## 6. MAINTENANCE

---

To maintain the appearance and functionality of your HOSTACK pantry cabinet, follow these guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner and dry immediately. Avoid harsh chemicals or abrasive cleaning materials.
- **Spills:** Clean up spills immediately to prevent moisture damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain structural integrity.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources, which can cause fading or warping.

## 7. TROUBLESHOOTING

---

If you encounter issues with your pantry cabinet, refer to the following common solutions:

- **Wobbly Cabinet:** Ensure the cabinet is on a level surface. Adjust any leveling feet if present. Check that all assembly hardware is securely tightened.

- **Doors Not Aligning:** The hinges on the barn doors are typically adjustable. Refer to your assembly manual for specific instructions on how to adjust the hinges to achieve proper door alignment. Small adjustments can often resolve gaps or unevenness.
- **Drawers Sticking:** Check that the drawer slides are clean and free of debris. Ensure the drawer is correctly seated on its runners. Avoid overloading drawers beyond their weight capacity.
