

Tele System SMART24 LS2 A11

Tele System SMART24 LS2 A11 24-inch Android Smart TV User Manual

Model: SMART24 LS2 A11

1. INTRODUCTION

This manual provides essential information for the proper setup, operation, and maintenance of your Tele System SMART24 LS2 A11 24-inch Android Smart TV. Please read it thoroughly before using the product to ensure safe and efficient operation.

2. WHAT'S IN THE BOX

Verify that all components are present:

- Tele System SMART24 LS2 A11 Smart TV
- Remote Control
- Power Cable
- Quick Start Guide
- Warranty Paper

Image: The Tele System SMART24 LS2 A11 Smart TV displaying its home screen, with the included remote control positioned to the right. This illustrates the main components and initial user interface.

3. SETUP

3.1. Unpacking and Placement

- Carefully remove the TV from its packaging.
- Place the TV on a stable, flat surface or mount it on a wall using a compatible VESA 100x100 wall mount (sold separately).
- Ensure adequate ventilation around the TV.

3.2. Connecting Power

Connect the power cable to the TV's power input and then to a suitable electrical outlet (100-240V AC). While the product description mentions 12/220V, the specifications indicate 100-240V AC. Ensure the power source matches the TV's requirements.

3.3. Initial Setup Wizard

Upon first power-on, the TV will guide you through an initial setup wizard. This includes:

- Language selection.
- Network connection (Wi-Fi or Ethernet).
- Channel scanning for DVB-T2 (Digital Terrestrial) and Satellite channels.
- Tivùsat LCN channel numbering setup (if applicable).

4. OPERATING INSTRUCTIONS

4.1. Remote Control Overview

Image: The standard remote control for the Tele System Smart TV, showing various buttons for power, numbers, volume, channel, navigation, and smart TV functions.

Familiarize yourself with the remote control buttons for power, volume, channel selection, navigation, and smart TV functions.

4.2. Android Smart TV Features

Your TV runs on Android AOSP, providing access to a wide range of applications.

- **App Access:** Navigate to the "Apps" section on the home screen to download and use applications like Prime Video, YouTube, Disney Plus, and DAZN.
- **Screen Mirroring:** Use the mirroring function to share content from your mobile devices (smartphone, tablet) to the TV screen. This includes photos, videos, and music.
- **MHshare App:** Download the free MHshare app on your smartphone to use it as an additional remote control for

your TV.

Image: The Smart TV displaying a streaming service interface with various movie and series titles, demonstrating the Android app capabilities.

Image: The Smart TV screen displaying "Mirroring" with an arrow pointing from a smartphone icon to the TV, illustrating the screen mirroring function.

4.3. TV Pause (USB)

The TV Pause function allows you to temporarily pause live TV broadcasts. To use this feature:

1. Connect an external USB memory stick (not included) to the TV's USB port.
2. While watching live TV, press the 'Play/Pause' button on your remote control to pause the program.
3. Press 'Play' again to resume.

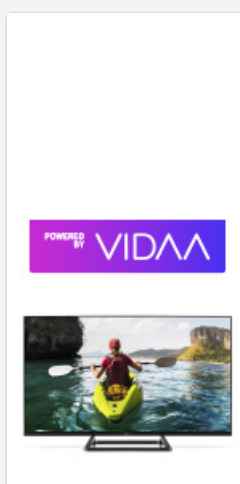

Image: A TV screen displaying a "TV Pause" overlay with playback controls, indicating the functionality to pause live television.

4.4. Digital Terrestrial (DVB-T2) and Satellite (Tivùsat LCN)

The TV supports DVB-T2 for digital terrestrial broadcasts and satellite reception. It features a CI+ slot for maximum compatibility with TELE System certified Tivùsat CAMs, enhancing viewing quality and experience.

- **Channel Search:** The TV allows for satellite channel search with Tivùsat HD classification.
- **CI+ Slot:** Insert a compatible CI+ module (e.g., Tivùsat CAM) into the CI+ slot for access to encrypted channels.

Image: The Smart TV displaying channel information for "Italia 1 HD" and a CI+ module inserted into the side, indicating support for encrypted satellite channels.

4.5. Hotel Mode

The Hotel Mode function is designed for use in hospitality environments. It allows for specific settings to be pre-defined:

- Set maximum audio levels.
- Determine the default channel upon power-on.
- Adjust the initial volume when the unit is turned on.
- Select the default source signal.

5. MAINTENANCE

5.1. Cleaning

- Always unplug the TV before cleaning.
- Use a soft, dry cloth to wipe the screen and cabinet.
- For stubborn marks, lightly dampen the cloth with water or a mild, non-abrasive screen cleaner.
- Avoid using harsh chemicals or abrasive materials.

5.2. Storage

If storing the TV for an extended period, ensure it is kept in a cool, dry place, protected from dust and extreme temperatures.

6. TROUBLESHOOTING

If you encounter issues, refer to the following common solutions:

- **No Power:** Check if the power cable is securely connected to both the TV and the power outlet. Ensure the outlet is functional.
- **No Picture/Sound:** Verify the correct input source is selected. Check cable connections for external devices. For broadcast channels, perform a channel scan.
- **Remote Control Not Working:** Replace the batteries. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Network Connection Issues:** Check your Wi-Fi router or Ethernet cable. Try restarting the TV and your router.
- **Software Glitches:** Perform a factory reset (refer to the TV's settings menu for this option). Note that a factory reset will erase all personal settings and installed apps.

7. SPECIFICATIONS

Below are the technical specifications for the Tele System SMART24 LS2 A11 Smart TV:

Feature	Detail
Model Number	TELE System SMART24 LS2 A11 2022
Screen Size	23.6 inches (60 cm)
Display Technology	LED
Resolution	720p (1366 x 768)
Refresh Rate	60 Hz
Operating System	Android AOSP
Connectivity	Ethernet, Wi-Fi
Aspect Ratio	16:9
Dimensions (with stand)	60.4 x 37.5 x 10.5 cm
Weight	3 kg
Energy Efficiency Rating	E
Power Input	100-240V, 50/60Hz (AC)
Special Features	TV Pause (USB), Digital Terrestrial DVB-T2, Satellite, Tivùsat LCN, Hotel Mode, Screen Mirroring

SMART24 LS2 A11

Codice art.	28000210
Tipologia/Dimensioni schermo	SMART LED 23,6"
Sistema Operativo	Android™ 11 AOSP
Memoria interna	8GB
Processore	Quad Core
Risoluzione Video (HxV)	HD 1366x768
Diagonale display	60 cm. - 16:9 Wide
Angolo di visione	178°/178° (H/V)
Luminosità (cd/m²)	180
Tipologia tuner	DVB-T2 - DVB-S2 H.265 10bit
