Aoxun G30036

Aoxun 16x12 FT Hardtop Gazebo Instruction Manual

Model: G30036

1. Important Safety Information

Please read and understand all instructions and safety warnings before assembly and use of this product. Failure to follow these instructions may result in injury or damage to the product.

- Assembly requires 3-4 people and may take 3-6 hours. Do not attempt to assemble alone.
- Always secure the gazebo to a stable, level foundation using the provided ground stakes and expansion screws to prevent tipping, especially in windy conditions.
- Be cautious when handling heavy components during assembly. Wear appropriate safety gear, such as gloves.
- Do not use the gazebo in severe weather conditions, including heavy winds, snow, or thunderstorms. Disassemble or secure properly if extreme weather is anticipated.
- Ensure all connections are tight and secure before and during use. Regularly inspect the structure for any loose parts.
- Keep children and pets away from the assembly area.

2. Product Overview

The Aoxun 16x12 FT Hardtop Gazebo (Model G30036) is designed to provide a comfortable and protected outdoor living space. It features a durable aluminum frame, a double-layer polycarbonate roof, and includes both privacy curtains and mosquito netting.

Image 2.1: The Aoxun 16x12 FT Hardtop Gazebo, showcasing its overall design and spacious interior.

Key Features:

- **Double-Layer Polycarbonate Roof:** Provides UV protection and allows for air circulation. Features a slope drainage system to prevent rainwater accumulation.
- **Sturdy Aluminum Frame:** Powder-coated aluminum frame offers strong load-bearing capacity, resistance to scratches, peeling, corrosion, and rust. Includes four ground stakes and expansion screws for enhanced stability.
- **Curtains & Netting:** 160g polyester curtains offer privacy and warmth. 35g zippered netting provides anti-mosquito protection and sufficient airflow. Both operate on a two-track system.
- **Integrated Ceiling Hooks:** Designed in the middle of the steel roof for hanging lamps or fans. Each hook can support up to 44 lbs.
- **Spacious Design:** Accommodates 5-8 people, ideal for various outdoor activities and gatherings.

3. Package Contents

Your Aoxun Hardtop Gazebo is shipped in multiple boxes (typically 3). Please ensure all boxes are received and all components are present before beginning assembly. Refer to the packing list included in your package for a complete inventory.

Typical Components Include:

- Aluminum frame posts and beams
- Polycarbonate roof panels
- Polyester privacy curtains (160g)
- Zippered mosquito netting (35g)
- Hardware kit (screws, bolts, washers, nuts)

- Ground stakes and expansion screws
- Assembly tools (basic wrenches, hex keys)
- Instruction manual

4. Setup and Installation

Detailed and illustrated instructions are provided in the separate assembly guide included with your product. All parts are clearly numbered for quick identification. Please follow the steps carefully.

General Assembly Guidelines:

1. **Site Preparation:** Choose a level, stable area for installation. Clear any debris or obstacles. Ensure adequate clearance around the gazebo.
2. **Unpack and Organize:** Lay out all components and hardware. Verify against the packing list.

3. **Frame Assembly:** Begin by assembling the main aluminum frame structure. Ensure all connections are finger-tight initially.
4. **Roof Installation:** Carefully install the polycarbonate roof panels. Pay attention to the orientation for proper drainage.
5. **Curtains and Netting:** Install the two-track system for the curtains and netting, then hang them according to the instructions.
6. **Final Tightening:** Once the entire structure is assembled, go back and securely tighten all bolts and screws.
7. **Anchoring:** Use the provided ground stakes and expansion screws to firmly anchor the gazebo to your chosen foundation. This step is crucial for stability and safety.

Note: Assembly typically requires 3-4 people and can take 3-6 hours. Do not rush the process. If you encounter any difficulties, refer to the detailed assembly manual or contact customer support.

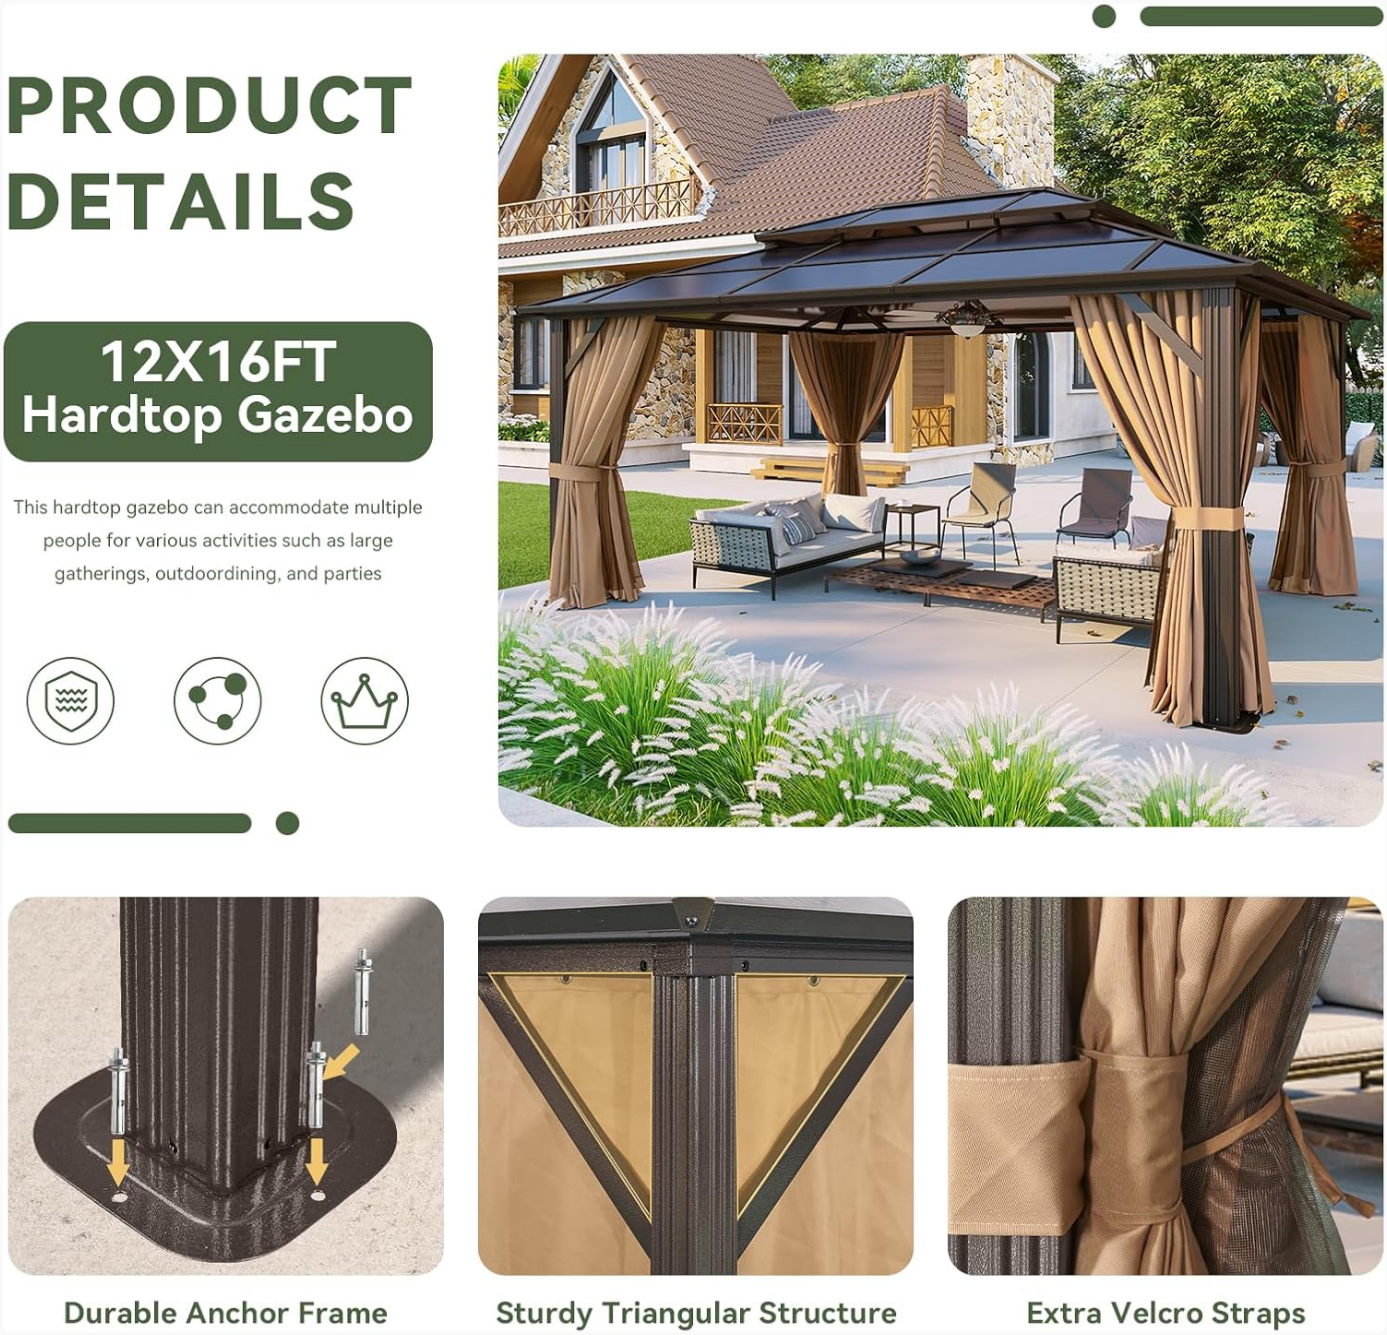

Image 4.1: Details of the gazebo's construction, including the durable anchor frame for secure installation and sturdy triangular structure.

5. Operating Instructions

Curtains and Netting:

The gazebo is equipped with a dual-track system for both privacy curtains and mosquito netting. You can adjust them independently to suit your needs:

- **Privacy Curtains:** Use the 160g polyester curtains for privacy, sun shade, or to retain warmth in cooler conditions. They can be tied back with the integrated Velcro straps when not in use.
- **Mosquito Netting:** The 35g zippered netting provides protection against insects while allowing airflow. Zip them closed to create an enclosed, bug-free space.

Ceiling Hooks:

The roof structure includes multiple hooks for your convenience:

- **Central U-shaped Hook:** Located in the middle of the roof, ideal for hanging a fan or a central light fixture. Maximum weight capacity: 44 lbs.
- **Beam Hooks:** Additional hooks are present on the beams for hanging decorative lights or other lightweight items.

Image 5.1: Detail of the ceiling hooks, including the central U-shaped hook for fans or lights, and additional hooks on the beams.

Roof Drainage System:

The polycarbonate double roof is designed with a superior slope drainage system to ensure rainwater drains quickly and prevents accumulation, even during snowmelt. This design helps maintain the structural integrity of the gazebo.

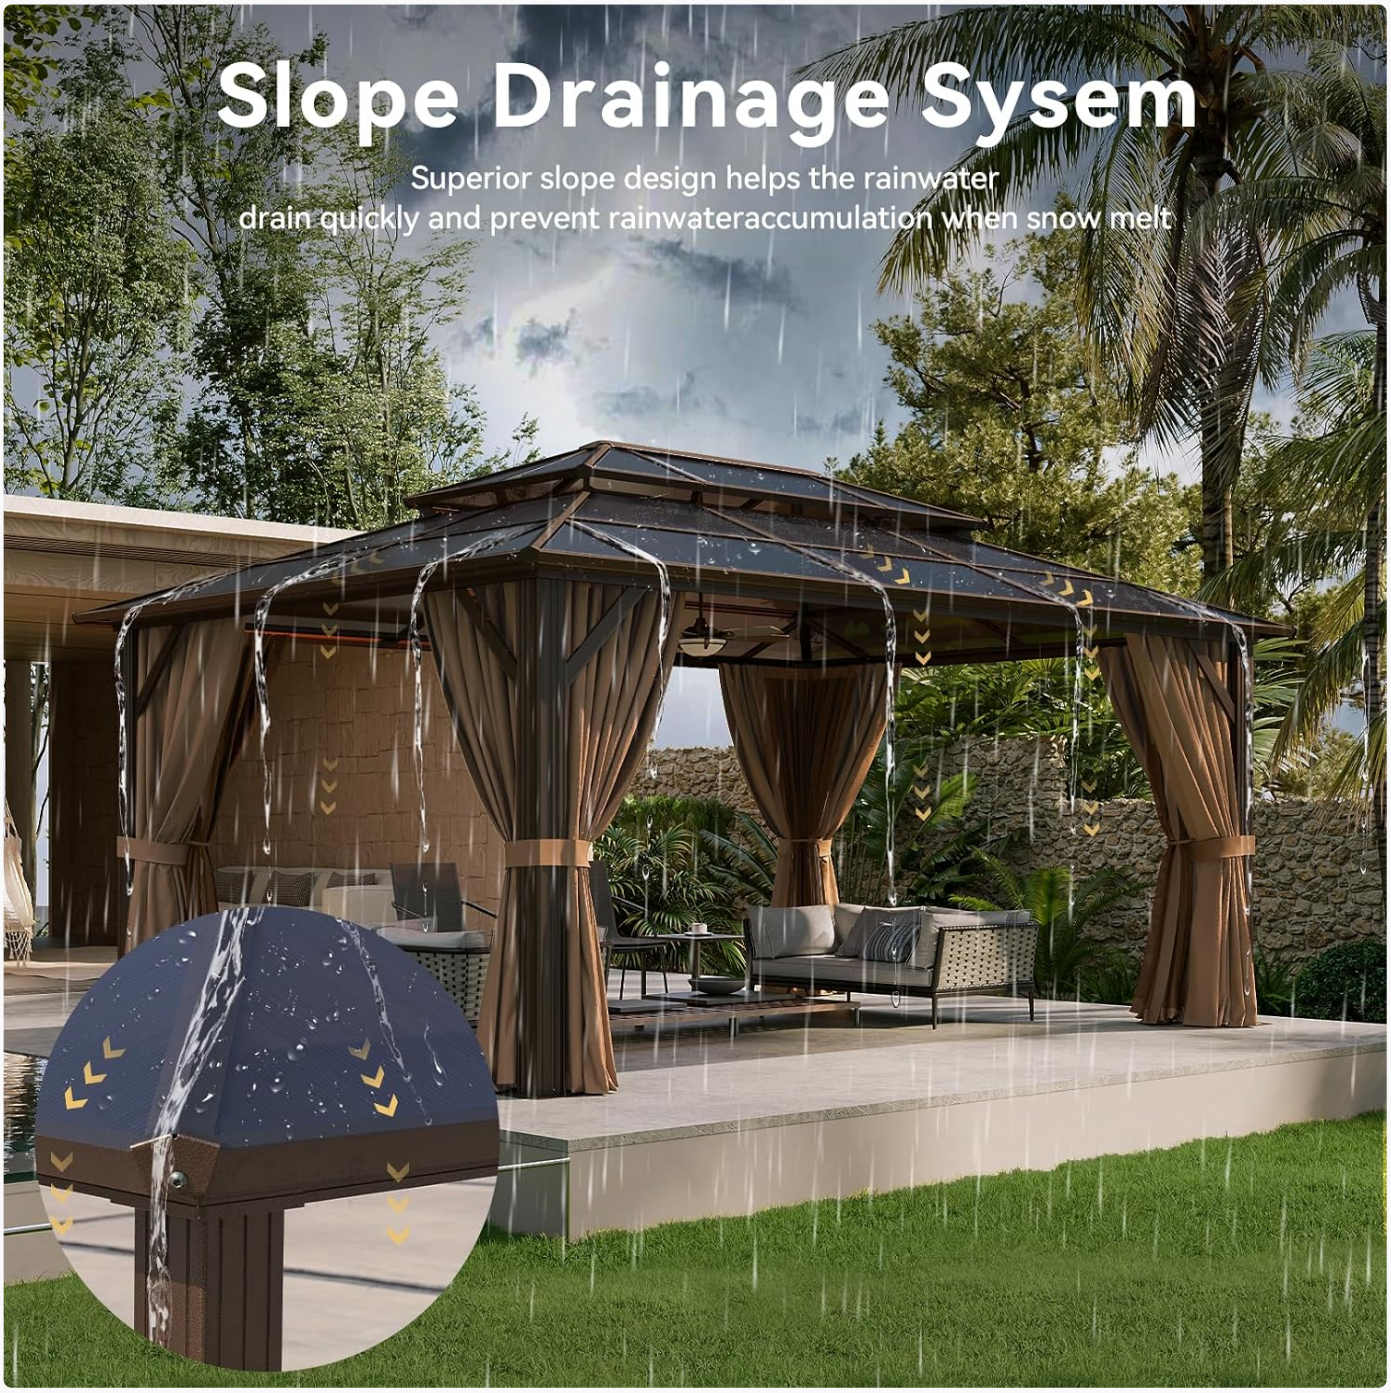

Image 5.2: Visual representation of the gazebo's slope drainage system, demonstrating efficient water runoff.

6. Maintenance

Regular maintenance will extend the life and appearance of your Aoxun Hardtop Gazebo.

- **Frame Cleaning:** Clean the aluminum frame with a mild soap and water solution. Rinse thoroughly with clean water and dry with a soft cloth. Avoid abrasive cleaners or harsh chemicals.
- **Roof Panel Cleaning:** Gently clean polycarbonate panels with a soft cloth, mild soap, and water. Do not use brushes or abrasive materials that could scratch the surface.
- **Curtain and Netting Care:** The polyester curtains and netting can be spot cleaned with mild soap and water. For

deeper cleaning, follow the care instructions on the fabric tags. Ensure they are completely dry before storing or closing for extended periods to prevent mildew.

- **Seasonal Care:** While the gazebo is designed for all-weather use, it is recommended to remove curtains and netting during periods of extreme weather (e.g., heavy snow, strong winds) to prevent damage. Regularly clear snow accumulation from the roof to avoid excessive weight.
- **Hardware Inspection:** Periodically check all bolts, screws, and connections to ensure they remain tight. Tighten any loose hardware as needed.

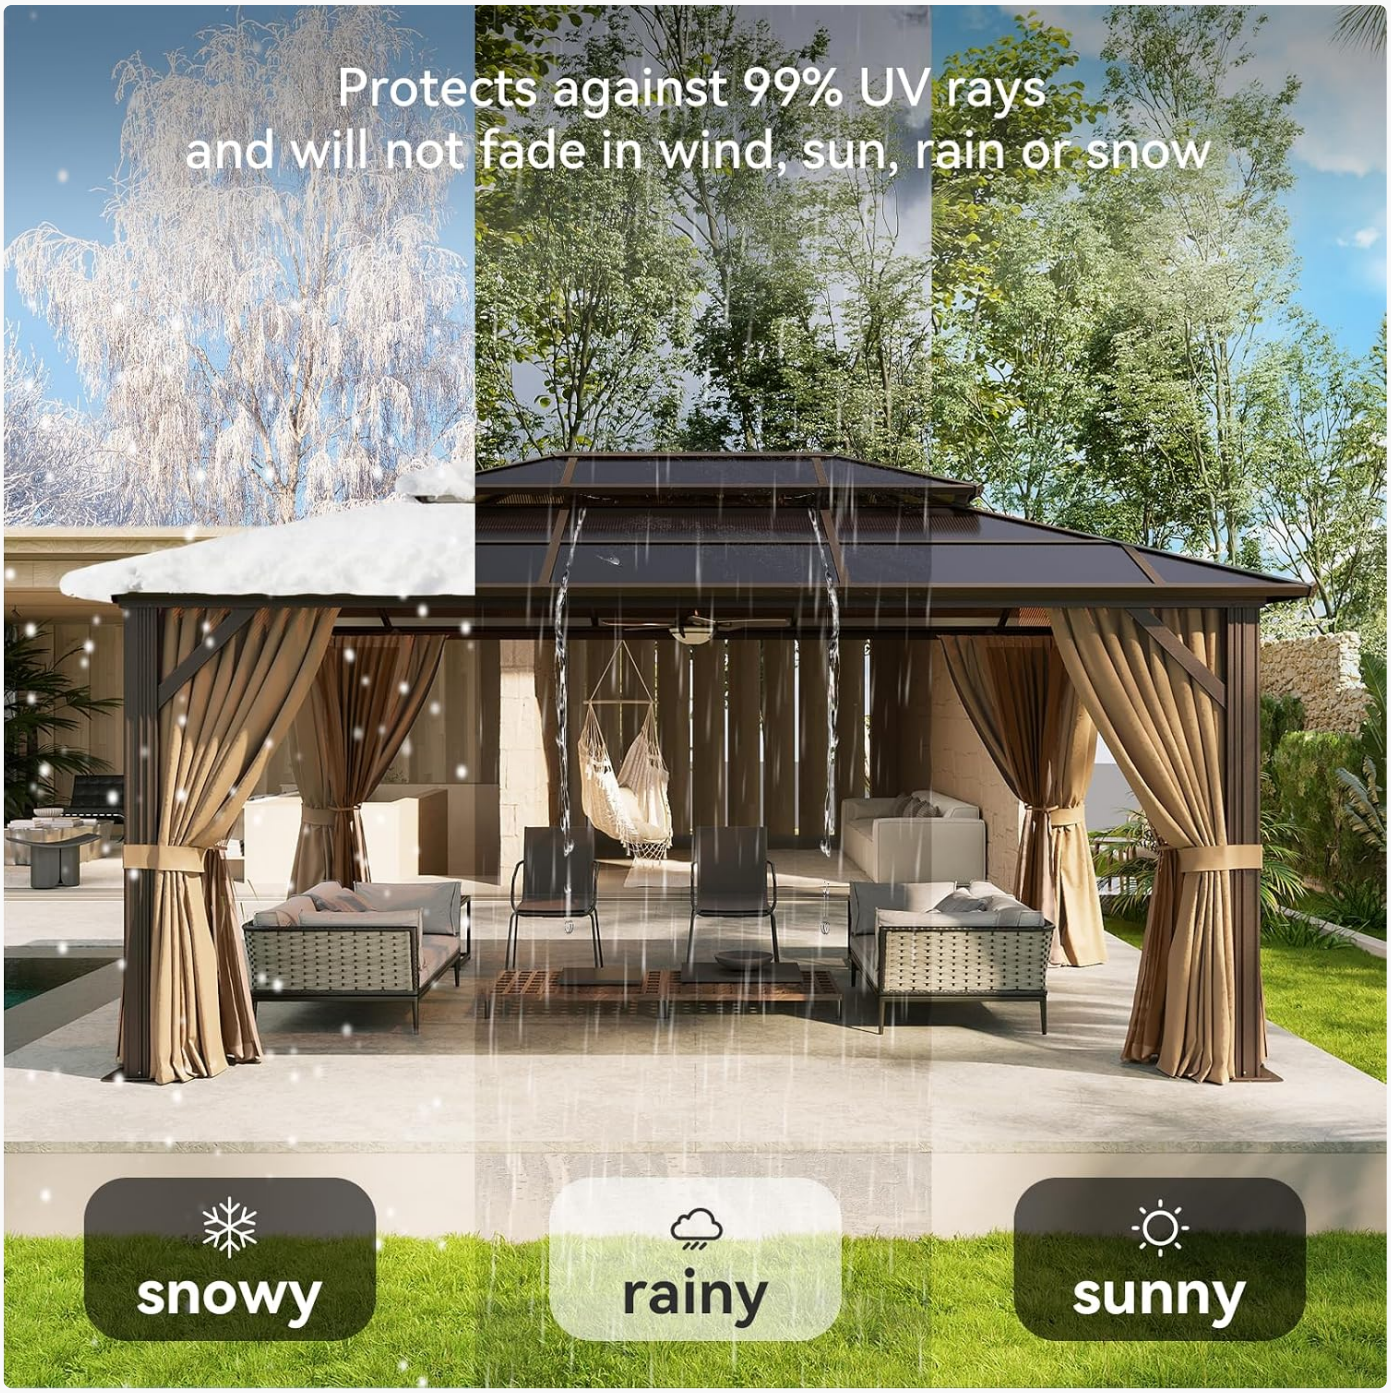

Image 6.1: The gazebo is designed for all-weather use, protecting against UV rays and resisting fading in various conditions.

7. Troubleshooting

If you encounter issues with your gazebo, refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Gazebo feels unstable or wobbly.	Loose connections; improper anchoring; uneven ground.	Ensure all bolts and screws are tightened. Verify ground stakes are firmly secured. Relocate to a level surface if necessary.
Water accumulation on the roof.	Roof panels not correctly installed; drainage system blocked.	Check roof panel alignment and ensure the slope drainage system is clear of debris.
Curtains or netting not sliding smoothly.	Tracks are dirty or obstructed; damaged runners.	Clean the tracks with a damp cloth. Inspect runners for damage and replace if needed.
Missing parts during assembly.	Oversight during unpacking; package contents incomplete.	Double-check all packaging materials. Contact customer support with the specific part number from the manual.

8. Specifications

Feature	Specification
Model Number	G30036
Product Dimensions (L x W x H)	4.88L x 3.66W x 2.87H Meters (16 x 12 x 9.4 FT)
Item Weight	111.58 kg (246 Pounds)
Frame Material	Powder-Coated Aluminum
Roof Material	Double-Layer Polycarbonate
Curtain Material	160g Polyester
Netting Material	35g Zippered Netting
Occupancy	5-8 People
Water Resistance Level	Waterproof
UV Protection	Yes (Polycarbonate roof blocks harmful UV rays)
Color	Brown

9. Warranty and Support

Warranty Information:

For specific warranty details regarding your Aoxun Hardtop Gazebo, please refer to the warranty card included in your package or contact Aoxun customer service directly. Warranty terms typically cover manufacturing defects under normal use.

Customer Support:

If you have any questions, require assistance with assembly, or need to report a missing/damaged part, please do not hesitate to contact Aoxun customer support. We aim to reply to all inquiries within 24 hours.

Contact Information: Please refer to the contact details provided in your product packaging or on the official Aoxun website.
