4. Setup and Assembly

1. **Unboxing:** Carefully remove all components from the packaging. Retain packaging for future storage or reference.
2. **Attaching the Phantom Shuttle:** The 6-inch Phantom Shuttle can be securely docked above the Ghost's engines. Align the connection points on the Phantom with the corresponding slots on the rear top section of the Ghost and gently push until it clicks into place.
3. **Attaching the Y-Wings:** The two 7.5-inch Y-Wings can be attached to the right and left airlocks of the Ghost. Locate the docking ports on the sides of the Ghost and align the Y-Wings. Ensure a firm connection.
4. **Using the Flight Display Stand:** For display purposes, assemble the clear flight display stand. The Ghost vehicle, with or without its docked ships, can be placed onto the stand for an elevated presentation.

5. Operating Instructions

5.1. Ghost Vehicle Features

- **Motion and Button Activated Lights & Sounds:** The 15-inch Ghost features motion and button-activated lights and sounds. Locate the activation button (usually on the top or side) or gently move the ship to trigger these effects.
- **Battle Damage Scoring:** The Ghost (Secret Mission) edition features unique battle damage scoring and interior deco, enhancing its authentic appearance.
- **Interior Access:** The top panels of the Ghost can be opened to reveal a detailed interior, including the cockpit, common areas, and crew quarters.

5.2. Micro Figures Interaction

- The set includes ten 1-inch micro figures: Hera Syndulla, Kanan Jarrus, Sabine Wren, Garazeb Orrelios, C1-10P (Chopper), Ezra Bridger, Jon Vander, R2-BHD, Tyson (Gold Three), and R5 Astromech.
- These figures are compatible with the Ghost's interior, allowing them to be placed in the cockpit, crew areas, and other sections of the ship for imaginative play.
- Some figures can also fit into the cockpits of the Phantom Shuttle and Y-Wings.

6. Maintenance

- **Cleaning:** To clean the vehicles and figures, gently wipe with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the paint or plastic.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration or warping. Keep small figures and accessories in a secure container to avoid loss.
- **Battery Replacement:** If the motion and button-activated lights and sounds cease to function, replace the batteries

in the Ghost vehicle. Refer to the battery compartment for specific battery type and replacement instructions (typically located on the underside of the main ship).

7. Troubleshooting

If you encounter any issues with your Star Wars Micro Galaxy Squadron Ghost (Secret Mission) set, please refer to the following common solutions:

- **Parts Not Fitting/Stiff Movement:** Some components, such as turrets or docking mechanisms, may be stiff initially. Apply gentle, consistent pressure. If a part does not fit, inspect for any small plastic burrs or obstructions that might be preventing proper alignment. Do not force parts, as this may cause breakage.
- **Lights/Sounds Not Working:** Ensure batteries are correctly installed and are not depleted. Replace batteries if necessary. Check for any debris in the battery compartment or around the activation button.
- **Damaged or Bent Parts:** For minor bends in flexible parts (e.g., ion cannons), gentle heat (such as from a hairdryer on a low setting, held at a safe distance) can sometimes be used to carefully reshape the part. Exercise extreme caution and adult supervision. For significant damage, contact customer support.
- **Paint Imperfections:** Minor paint variations are common in mass-produced collectibles. If paint issues significantly affect the product's appearance, refer to the warranty information.
