Skyworth 50SUE9500

Skyworth 50SUE9500 50-Inch UHD QLED Google TV User Manual

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Skyworth 50SUE9500 50-Inch UHD QLED Google TV. Please read it thoroughly before using the television and retain it for future reference. This television features a 50-inch 4K UHD QLED display, integrated Google TV platform, and advanced audio technologies.

2. SAFETY INFORMATION

Always observe the following safety precautions to prevent electric shock, fire, or damage to the television:

- Do not expose the television to rain or moisture.
- Do not open the television casing; refer all servicing to qualified personnel.
- Ensure proper ventilation around the television.
- Use only the power cord supplied with the television.
- Keep the television away from direct sunlight, heat sources, and strong magnetic fields.
- Unplug the television during lightning storms or when unused for long periods.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Skyworth 50SUE9500 50-Inch UHD QLED Google TV
- Remote Control
- Power Cord
- TV Stand Components
- User Manual (this document)

4. SETUP

4.1. Stand Installation

Carefully place the television face down on a soft, clean surface. Attach the stand components to the designated slots on the bottom of the television using the provided screws. Ensure the stand is securely fastened before placing the TV upright.

7. MAINTENANCE

7.1. Cleaning the Screen

Gently wipe the screen with a soft, lint-free cloth. For stubborn marks, lightly dampen the cloth with water or a specialized screen cleaner. Do not spray liquid directly onto the screen.

7.2. Cleaning the Casing

Use a soft, dry cloth to clean the television casing. Avoid using abrasive cleaners or solvents.

8. TROUBLESHOOTING

If you encounter issues with your television, refer to the following common problems and solutions:

- **No Power:** Ensure the power cord is securely plugged into both the TV and a working electrical outlet. Check the power indicator light.
- **No Picture, But Sound:** Verify the correct input source is selected. Check cable connections to external devices.
- **No Sound, But Picture:** Check the volume level and mute settings. Ensure external audio systems are properly connected and powered on.
- **Remote Control Not Working:** Replace the batteries. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Poor Picture Quality:** Check antenna or cable connections. Adjust picture settings in the menu. For streaming content, check your internet connection speed.
- **Internet Connection Issues:** For Wi-Fi, ensure the password is correct and the router is working. For wired connection, check the LAN cable. Try restarting your router.

If the problem persists, contact customer support.
