

Hasuit B0CNCK3GGQ

Hasuit Floating Bed Frame Queen Size with LED Lights Instruction Manual

Brand: Hasuit | Model: B0CNCK3GGQ

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Hasuit Floating Bed Frame Queen Size with LED Lights. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Key Features:

- **Modern Floating Design:** Supported by hidden inner legs for a floating appearance.
- **Smart LED Lights:** Three side hidden light strips with multiple colors, patterns, and control via APP or remote. Features music, voice, and timing modes.
- **Sturdy Construction:** Frame made of 38mm x 25mm iron pipe with 25mm x 25mm cross core frame and 9 support legs for durability.
- **Mattress Slide Stoppers:** Includes 4 stoppers to prevent mattress movement, no screws required.
- **Easy Assembly:** Clear instructions, numbered parts, and tools included for quick setup.
- **No Box Spring Needed:** Designed for direct mattress placement.

2. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Hasuit Floating Bed Frame. It is recommended to have two people for assembly, though it can be done by one person with patience.

2.1 Unpacking and Part Identification

Carefully unpack all components from the box. Verify that all parts and hardware listed in the manual are present. Refer to the parts list diagram to identify each component.

Thickened Steels, Stronger Frame

It weighs **32%** more than other similar floating bed

Overall Weight of Bed Frame:

ours : **VS** other:
39.7lbs 30.0lbs

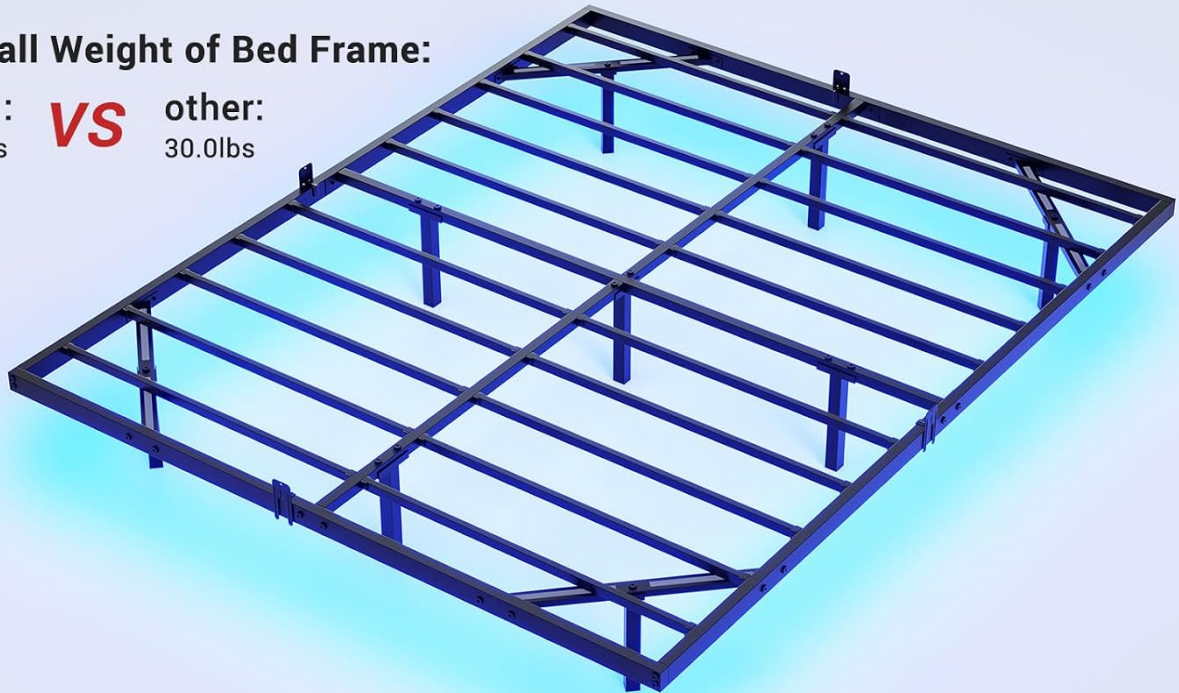

Figure 1: All components and hardware included in the package. Ensure all parts are present before starting assembly.

The bed frame is designed for Queen (U.S. Standard) size mattresses, measuring 80"L x 60.2"W x 7.7"H. It has a maximum weight recommendation of 900 pounds.

Figure 2: Queen Size bed frame dimensions (80"L x 60.2"W x 7.7"H) and 900 lbs weight capacity.

2.2 Frame Assembly

Begin by connecting the main frame sections using the provided screws and washers. Ensure all connections are secure but do not overtighten until the entire frame is assembled.

Attach the support legs to the designated points on the frame. These legs are designed to be hidden, giving the bed its floating appearance.

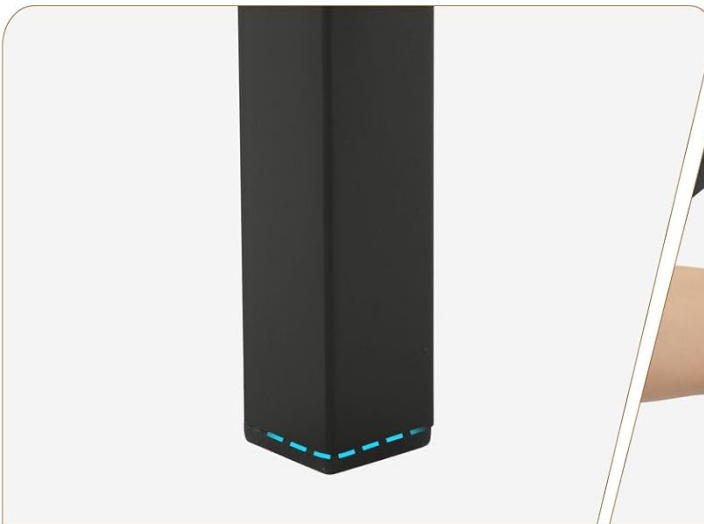

Focus on details

Mattress Slide Stopper

Sturdy Structure

Plastic Gasket

Easy Assembly

Figure 3: The innovative hidden support leg design ensures the bed appears to float above the floor.

Install the mattress slide stoppers onto the mounted metal bed frame. These stoppers are made of high-quality material for durability and require no screws for installation, ensuring a perfect fit and preventing mattress movement.

Figure 4: Detail of the mattress slide stopper and the sturdy metal frame construction.

2.3 LED Light Installation

The LED light strips are designed to be attached to the underside of the bed frame. Ensure the surface is clean and dry before applying the adhesive backing of the LED strips. For added security, use the provided zip ties to fasten the LED strips, especially around corners or areas prone to movement.

Figure 5: The smart LED lights come with a remote control and can be adjusted via an app.

3. OPERATING INSTRUCTIONS FOR LED LIGHTS

Your Hasuit Floating Bed Frame is equipped with smart LED lights that can be controlled via a remote or a dedicated mobile application.

3.1 Remote Control Functions

Use the provided remote control to power on/off the lights, change colors, adjust brightness, and select various lighting modes. The remote offers a wide range of colors and dynamic patterns.

Innovative Hidden Support Legs Designs

Figure 6: The remote control allows for easy adjustment of LED light settings, including color, brightness, and mode.

3.2 Mobile App Control

Download the compatible mobile application (refer to the QR code in the packaging or search your app store) to unlock advanced features. The app allows for precise color selection (over 60,000 colors), custom styles, music synchronization, voice control, and setting timing functions for the lights.

Figure 7: The LED lights enhance the ambiance of the room, transitioning from day to night settings.

4. MAINTENANCE

To ensure the longevity and appearance of your bed frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a dry cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
- **LED Lights:** If the LED strips become dusty, gently wipe them with a dry, soft cloth. Do not use liquids directly on the LED strips or electrical components.
- **Fasteners:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.

5. TROUBLESHOOTING

If you encounter any issues with your bed frame or LED lights, refer to the following common solutions:

- **LED Lights Not Working:**

- Ensure the power adapter is securely plugged into both the wall outlet and the LED controller.
- Check if the remote control batteries need replacement.
- Verify that the LED strips are properly connected to the controller.

• **LED Lights Not Sticking:**

- Clean the surface thoroughly before applying the adhesive.
- Use additional zip ties (provided or purchased separately) to secure the strips, especially in high-stress areas or corners.

• **Bed Frame Squeaking/Wobbling:**

- Check all screws and bolts to ensure they are fully tightened.
- Ensure the bed frame is on a level surface.

If problems persist, please contact Hasuit customer support for assistance.
