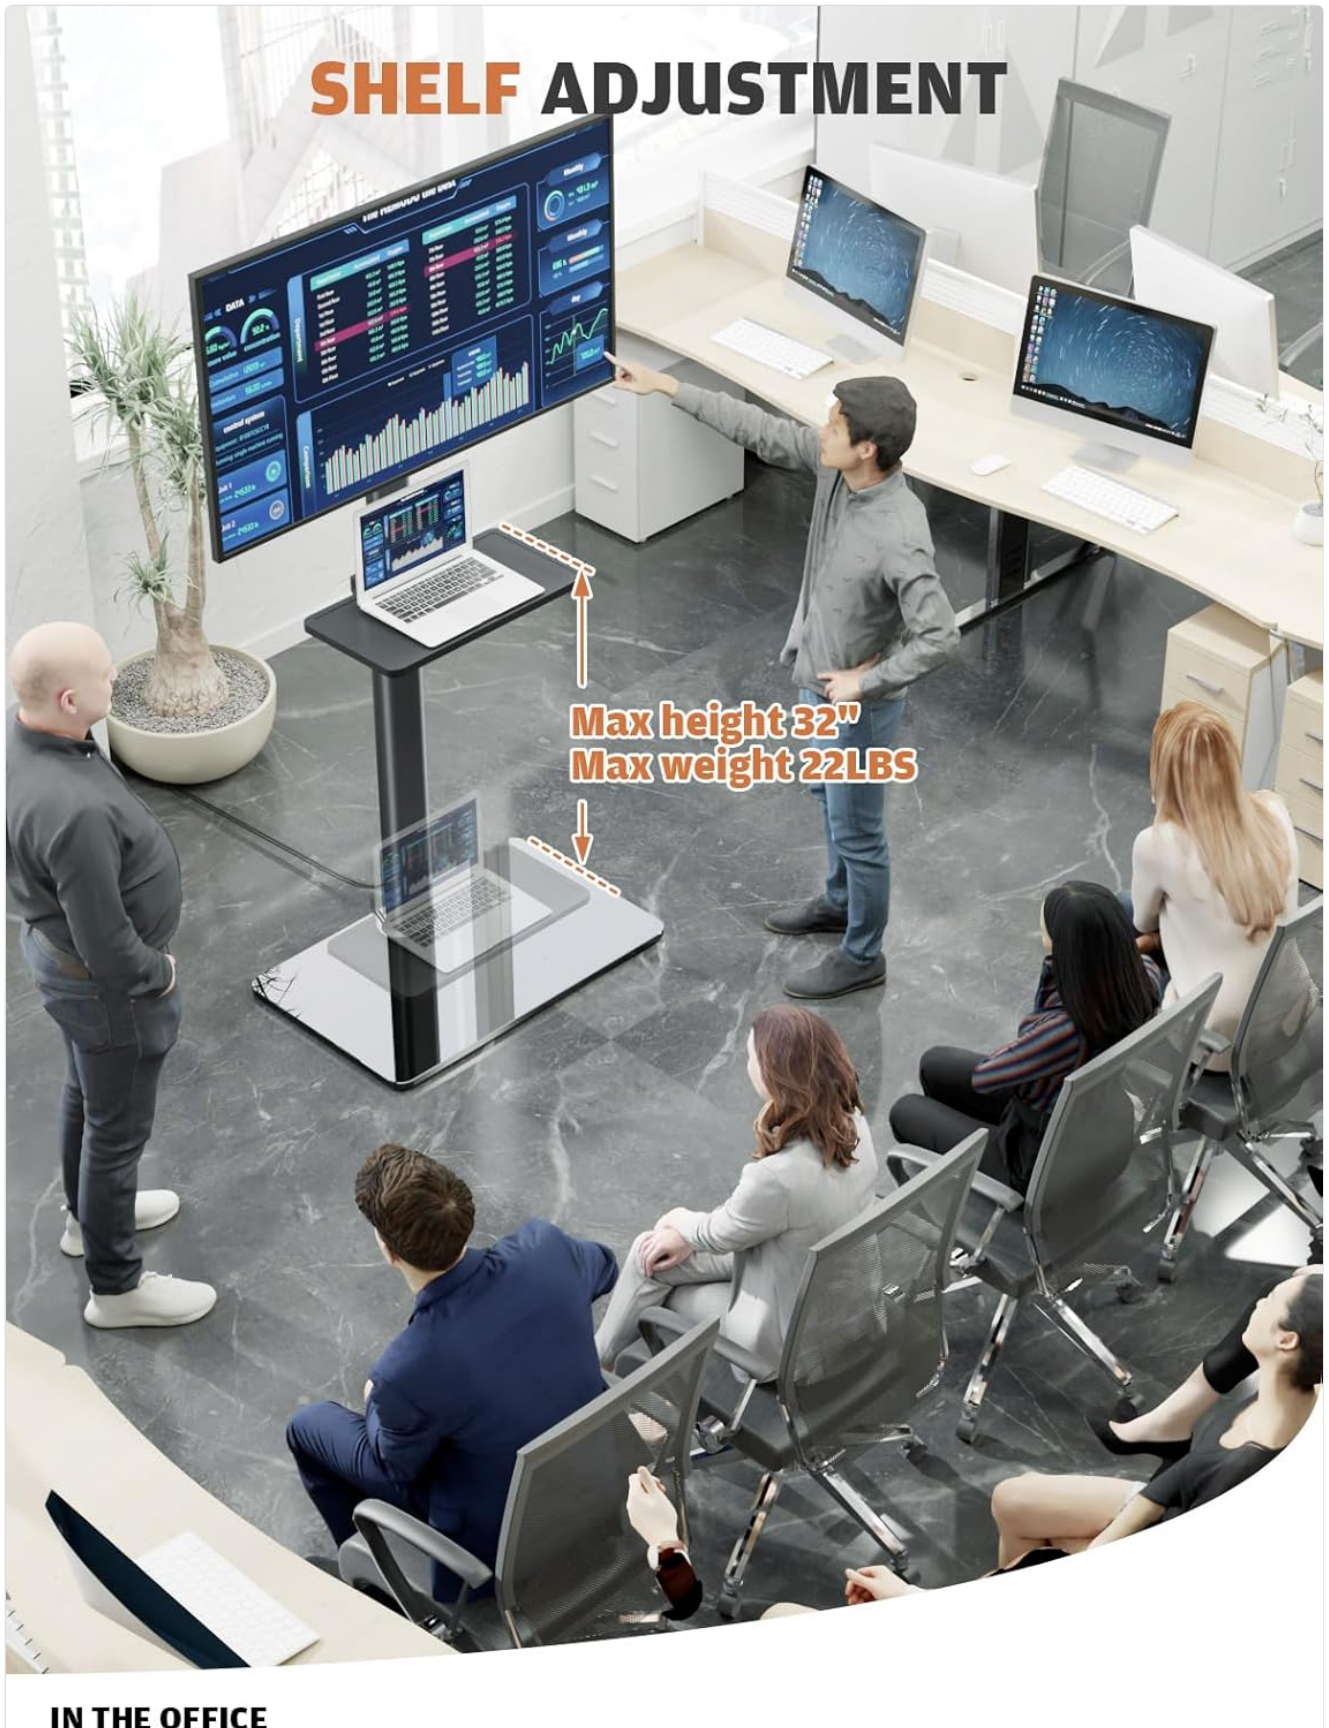

Figure 3: Demonstrates the adjustable shelf, providing flexible storage for devices.

- 4. Mount Your TV:** Carefully attach your TV to the installed mount bracket using the appropriate screws and spacers. Ensure the TV is centered and securely fastened. The stand supports TVs up to 88 lbs.
- 5. Cable Management:** Utilize the integrated wire clips along the support pillar to organize and conceal messy cables, contributing to a tidy appearance.

OPERATING INSTRUCTIONS

The Hemudu HT2002B TV stand offers several features to enhance your viewing experience.

Swivel Functionality:

The TV mount allows for a swivel range of ± 40 degrees. Gently push the sides of your TV to adjust the viewing angle to your preference. This feature is ideal for adapting to different seating positions or reducing glare.

Figure 5: Demonstrates the ± 40 degree swivel function, allowing for flexible viewing angles.

Height Adjustment:

The TV mount offers **4 levels of height adjustment**. To change the TV height, loosen the securing bolts on the main support pillar, slide the mount to the desired level, and re-tighten the bolts firmly. This allows you to optimize the TV's position for comfortable viewing.

Figure 6: Shows the four distinct height levels for adjusting the TV's position on the stand.

Shelf Adjustment:

The two integrated shelves can be adjusted vertically along the main support pillar to accommodate various media devices. Ensure devices placed on the shelves do not exceed the maximum weight capacity of 22 lbs per shelf.

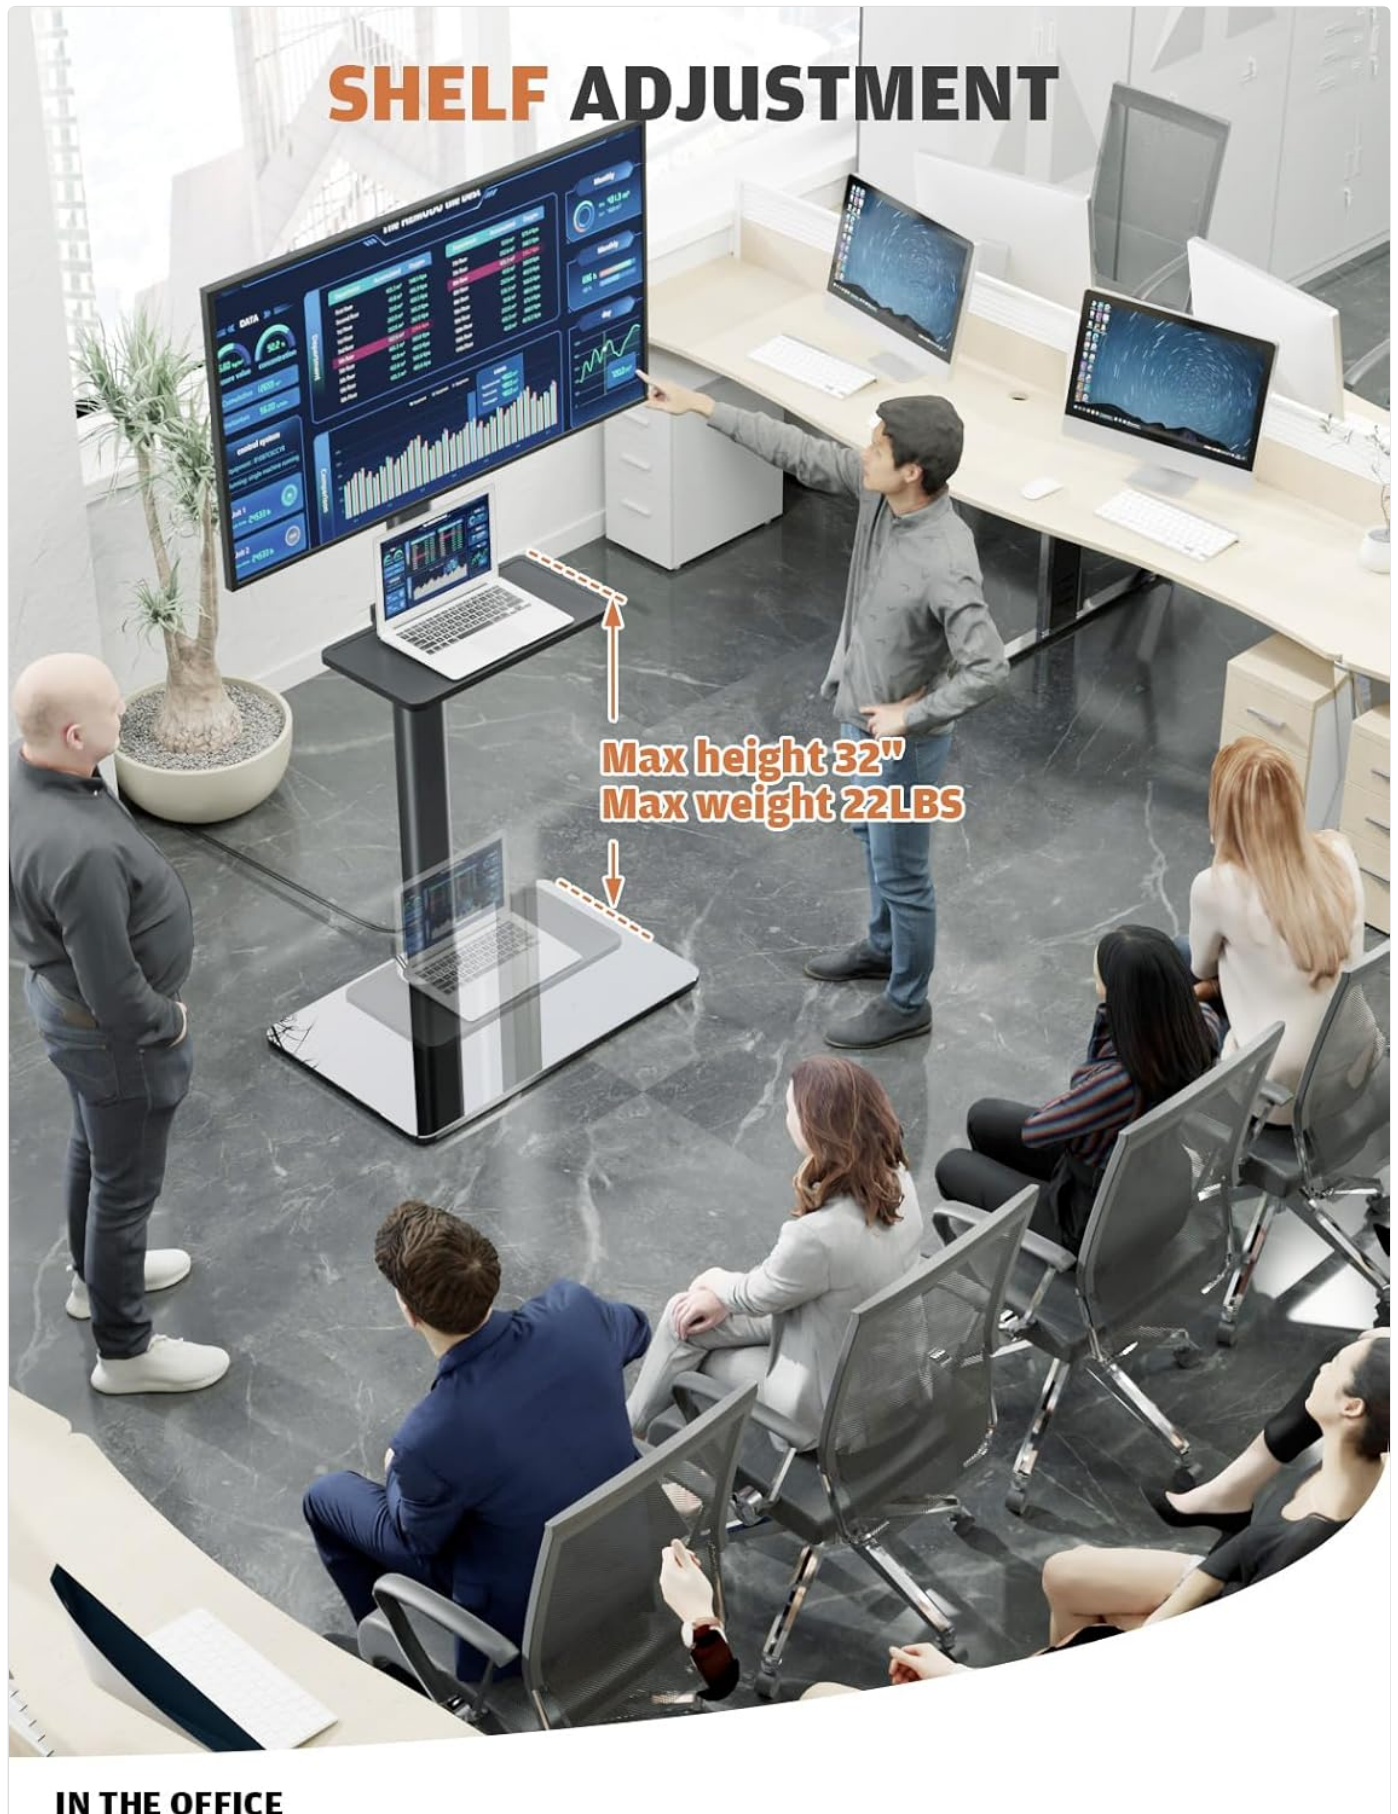

Figure 7: Illustrates the adjustable shelf, providing flexible storage for devices.

MAINTENANCE

Regular maintenance will help prolong the life and ensure the safe operation of your Hemudu TV stand.

- **Cleaning:** Use a soft, dry cloth to wipe down the metal and glass surfaces. For stubborn marks on the tempered glass, a mild glass cleaner can be used, applied to the cloth first, not directly to the glass. Avoid abrasive cleaners or solvents.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary.
- **Weight Limits:** Do not exceed the maximum weight capacity for the TV (88 lbs) or the shelves (22 lbs each). Overloading can compromise stability and safety.

TROUBLESHOOTING

If you encounter any issues with your TV stand, refer to the common problems and solutions below.

Problem	Possible Cause	Solution
TV stand feels unstable or wobbly.	Loose screws or uneven floor surface.	Ensure all assembly screws are securely tightened. Move the stand to a flat, level surface. Check the anti-slip gaskets on the base.
Difficulty swiveling the TV.	Mounting screws too tight or obstruction.	Check that the swivel mechanism is not obstructed. Ensure the TV is not pressing against a wall or furniture.
TV not level after mounting.	Mounting bracket not aligned correctly.	Adjust the leveling screws on the TV mount bracket. Ensure the TV is centered on the mount.
Missing parts during assembly.	Packaging error.	Contact Hemudu customer support with your purchase details and the specific missing parts.
