DOGIBIXO B0CNCHKLFC

DOGIBIXO LED Bed Frame King Size User Manual

Model: B0CNCHKLFC

Brand: DOGIBIXO

Important Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Weight Capacity:** Do not exceed the maximum weight recommendation of 1200 pounds (544 kg).
- **Assembly:** Ensure all parts are securely fastened before use.
- **Sharp Edges:** Be cautious around sharp edges and metal components during assembly and use.
- **Children:** Keep small parts away from children during assembly.

Package Contents

Verify that all components are present before beginning assembly. Refer to the included parts list in your physical package.

Image: Diagram showing the bed frame's overall dimensions and key components. It indicates a weight capacity of 1000 lbs and an estimated assembly time of 30 minutes.

The package typically includes:

- Headboard (with integrated USB/Type-C charging station and LED lights)
- Footboard (with integrated LED lights)
- Side Rails
- Metal Slats
- Support Legs
- Assembly Hardware (screws, bolts, Allen wrench)
- LED Light Remote Control

Setup and Assembly

Assembly is estimated to take approximately 30 minutes with two people. Follow the step-by-step instructions provided in your physical assembly guide.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure.
3. **Install Center Support:** Assemble and install the center support beam and legs.
4. **Place Slats:** Lay the metal slats across the frame. Secure them using the designated screw holes to enhance stability and prevent movement.
5. **Connect LED Lights and Charging Station:**Connect the LED light strips and the USB/Type-C charging station cables as indicated in the detailed manual. Ensure power adapters are connected to a suitable power source.
6. **Final Check:** Double-check all screws and bolts to ensure they are tightened.

Operating Instructions

LED Lighting System

The bed frame features RGB LED lights on both the headboard and footboard, offering over 60,000 color options.

- **Control Methods:** The LED lights can be controlled via the included remote control or a dedicated smartphone application.
- **Functions:** Adjust brightness, change colors, select various lighting modes (e.g., music mode, mic mode), and set timers for automatic on/off.

USB Charging Station

The headboard includes built-in USB and Type-C ports for convenient device charging.

- **Usage:** Connect your mobile phones, tablets, and other compatible electronic devices directly to the ports for charging.
- **Power Source:** Ensure the bed frame's power cable is connected to a functional wall outlet for the charging station to operate.

Maintenance

- **Cleaning:** Wipe the metal frame with a damp cloth and mild detergent. For the wooden headboard and footboard, use a dry or slightly damp cloth. Avoid harsh chemicals.
- **Noise Reduction:** The bed frame is designed with silent strips and soft padding under each metal leg to minimize noise. If squeaking occurs, re-tighten all assembly screws and bolts.
- **Scratch Resistance:** The vintage brown industrial headboard and footboard are designed to be waterproof and

scratch-resistant. However, avoid abrasive materials or sharp objects that could damage the finish.

- **Under-bed Storage:** Utilize the extra-large storage space (approximately 10.4 inches / 26.4 cm clearance) under the bed for items like books, seasonal clothing, or storage boxes.

Image: A view of the under-bed area, highlighting the available storage space for various items like suitcases, storage boxes, shoes, or a robotic vacuum cleaner.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is squeaking.	Loose connections or uneven floor.	Re-tighten all screws and bolts. Ensure the bed is on a level surface. Check silent strips for proper placement.
LED lights are not working.	Loose connection, damaged strip, or power issue.	Check all cable connections to the power adapter and LED strips. Ensure the power adapter is plugged into a working outlet. If a strip is visibly damaged, contact customer support for replacement.
USB/Type-C charging ports are not functioning.	Power cable not connected, loose connection, or device incompatibility.	Ensure the bed frame's main power cable is securely plugged in. Check the connection of the charging station module. Test with a different device and cable.
Missing or damaged parts upon delivery.	Shipping damage or packaging error.	Immediately contact DOGIBIXO customer service with details and photos of the damaged/missing parts for replacement.
Middle support leg is a toe hazard.	Design characteristic.	Consider adding soft padding or a protective cover to the leg to prevent accidental bumps.
