EARFORU Sk27

EARFORU Sk27 Smart Watch User Manual

Model: Sk27

1. INTRODUCTION

Thank you for choosing the EARFORU Sk27 Smart Watch. This device is designed to enhance your daily life with its advanced features, including a 1.52-inch full touch high-resolution screen, health monitoring, Bluetooth calling, voice assistant, and IP67 water resistance. This manual will guide you through the setup, operation, and maintenance of your new smartwatch.

The Sk27 Smart Watch comes with three interchangeable wrist bands, allowing you to customize its appearance to suit your style.

2. PACKAGE CONTENTS

Upon unboxing, please ensure all the following items are present:

- EARFORU Sk27 Smart Watch
- Wireless Charging Cable
- Three (3) Wrist Bands (various styles)
- User Manual (this document)

Variable frequency wireless charging 400mAh large battery super long life

3. SETUP GUIDE

3.1. Charging the Smart Watch

Before first use, fully charge your Sk27 Smart Watch. The device supports variable frequency wireless charging.

1. Connect the wireless charging cable to a USB power adapter (not included).
2. Place the back of the Sk27 Smart Watch onto the charging pad. Ensure the watch aligns correctly with the charging coils.
3. The watch screen will indicate charging status. A full charge typically takes approximately 2 hours.

3.2. Powering On/Off

- **To Power On:** Press and hold the side button (crown) for a few seconds until the EARFORU logo appears.
- **To Power Off:** Press and hold the side button (crown), then select the 'Power Off' option on the screen.

3.3. Installing/Changing Wrist Bands

The Sk27 Smart Watch features quick-release pins for easy band changes.

1. To remove a band, locate the quick-release pin on the underside of the band where it connects to the watch body.
2. Slide the pin inwards to detach the band.
3. To attach a new band, insert one end of the pin into the watch lug, then slide the quick-release pin inwards and align the other end with the opposite lug. Release the pin to secure the band.
4. Gently pull on the band to ensure it is securely fastened.

3.4. Pairing with Your Smartphone

To unlock the full potential of your Sk27 Smart Watch, pair it with your smartphone via the dedicated companion application.

1. Download the official EARFORU companion app from your smartphone's app store (e.g., Google Play Store or Apple App Store).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the app and follow the on-screen instructions to create an account or log in.
4. Select 'Add Device' or 'Pair New Device' within the app. The app will search for your Sk27 Smart Watch.
5. Select 'Sk27' from the list of available devices. Confirm the pairing request on both your watch and smartphone.

Once paired, you can synchronize data, receive notifications, and manage watch settings through the app.

4. OPERATING INSTRUCTIONS

4.1. Basic Navigation

- **Touch Screen:** Swipe left, right, up, or down to navigate through menus, notifications, and widgets. Tap to select an item.
- **Side Button (Crown):** Press to return to the watch face or access the app menu. Rotate the crown to scroll through lists or zoom in/out on certain interfaces.

Image: A close-up of the Sk27 Smart Watch demonstrating the rotational function of the crown for navigation, with arrows indicating the direction of rotation.

4.2. Watch Faces

The Sk27 Smart Watch supports multiple watch faces. To change the watch face, press and hold the current watch face on the screen, then swipe left or right to browse available options. Tap to select your preferred watch face.

4.3. Notifications

Once paired with your smartphone, the watch can display notifications for calls, messages, and various apps. Swipe down from the top of the watch face to view your notifications.

4.4. Health Monitoring

The Sk27 Smart Watch includes features for health monitoring, such as heart rate tracking and sleep analysis. Access these features through the main menu or dedicated widgets. Ensure the watch is worn snugly on your wrist for accurate readings.

4.5. Sport Modes

Select from various sport modes to track your workouts. Each mode provides specific metrics relevant to the activity. Swipe to the 'Sport' icon in the app menu and tap to choose your desired activity.

4.6. Bluetooth Calling & Voice Assistant

With your watch paired to your smartphone, you can make and receive calls directly from your wrist. The integrated voice assistant allows for hands-free control and quick access to information.

4.7. Outdoor Exploration Features

The Sk27 Smart Watch is equipped with features beneficial for outdoor activities, including a compass mode, altitude monitoring, and barometric monitoring.

5. MAINTENANCE

5.1. Cleaning Your Smart Watch

- Wipe the watch screen and body with a soft, lint-free cloth. If necessary, dampen the cloth slightly with water.
- Avoid using harsh chemicals, abrasive materials, or compressed air, as these can damage the watch.
- Clean the charging contacts regularly to ensure efficient charging.

5.2. Water Resistance (IP67)

The Sk27 Smart Watch is rated IP67, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use and light water exposure like hand washing or rain. However, it is not recommended for swimming, diving, or high-pressure water activities.

- Do not expose the watch to hot water, steam, or detergents.
- If the watch gets wet, dry it thoroughly before charging or operating.

5.3. Battery Care

- Avoid fully discharging the battery frequently.
- Store the watch in a cool, dry place when not in use for extended periods.
- Use only the provided wireless charging cable.

6. TROUBLESHOOTING

6.1. Watch Not Powering On

- Ensure the watch is fully charged. Place it on the wireless charger for at least 30 minutes.
- Press and hold the side button (crown) for 10-15 seconds to attempt a forced restart.

6.2. Unable to Pair with Smartphone

- Confirm Bluetooth is enabled on your smartphone and the watch.
- Ensure the watch is within the Bluetooth range of your phone (typically 10 meters).
- Restart both your watch and smartphone.
- Clear the Bluetooth cache on your phone or forget the device in your phone's Bluetooth settings, then try pairing again.
- Ensure the companion app is updated to the latest version.

6.3. Inaccurate Health Readings

- Ensure the watch is worn snugly on your wrist, not too tight or too loose.
- Clean the sensors on the back of the watch.
- Note that smartwatches are not medical devices and readings are for reference only.

6.4. Screen Unresponsive

- Restart the watch by holding the side button.
- Ensure the screen is clean and dry.
