Clover Flex Gen 3 Charging Cradle Kit User Manual

Model: 25YJ6AK0050

INTRODUCTION

This manual provides instructions for the proper setup, operation, and maintenance of the Clover Flex Gen 3 Charging Cradle Kit. This kit is designed to provide a stable and reliable charging solution for your Clover Flex Gen 3 device. Please read this manual thoroughly before use to ensure optimal performance and safety.

WHAT'S IN THE BOX

The Clover Flex Gen 3 Charging Cradle Kit includes the following components:

- Charging Cradle
- Power Brick
- Power Cord
- Hex Driver

Note: The Clover Flex Gen 3 device is not included with this kit.

Image: All components included in the kit, laid out on a white surface. This includes the white charging cradle, a black power brick, a black power cord, and a small green hex driver.

SETUP

1. **Unpack Components:** Carefully remove all items from the packaging.

Image: The charging cradle, power brick, power cord, and hex driver are shown unpacked and ready for assembly.

2. **Connect Power Brick to Power Cord:** Connect the power cord to the power brick. Ensure a secure connection.
3. **Connect Power Brick to Charging Cradle:** Insert the output cable from the power brick into the power input port on the back of the charging cradle.

Image: The power brick is shown connected to the charging cradle via its cable, with the power cord also attached to the brick. The hex driver is also visible.

4. **Plug into Power Outlet:** Plug the power cord into a standard electrical wall outlet.

5. **Place Cradle on Stable Surface:** Position the charging cradle on a flat, stable surface, such as a countertop or desk.

OPERATING INSTRUCTIONS

1. **Insert Clover Flex Gen 3 Device:** Gently place your Clover Flex Gen 3 device into the charging cradle, ensuring the charging contacts on the device align with those on the cradle. The device should sit securely in the cradle.
2. **Verify Charging:** The Clover Flex Gen 3 device should indicate that it is charging (e.g., a charging icon on its screen).
3. **Remove Device:** To remove the device, simply lift it out of the cradle.

MAINTENANCE

- **Cleaning:** Disconnect the cradle from power before cleaning. Use a soft, dry, lint-free cloth to wipe down the exterior of the charging cradle. Do not use abrasive cleaners, solvents, or spray directly onto the device.
- **Storage:** When not in use for extended periods, store the charging cradle in a cool, dry place away from direct sunlight and extreme temperatures.
- **Hex Driver:** The included hex driver is for specific maintenance or assembly tasks as indicated by Clover. Refer to your Clover Flex Gen 3 device's manual for details on its use.
