Operating Instructions

The Star Wars Micro Galaxy Squadron vehicles are designed for both display and interactive play. Follow these guidelines for optimal use:

- **Transformation (Vulture Droid):** The Vulture Droid features articulated parts allowing it to transform between flight mode and walking mode. Gently adjust the wings and legs to achieve the desired configuration.
- **Cockpit Access:** The cockpit of the Vulture Droid and the Scout Class vehicle may open to allow placement or removal of the micro figures. Handle with care to avoid damage.
- **Display:** Utilize the included flight display stand to showcase your vehicles in dynamic poses. Ensure the stand is placed on a stable, flat surface.
- **Play:** These vehicles are durable for imaginative play. Avoid excessive force or dropping to prevent damage to delicate parts.

Figure 2: Vulture Droid in walking configuration.

Maintenance

- **Cleaning:** To clean the vehicles and figures, gently wipe with a soft, dry cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the paint and plastic.
- **Storage:** Store the vehicles and figures in a cool, dry place away from direct sunlight and extreme temperatures to prevent discoloration or warping. Keep small figures and accessories in a secure container to prevent loss.
- **Handling:** Always handle the vehicles and figures by their main body parts. Avoid pulling on small accessories or delicate features to prevent breakage.

Troubleshooting

- **Loose Parts:** If any small parts become loose, gently reattach them. If a part is broken, contact customer support for assistance.
- **Display Stand Instability:** Ensure the vehicle is correctly seated on the display stand. If the stand feels unstable, verify it is placed on a flat, level surface.
- **Transformation Difficulty:** If the Vulture Droid's transformation mechanism feels stiff, apply gentle, even pressure. Do not force movement, as this may cause damage.
