

## Gyfirmoie G000875

# Gyfirmoie 6-Drawer Dresser with Power Outlet and LED Light

Model: G000875

Brand: Gyfirmoie

## 1. IMPORTANT SAFETY INFORMATION

---

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Anti-Tipping Device:** This dresser is equipped with an anti-tipping device. It is crucial to install this device securely to a wall to prevent serious injury from tipping furniture.
- **Weight Limits:** Do not exceed the recommended weight limits for drawers or the top surface. Overloading can cause instability and damage.
- **Electrical Safety:** The built-in power outlet is designed for specific electrical loads. Do not plug in appliances that exceed the specified voltage and amperage (125V/12A for AC outlets, 5V/2A for USB ports). Ensure the power cord is not pinched or damaged.
- **Children Safety:** Keep small parts and packaging materials away from children. Do not allow children to climb on or play with the dresser.

## 2. PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Dresser components (numbered boards)
- Hardware kit (screws, dowels, cam locks, etc.)
- Tools (basic assembly tools may be included)
- Instruction Manual
- LED light strip and controller

- Power outlet unit with cord
- Anti-tipping device

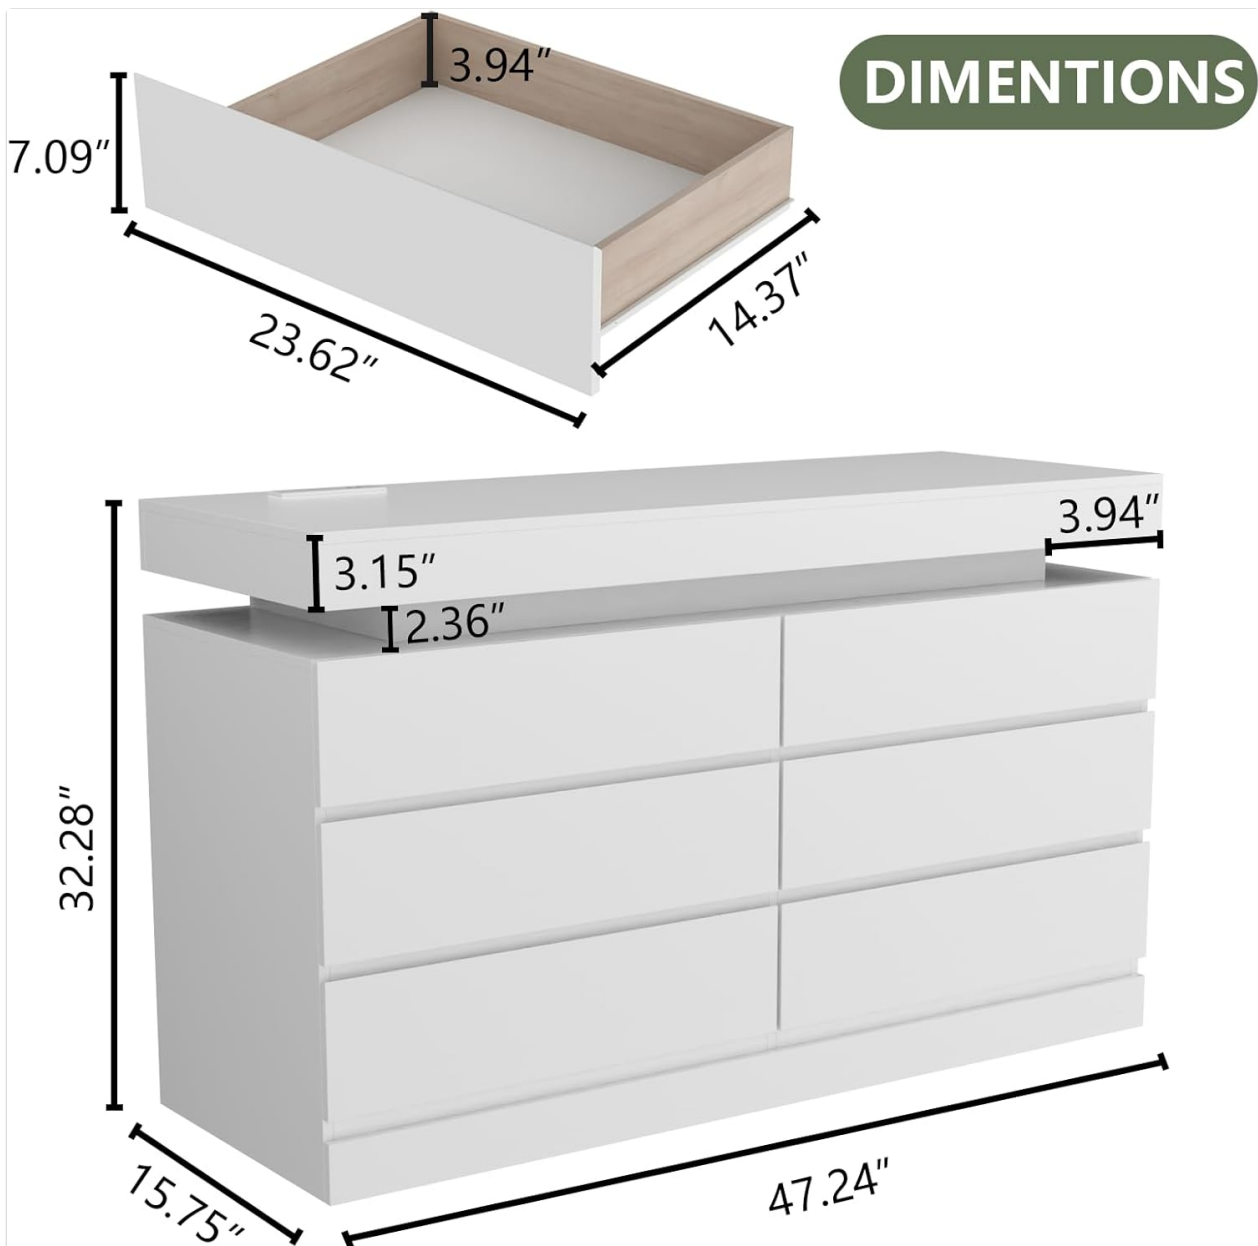

### 3. ASSEMBLY INSTRUCTIONS

---

Assembly is required for this dresser. It is recommended to follow the detailed steps provided in the accompanying printed instructions. Lay out all boards by their corresponding numbers before starting. While assembly can be done by one person, having a second person may make the process easier and safer.

**Image:** Dimensional diagram of the dresser, illustrating overall height, width, depth, and individual drawer dimensions for reference during assembly and placement.

### 4. OPERATING INSTRUCTIONS

---

## 4.1. Using the Built-in Charging Station

The dresser includes a convenient charging station with 2 AC outlets and 2 USB ports.

1. Locate the charging station on the top surface of the dresser.
2. Plug the dresser's main power cord into a standard wall outlet.
3. Connect your devices to the AC outlets (125V/12A max) or USB ports (5V/2A max) as needed.

**Image:** Detailed view of the integrated charging station, highlighting the two AC power outlets and two USB ports for convenient device charging.

## 4.2. Controlling the LED Lights

The dresser features adjustable RGB LED lights that can be controlled via a key control or a mobile app.

1. Ensure the LED light strip is properly connected to its power source.
2. **Key Control:** Use the included remote control to change colors, adjust brightness, select light modes (e.g., static, flashing), and activate music sync or timing modes.
3. **App Control:** Download the specified mobile application (refer to the LED light manual for app details) to access advanced features, including a wider range of RGB colors, custom light modes, and music synchronization.

## 4.3. Drawer Operation

The six drawers are designed for smooth operation on metal sliding rails.

- To open a drawer, gently pull the front panel.
- To close a drawer, push the front panel until it is fully seated. Avoid forcing drawers.

# 6 Large Drawers Storage Space

**Image:** The dresser with multiple drawers open, illustrating the internal storage capacity and organization possibilities.

## 5. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your dresser.

- **Cleaning:** Wipe the dresser surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Drawer Rails:** Periodically check the metal sliding rails for any debris and ensure they operate smoothly. If a drawer becomes stiff, ensure it is not overloaded and the rails are clean.
- **Electrical Components:** Keep the charging station and LED lights dry. Do not attempt to repair electrical components yourself.

**Image:** This image details key construction features such as the premium MDF material, stable base design, smooth metal sliding rails, and a convenient wire management hole.

## 6. TROUBLESHOOTING

---

If you encounter issues with your dresser, refer to the following common solutions:

- **Drawers not closing smoothly:**

- Check for obstructions in the drawer slides.
- Ensure the drawer is not overloaded or unevenly weighted.
- Verify that the drawer slides are correctly installed and aligned.

- **LED lights not working:**

- Confirm the LED strip is securely plugged into its power adapter and the adapter is plugged into a working outlet.
- Check the remote control battery or ensure the app is correctly paired.

- **Charging station not providing power:**

- Ensure the dresser's main power cord is firmly plugged into a functional wall outlet.
- Test the wall outlet with another device.

- Verify that the device you are trying to charge is working correctly.
- **Dresser feels unstable:**
  - Ensure all assembly hardware is tightened securely.
  - Confirm the anti-tipping device is properly installed and anchored to the wall.

## 7. SPECIFICATIONS
