

ELPHECO HP 5712

ELPHECO 2-Gallon Black Motion Sensor Trash Can Instruction Manual

Model: HP 5712 | Brand: ELPHECO

INTRODUCTION

This manual provides essential information for the setup, operation, and maintenance of your ELPHECO 2-Gallon Black Motion Sensor Trash Can. Designed for convenience and hygiene, this automatic trash bin features touchless operation and a slim profile, making it suitable for various spaces in your home or office.

PRODUCT FEATURES

- **Motion Sensor Operation:** Automatic lid opening with a simple hand wave for touchless convenience.
- **Slim Design:** Space-saving dimensions (10"L×5.3"W×11.42"H) ideal for narrow spaces.
- **2-Gallon Capacity:** Sufficient capacity for daily waste disposal in bathrooms, offices, or living rooms.
- **IPX5 Waterproof:** Resistant to water splashes, ensuring durability and easy cleaning.
- **Upgraded Bag Fixed Ring:** Securely holds garbage bags in place and conceals them for a neat appearance.
- **Indicator Light:** Visual cues for sensor activation (green) and automatic lid closure (red).
- **Elegant Black Exterior:** A modern aesthetic that complements various interior designs.

SETUP

1. Battery Installation

The trash can requires 2 AA batteries (not included) for the motion sensor functionality. Locate the battery compartment, typically on the underside of the lid or within a removable section. Insert the batteries according to the polarity markings.

2. Installing the Garbage Bag

Remove the lid from the trash can. Place a garbage bag over the upgraded bag fixed ring, ensuring the bag is securely held. Insert the fixed ring with the bag into the main body of the trash can, then replace the lid, making sure it is properly aligned.

LOCK SPECIAL SMELL

Closing the lid stops specific smells from escaping, allowing you to keep your space fresh.

OPERATING INSTRUCTIONS

1. Automatic Lid Operation

To open the lid, simply wave your hand approximately 6-8 inches above the motion sensor located on the lid. The lid will open automatically within 0.3 seconds. The indicator light will turn green when the sensor is activated.

The lid will automatically close after approximately 5 seconds of inactivity. The indicator light will turn red as the lid closes.

2. Manual Operation (if applicable)

Some models may feature a manual button for opening/closing the lid or for a "long open mode." Refer to the specific buttons on your lid for these functions.

MAINTENANCE

Cleaning

The ELPHECO Motion Sensor Trash Can features IPX5 waterproof technology, allowing for easy cleaning. You can wipe the exterior with a damp cloth or rinse it without damaging the unit. Ensure no water stains are left on the surface after cleaning.

IPX5 WATERPROOF

Waterproof and moisture-proof
to ensure trash can can be used for a long time

Battery Replacement

When the indicator light consistently shows red or the sensor becomes unresponsive, it's time to replace the 2 AA batteries. Follow the battery installation steps outlined in the Setup section.

TROUBLESHOOTING

- **Lid not opening/closing:** Ensure 2 AA batteries are correctly installed and have sufficient power. Replace batteries if necessary.
- **Sensor unresponsive:** Check for any obstructions near the sensor. Ensure the trash can is not placed too close to objects that might interfere with the sensor's operation.
- **Garbage bag slipping:** Ensure the garbage bag is properly secured with the upgraded fixed ring.
- **Lid staying open:** If the sensor is continuously detecting an object, the lid may remain open. Reposition the trash can or ensure no objects are hovering over the sensor.

SPECIFICATIONS

Feature	Detail
