### podofo 2G+64G

## Podofu Car Radio Stereo User Manual

For Honda Accord 7th Gen (2003-2007) with Wireless CarPlay & Android Auto, 10.1-inch Touch Screen (Model: 2G+64G)

### 1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Podofu Car Radio Stereo. Please read this manual thoroughly before using the product to ensure proper functionality and safety. This unit is specifically designed for the Honda Accord 7th Generation (model years 2003-2007).

### 2. SAFETY INFORMATION

- Always ensure the vehicle is parked safely before operating the car radio stereo or making any adjustments.
- Do not attempt to install the unit if you are unfamiliar with car electrical systems. Professional installation is recommended.
- Avoid prolonged exposure to direct sunlight or extreme temperatures, as this may affect the unit's performance and lifespan.
- Keep the screen clean using a soft, dry cloth. Do not use abrasive cleaners.
- Ensure all wiring connections are secure to prevent short circuits or malfunctions.

### 3. PACKAGE CONTENTS

Before installation, verify that all components are present in the package:

- Podofu Car Radio Stereo Unit (10.1-inch Touch Screen)
- Power Cable
- RCA Cable Set
- USB Cables (x2)
- GPS Antenna
- External Microphone
- AHD Backup Camera
- Installation Tools

- User Manual (this document)

## 4. SETUP AND INSTALLATION

The Podofu Car Radio Stereo is designed for direct fitment in Honda Accord 7th Generation vehicles (2003-2007). Professional installation is recommended.

### 4.1 Installation Overview

The unit replaces the factory radio and integrates with the vehicle's dashboard. Ensure the vehicle's battery is disconnected before beginning installation.

Image: Before and after installation view in a Honda Accord 7th Gen.

### 4.2 Wiring for AC Control

Proper connection of the AC control wiring is crucial for the climate control system to function correctly.

- **Single AC System:** Plug the green AC plugs from the unit to the corresponding two ports (A & B) in your vehicle.
- **Dual AC System:** Do not use the green AC wire from the package. Directly plug your original AC plugs to the two ports (A & B) on the unit.

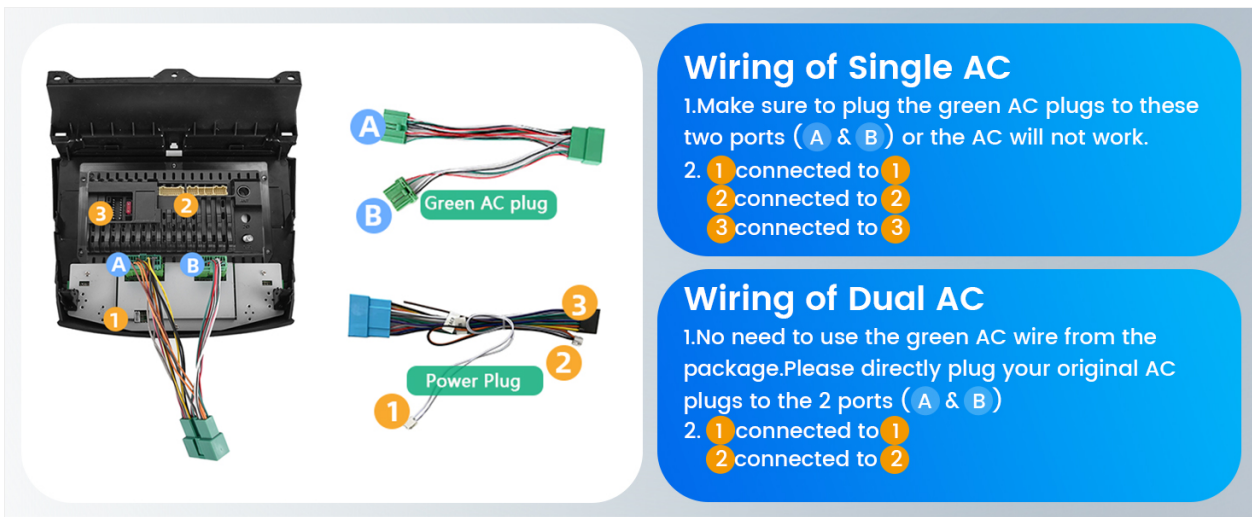

Image: AC wiring diagrams for single and dual AC systems.

### 4.3 Reversing Camera Wiring

Connect the AHD backup camera for enhanced safety and parking assistance.

1. Connect Cable 1 and Cable 4 to the positive pole of the reversing light.
2. Connect Cable 2 to the negative pole of the reversing light.
3. Connect Cable 3 and Cable 5 together.
4. The rear camera input cable connects to the car radio to enhance Bluetooth and WiFi signaling.

## 5. OPERATING INSTRUCTIONS

The Podofu Car Radio Stereo features a 10.1-inch HD touchscreen with an Android operating system, offering a wide range of functionalities.

### 5.1 Wireless CarPlay and Android Auto

Connect your smartphone wirelessly for a seamless integration of navigation, music, and communication apps. The system supports both Apple CarPlay and Android Auto.

## 5.2 GPS Navigation and WiFi Connectivity

Utilize the built-in GPS receiver for accurate navigation. Connect to WiFi for online maps, app downloads, and internet browsing.

Image: GPS navigation and WiFi function display.

## 5.3 Bluetooth for Hands-Free Calling and Music

Pair your phone via Bluetooth for hands-free calls, access to your address book, and streaming music directly to the car stereo.

## 5.4 FM/RDS Radio

Tune into your favorite FM radio stations. The RDS (Radio Data System) feature provides additional information like station name and song titles where available.

### 5.7 Steering Wheel Control

After correct wiring and learning the steering wheel buttons, you can control various functions of the unit directly from your vehicle's steering wheel.

Image: Overview of key features including Steering Wheel Control.

## 6. MAINTENANCE

- **Screen Cleaning:** Use a soft, lint-free cloth to gently wipe the touchscreen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals.
- **Software Updates:** Periodically check for software updates to ensure optimal performance and access to new features. Updates can typically be found on the manufacturer's website or through the unit's settings if connected to Wi-Fi.
- **General Care:** Keep the unit free from dust and debris. Ensure proper ventilation around the unit to prevent overheating.

## 7. TROUBLESHOOTING

If you encounter issues with your Podofu Car Radio Stereo, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit does not power on	Incorrect power wiring, blown fuse, vehicle battery issue.	Check power connections, inspect vehicle fuses, ensure battery is charged.
No sound	Speaker wiring incorrect, volume too low, audio source not selected.	Verify speaker connections, adjust volume, select correct audio input.
CarPlay/Android Auto not connecting	Bluetooth/WiFi issues, phone compatibility, incorrect settings.	Ensure Bluetooth/WiFi is enabled on phone and unit, check phone compatibility, restart phone and unit.
Backup camera not displaying	Incorrect camera wiring, camera malfunction.	Review camera wiring (refer to Section 4.3), test camera functionality.
AC controls not working	Incorrect AC wiring.	Recheck AC wiring connections (refer to Section 4.2).

If the problem persists after attempting these solutions, please contact customer support.

## 8. SPECIFICATIONS

Feature	Detail

## 9. WARRANTY INFORMATION

The Podofu Car Radio Stereo comes with a **2-Year Warranty** covering both labor and parts from the date of purchase. This warranty covers manufacturing defects and malfunctions under normal use. It does not cover damage caused by improper installation, accidents, misuse, unauthorized repairs, or normal wear and tear. Please retain your proof of purchase for warranty claims.

## 10. CUSTOMER SUPPORT

For technical assistance, troubleshooting, or warranty inquiries, please contact Podofu Tech customer support. You can typically find support information through the seller's page on the platform where you purchased the product.

### Steps to contact support:

1. Navigate to the product page on the retailer's website.
2. Look for the 'Sold by Podofu Tech' section and click on the seller's name.
3. On the seller's page, locate the 'Ask a question' button to send a message to customer support.

Podofu Tech aims to provide quick replies and support for product-related questions.
