anwickjeff Electric Power Recliner Chair01

anwickjeff Electric Power Recliner Chair Instruction Manual

Model: Electric Power Recliner Chair01

1. Introduction

Thank you for purchasing the anwickjeff Electric Power Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Please read these instructions thoroughly before use and retain them for future reference.

2. Safety Instructions

Adhering to these safety guidelines ensures proper function and prevents injury:

- Always read and follow all safety instructions provided with the product.
- Ensure the chair is in the upright position before sitting down or standing up.
- Avoid sitting on the armrests or extended footrests to prevent tipping.
- Be aware of the chair's weight (approximately 90.6 pounds) during transportation and assembly.
- Keep children and pets away from moving parts during operation.
- Do not allow children to play on or operate the recliner unsupervised.
- Ensure the power cord is not pinched or damaged.

3. Package Contents

Before assembly, verify that all components are present. The package should include:

- Recliner Backrest
- Recliner Base (Seat and Armrests)

- Power Adapter and Cord
- Arm Pads (if separate)
- Instruction Manual

If any parts are missing or damaged, contact customer support immediately.

4. Setup and Assembly

Assembly of the anwickjeff Electric Power Recliner Chair is designed to be straightforward and typically takes about 15 minutes. No complex tools are required.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Backrest:** Align the metal brackets on the backrest with the corresponding slots on the recliner base. Slide the backrest down firmly until it locks into place. You should hear a click.
3. **Connect Power:** Locate the power cord and adapter. Connect the adapter to the chair's power input port, usually located at the rear or underside of the base. Plug the power cord into a standard electrical outlet.
4. **Final Check:** Ensure all connections are secure and the chair is stable before use.

5. Operating Instructions

The anwickjeff Electric Power Recliner Chair offers easy operation with its integrated controls.

Reclining Function

To recline or return to an upright position, use the control buttons located on the side of the chair. Simply press the appropriate button to smoothly adjust the chair to your desired angle. The chair supports three main positions: upright, reclined with lifted leg rest, and fully reclined.

Figure 2: Recliner in various positions. This image demonstrates the chair's ability to transition between upright, partially reclined with footrest extended, and fully reclined positions, highlighting its operational flexibility.

Figure 3: Side view of the recliner fully extended. This image provides a clear profile of the chair when fully reclined, showing the extended footrest and backrest angle.

USB Charging Port

The side control panel also includes a USB port. This port allows you to charge low-power mobile devices such as smartphones or tablets while relaxing in the chair. Note that it is designed for low-power devices only.

Figure 4: USB charging port functionality. This image illustrates the integrated USB port on the side of the chair, demonstrating how to connect a mobile device for charging.

6. Maintenance

To ensure the longevity and appearance of your recliner, follow these simple maintenance steps:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as these may damage the polyester upholstery.
- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Inspection:** Periodically check all connections and moving parts to ensure they are secure and functioning correctly.
- **Power Cord:** Inspect the power cord regularly for any signs of damage. If damaged, discontinue use and contact customer support.

7. Troubleshooting

If you encounter any issues with your recliner, refer to the following common solutions:

- **Chair Not Reclining:**
  - Ensure the power cord is securely plugged into both the chair and the wall outlet.
  - Check if the wall outlet is functional by plugging in another device.

- Verify that all assembly connections are firm.

- **USB Port Not Charging:**
  - Confirm the chair is powered on.
  - Ensure your device is a low-power device, as the port is not designed for high-power charging.
  - Try a different USB cable.

- **Unusual Noises:**
  - Check for any loose components or obstructions around the reclining mechanism.
  - Ensure the chair is on a level surface.

If the problem persists after attempting these solutions, please contact customer support.

8. Specifications

Feature	Detail
Brand	anwickjeff
Model Name	Electric Power Recliner Chair
Model Number	Electric Power Recliner Chair01
Color	Orange
Material	Polyester (Upholstery), Wood (Frame), Foam (Filler)
