2. **Attach Fabric Shelves:** Slide the fabric shelves onto the assembled pipe sections. The fabric has sleeves for the pipes.
3. **Build Upwards:** Continue adding vertical pipes and connecting them with plastic connectors, inserting fabric shelves as you build each layer.
4. **Install Hanging Rods:** Insert the longer steel pipes into the designated connectors for the hanging sections.
5. **Apply Outer Cover:** Drape the non-woven fabric cover over the entire assembled frame. Secure the cover by zipping it up and using the Velcro straps.
