Fszdorj 2-F115

Fszdorj 20" Ceiling Fan with Light User Manual

Model: F115 Black (2-F115)

Brand: Fszdorj

1. INTRODUCTION

Thank you for choosing the Fszdorj 20" Ceiling Fan with Light. This low-profile, flush-mount ceiling fan is designed to provide optimal air circulation and versatile lighting for your bedroom, living room, or other indoor spaces. It features a quiet DC motor, 6 adjustable speeds, dimmable LED lighting with color temperature control, and a unique independent night light function. Control is convenient via both a remote and a dedicated mobile application. Please read this manual thoroughly before installation and operation to ensure safe and efficient use.

2. SETUP AND INSTALLATION

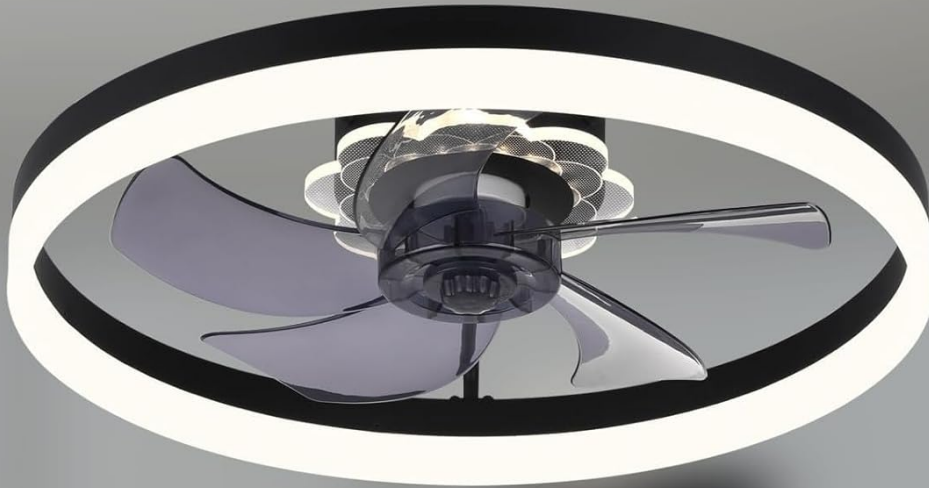

The Fszdorj ceiling fan is designed for easy flush mount installation. It is recommended to have a qualified electrician perform the installation if you are not familiar with electrical wiring. Ensure power is disconnected at the circuit breaker before beginning installation.

2.1 Package Contents

Verify that all components are present before starting the installation:

- Ceiling Fan with Light Unit
- Mounting Hardware (screws, wire nuts, etc.)
- Remote Control
- User Manual (this document)

2.2 Installation Steps

1. **Safety First:** Turn off power at the main circuit breaker.
2. **Mounting Bracket:** Secure the mounting bracket to the ceiling junction box.
3. **Wiring:** Connect the fan's electrical wires to the household wiring according to local electrical codes.
4. **Attach Fan Unit:** Carefully lift and attach the fan unit to the mounting bracket.
5. **Secure Fan:** Secure the fan unit with the provided screws.
6. **Restore Power:** Turn on power at the main circuit breaker.

For detailed visual instructions, please refer to the diagrams provided in the included user manual or consult a professional electrician.

3. OPERATING INSTRUCTIONS

Your Fszdorj ceiling fan offers multiple control options and features for personalized comfort and ambiance.

3.1 Remote and App Control

The fan and light can be controlled independently via the included remote control or the dedicated mobile application (Bluetooth connection required). All functions, including light color, brightness, fan speed, and timer settings, are easily managed.

Figure 3: Remote control and mobile application for convenient operation of the fan and light functions.

3.2 Lighting Features

- **Stepless Dimming & Color Temperature:** The main LED light can be smoothly adjusted from warm light (3000K) to cool white (6500K) via remote or app. Brightness ranges from 10% to 100%.
- **Memory Function:** All light settings are automatically saved when the fan is turned off and will remain the same when turned on next time.
- **Revolutionary Night Light:** A standalone night light with independent control offers three preset colors: violet, warm blue, and soft warm. You can mix and match colors between the main light and night light.

3.3 Fan Operation

- **6 Fan Speeds:** Choose from 6 adjustable fan speeds to suit your comfort needs.
- **Quiet DC Motor:** Equipped with a pure copper silent motor, delivering quiet, smooth, and stable airflow (below 30 dB(A)).
- **Reversible Airflow:** Features 2 airflow modes:
 - **Downdraft (Summer Mode):** Provides a cooling breeze.
 - **Updraft (Winter Mode):** Enhances air circulation to distribute warm air.

4. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Fszdorj ceiling fan. Always disconnect power before performing any maintenance.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and light fixture. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Dusting:** Regularly dust the fan and light to prevent accumulation, which can affect performance and light output.
- **Tighten Screws:** Periodically check and tighten all screws on the fan and mounting bracket to ensure secure operation.
- **No Lubrication Needed:** The DC motor is permanently lubricated and does not require additional oiling.

5. TROUBLESHOOTING

If you encounter issues with your Fszdorj ceiling fan, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---------------------------|---|--|
| Fan does not operate | No power; Loose wiring; Remote battery dead. | Check circuit breaker; Verify wiring connections; Replace remote battery. |
| Light does not turn on | Loose wiring; LED module failure; Remote battery dead. | Check wiring; Contact customer support if LED module is faulty; Replace remote battery. |
| Remote/App not responding | Remote battery dead; Bluetooth not connected (for app); Interference. | Replace remote battery; Ensure Bluetooth is enabled and paired; Reduce interference sources. |
| Fan wobbles | Loose mounting screws; Unbalanced blades. | Tighten all mounting screws; Ensure blades are securely attached and balanced. |

If the problem persists after attempting these solutions, please contact Fszdorj customer support for assistance.
