MERITLINE HZG-SF000065AAA

MERITLINE Twin Size Upholstered Daybed with Trundle and LED Light

Model: HZG-SF000065AAA

Important Safety Information

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- Exercise caution when rolling the trundle bed in and out to prevent injury or damage.
- Do not exceed the maximum weight capacity of **500 pounds** for both the main bed and the trundle bed.
- Follow the assembly instructions precisely to ensure structural stability and prevent collapse.
- Be cautious when handling the LED lights and their power connections to avoid electrical shock. Ensure all electrical components are properly installed and maintained.
- Keep small parts away from children during assembly to prevent choking hazards.

Setup and Assembly

The MERITLINE Twin Size Upholstered Daybed is designed for straightforward assembly. It is delivered in two packages and includes all necessary tools and an installation manual.

1. **Unpack Components:** Carefully open both packages and lay out all parts on a clean, soft surface to prevent scratches. Verify that all components listed in the included installation manual are present.
2. **Review Manual:** Read the complete installation manual provided with your daybed before beginning assembly. This manual contains detailed, step-by-step instructions and diagrams specific to your model.
3. **Assemble Frame:** Follow the manual to connect the main bed frame components using the provided hardware and tools. Ensure all bolts are securely tightened.
4. **Install Slats:** Attach the bed slats to the main frame as directed in the manual. These slats provide mattress support.
5. **Assemble Trundle:** Assemble the trundle frame and install its slats according to the manual. Attach the wheels to the trundle for easy movement.
6. **Integrate Trundle:** Slide the assembled trundle into position under the main daybed frame.

7. **Connect LED Lights:** Follow the instructions in the manual for connecting the LED light strip. Ensure all connections are secure and properly insulated.

It is recommended to have two adults for assembly to ensure safety and ease of construction.

Operating Instructions

Trundle Bed Operation

The integrated trundle bed provides an additional sleeping surface, ideal for guests or smaller spaces.

- **To Extend:** Gently pull the trundle frame from underneath the main daybed. The wheels allow for smooth extension. Ensure the path is clear of obstructions.
- **To Retract:** Push the trundle frame back underneath the main daybed until it is fully nested. Ensure it is properly aligned to prevent damage.

LED Light Control

The daybed features integrated LED lights for ambient lighting or as a night light. These lights are controlled via a mobile application.

1. **Download App:** Locate and download the specified mobile application for LED light control (refer to the included LED light manual for app name and QR code).
2. **Pair Device:** Follow the in-app instructions to pair your mobile device with the daybed's LED light system via Bluetooth or Wi-Fi.
3. **Control Lights:** Use the app to turn the lights on/off, adjust brightness, change colors, and select lighting modes.

Maintenance

Proper care and maintenance will extend the life and appearance of your MERITLINE daybed.

- **Upholstery Care:** The teddy fleece upholstery should be vacuumed regularly using a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild upholstery cleaner following the product's instructions, testing on an inconspicuous area first. Avoid harsh chemicals.
- **Frame Care:** Wipe the wooden and metal frame components with a soft, damp cloth. Avoid abrasive cleaners.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Trundle Wheels:** Keep the trundle wheels free of dust and hair to ensure smooth operation. Clean with a damp cloth if needed.
- **LED Lights:** Ensure the LED light connections are secure. If lights malfunction, check the power source and app connection. Do not attempt to repair electrical components unless qualified.

Troubleshooting

This section addresses common issues you might encounter with your daybed.

Problem	Possible Cause	Solution
Daybed feels unstable or wobbly.	Loose hardware (bolts, screws).	Check and re-tighten all assembly hardware. Ensure all components are correctly aligned.
Trundle is difficult to pull out or push in.	Obstruction under the bed; dirty or damaged wheels; misalignment.	Clear any objects from the trundle's path. Clean trundle wheels. Ensure the trundle is aligned straight when operating. Inspect wheels for damage.
LED lights are not turning on.	Power connection issue; app not connected; faulty LED strip.	Check if the power adapter is securely plugged into the wall outlet and the LED strip. Ensure your mobile app is correctly paired via Bluetooth/Wi-Fi. If issues persist, contact customer support.
Squeaking noises from the bed.	Loose connections; friction between components.	Re-tighten all bolts and screws. Ensure slats are properly seated. Applying a small amount of lubricant to friction points (e.g., where metal meets metal) may help.

Product Specifications

Detailed specifications for the MERITLINE Twin Size Upholstered Daybed with Trundle and LED Light.

- **Product Type:** Upholstered Daybed
- **Size:** Twin
- **Color:** Beige With Led Light
- **Material:** Plywood + Teddy Fleece
- **Box Spring Required:** No
- **Number of Slats:** Main Bed - 12, Trundle - 6
- **Overall Product Dimensions (L x W x H):** 79.5" x 43.9" x 35.8"
- **Overall Product Weight:** Approximately 85.98 lbs
- **Weight Capacity:** Main Bed - 500 lbs, Trundle - 500 lbs
- **Recommended Mattress Thickness:** 6 inches
- **Item Model Number:** HZG-SF000065AAA
- **UPC:** 196986012004
- **Assembly Required:** Yes
