Image 3: A detailed chart indicating compatible Volkswagen models (e.g., Amarok, Golf, Passat, Jetta, Tiguan), Skoda models (e.g., Octavia, Fabia, Yeti), and Seat models (e.g., Altea, Leon, Toledo) with their respective year ranges for the 7-inch car stereo.

3.2 Wiring Connections

Connect the provided harnesses and cables to the corresponding ports on the car stereo and your vehicle's wiring system. Ensure secure connections to prevent signal loss or malfunction.

- **Power Cord:** Connect to the vehicle's power supply.
- **RCA Cable:** For audio/video input/output connections.
- **USB Cable:** For data transfer and wired CarPlay/Android Auto.
- **Reverse Input Cable:** Connect for rear view camera functionality (camera sold separately).
- **Radio Antenna:** Connect for FM/AM radio reception.
- **GPS Antenna:** Mount in a location with clear sky view for optimal GPS signal.

Image 4: Illustration of the 36-pin and 40-pin wiring harnesses included with the car stereo. Key connections are labeled: A for ACC wire, C for Canbus, and D for Canbus power cable. Users should select the correct harness based on their car model.

Note: The car stereo comes with both 36-pin and 40-pin harnesses. Select the appropriate harness for your specific car model.

3.3 Initial Power-On and Setup

After installation, power on the vehicle and the car stereo. The system will boot into the Android 12 operating system. Follow any on-screen prompts for initial setup.

Your browser does not support the video tag.

Video 1: A demonstration of the UUToulol car stereo's interface and various settings, including FM Radio, Music playback, DSP Sound adjustments, Video playback, and system settings like Network & Internet, Apps & Notifications, Storage, Location, Accounts, Accessibility, System, and Car Settings. It also shows the process for steering wheel learning and touch learning.

4. OPERATING INSTRUCTIONS

4.1 User Interface Navigation

The 7-inch touchscreen provides access to all functions. Swipe left or right to navigate between home screens. Tap icons to launch applications.

4.2 Wireless/Wired CarPlay and Android Auto

Connect your compatible smartphone via Bluetooth for wireless or USB for wired CarPlay/Android Auto. This allows access to navigation, phone contacts, messages, and music directly from the car stereo display.

Image 5: The car stereo screen displaying both Android Auto and CarPlay interfaces, highlighting the unit's compatibility with both smartphone integration platforms.

Image 6: This image illustrates the flexibility of connecting smartphones to the car stereo, offering both wireless Bluetooth and wired USB connection options for features like CarPlay and Android Auto.

4.3 GPS Navigation

The unit supports both online and offline navigation. Pre-loaded maps are available, and additional maps can be downloaded via the app store when connected to Wi-Fi.

Image 7: The car stereo screen showing a GPS navigation map with a highlighted route and multiple numbered points of interest, demonstrating its navigation capabilities.

Image 8: This image highlights the car stereo's online and offline GPS navigation features, showing the map interface along with icons for different navigation applications.

4.4 Bluetooth Connectivity

Pair your phone via Bluetooth for hands-free calling and audio streaming. Access your phonebook directly from the stereo.

Image 9: The car stereo screen showing a Bluetooth call interface with a dial pad and a separate view of music playback, emphasizing hands-free communication and audio streaming.

4.5 Wi-Fi Hotspot Internet

Connect the car stereo to a Wi-Fi hotspot to access online features, download apps, and browse the internet.

Image 10: The car stereo screen showing a web browser interface, surrounded by icons of popular online applications, illustrating the Wi-Fi hotspot connectivity feature.

4.6 FM Radio

Tune into your favorite FM radio stations. The unit supports RDS for enhanced radio information.

Image 11: The car stereo screen showing the FM radio interface, displaying the current frequency and preset options, emphasizing the built-in radio functionality.

4.7 Steering Wheel Control Learning

To enable steering wheel controls, navigate to the Car Settings menu. Select "SWC Type" and follow the on-screen instructions for "Learning Type" to map your vehicle's steering wheel buttons to the stereo functions.

Refer to Video 1 (above) for a visual guide on "Steer wheel learning" and "Touch learning" within the settings.

5. MAINTENANCE

To ensure optimal performance and longevity of your car stereo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Software Updates:** Periodically check for available software updates through the system settings to ensure you have the latest features and bug fixes.
- **Temperature:** Avoid exposing the unit to extreme temperatures.

- **Connections:** Ensure all cables and connections remain secure.

6. TROUBLESHOOTING

If you encounter issues with your UUToulol car stereo, refer to the following common troubleshooting steps:

- **No Power:**
 - Check all power connections and fuses.
 - Ensure the vehicle's ignition is on.
- **No Sound:**
 - Verify volume settings are not muted or too low.
 - Check speaker wire connections.
 - Ensure the correct audio source is selected.
- **GPS Signal Issues:**
 - Ensure the GPS antenna is properly installed and has a clear view of the sky.
 - Check for obstructions that might block the signal.
- **CarPlay/Android Auto Not Connecting:**
 - Ensure Bluetooth is enabled on your phone and the stereo.
 - For wired connection, try a different USB cable.
 - Restart both your phone and the car stereo.
 - Check phone settings for CarPlay/Android Auto permissions.
- **Touchscreen Unresponsive:**
 - Perform a soft reset by pressing the reset button (if available) or turning the vehicle off and on.
 - Ensure the screen is clean and free of debris.

If these steps do not resolve the issue, please contact UUToulol customer support for further assistance.
