

Gawfolk GF320E

Gawfolk 32-inch QHD Curved Computer Monitor User Manual

Model: GF320E

Brand: Gawfolk

1. INTRODUCTION

Thank you for choosing the Gawfolk 32-inch QHD Curved Computer Monitor. This monitor is designed to provide an immersive visual experience with its 1500R curvature and crisp 2560x1440p resolution. Featuring a VA screen, it offers a dynamic contrast ratio of 4000:1, making it an excellent choice for various applications including business, office, home, and dormitory use.

Its ultra-slim, edgeless design allows for seamless multi-monitor setups, enhancing your visual workspace. Advanced technologies such as Flicker-Free and Low Blue Light are integrated to ensure clear pictures, smooth videos, and reduced eye strain during extended use.

2. WHAT'S IN THE BOX

- Gawfolk 32-inch Computer Monitor
- HDMI Cable
- Base and Stand components
- Screws for assembly
- User Manual

Image: The Gawfolk 32-inch curved monitor with its stand, showcasing the sleek design and the included accessories like the HDMI cable and power adapter.

3. SETUP INSTRUCTIONS

3.1. Monitor Assembly

Carefully remove the monitor and its components from the packaging. Attach the stand base to the stand neck, then secure the assembled stand to the back of the monitor using the provided screws. Ensure all connections are firm.

Video: Official guide on how to install the monitor stand, demonstrating the step-by-step assembly process for secure attachment.

3.2. Connectivity

The Gawfolk monitor offers versatile connectivity options. Connect your PC, laptop, Xbox, or other devices using the available ports:

- **HDMI (2.0) x 1:** For high-definition video and audio transmission.
- **DisplayPort (1.2) x 1:** For high-resolution video and audio, often preferred for gaming.
- **Audio Out x 1:** To connect external speakers or headphones.

Ensure the power adapter is securely connected to the monitor and a power outlet.

Image: Diagram illustrating the monitor's dimensions and various input/output ports, including HDMI, DisplayPort, Audio Out, and DC power input.

3.3. Wall Mounting (Optional)

The monitor is compatible with VESA wall mounts (100mm x 100mm). If you choose to wall mount, ensure you use a VESA-compliant bracket and follow the instructions provided with your wall mount kit.

Connectivity & VESA Compatibility

Image: The monitor shown mounted on an adjustable VESA arm, highlighting its compatibility with 100x100mm VESA standards for flexible placement.

4. OPERATING INSTRUCTIONS

4.1. Power On/Off

Press the power button, usually located on the back or bottom of the monitor, to turn it on or off. The power indicator light will illuminate when the monitor is active.

4.2. Input Selection

Use the monitor's On-Screen Display (OSD) menu to select the desired input source (HDMI, DisplayPort). Navigate the OSD using the buttons typically found on the back or bottom right of the monitor.

4.3. Display Settings

The OSD menu allows you to adjust various display settings, including brightness, contrast, color temperature, and picture modes. This monitor features:

- **Flicker-Free Technology:** Reduces screen flickering for a more comfortable viewing experience.
- **Low Blue Light Mode:** Minimizes blue light emissions to reduce eye strain, especially during prolonged use.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Gawfolk monitor, follow these maintenance guidelines:

- **Cleaning the Screen:** Gently wipe the screen with a soft, lint-free cloth. For stubborn marks, lightly dampen the cloth with water or a non-abrasive screen cleaner. Avoid spraying liquid directly onto the screen.
- **Cleaning the Casing:** Use a soft, dry cloth to clean the monitor's casing. Do not use strong detergents or solvents.
- **Ventilation:** Ensure the ventilation openings on the monitor are not blocked to prevent overheating.
- **Handling:** Avoid placing heavy objects on the monitor or applying excessive pressure to the screen.

6. TROUBLESHOOTING

If you encounter issues with your monitor, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
No image on screen	No power; Incorrect input source; Loose video cable	Check power connection; Select correct input via OSD; Reconnect video cable securely.
Image is blurry or distorted	Incorrect resolution; Graphics card driver issue	Set display resolution to 2560x1440p; Update graphics drivers.
No sound from audio out	Volume too low; Incorrect audio output selected on PC	Adjust monitor/PC volume; Ensure monitor is selected as audio output device.
Monitor flickering	Refresh rate mismatch; Cable issue	Ensure refresh rate is set correctly (e.g., 75Hz); Try a different video cable.

Video: An out-of-box inspection of the monitor, which can help verify components and initial setup for troubleshooting.
If the problem persists after trying these steps, please contact Gawfolk customer support.
