

Moimhear WX000125-6

Moimhear Metal Bunk Bed (WX000125-6) 140x200cm, White

Instruction Manual

1. INTRODUCTION

Thank you for choosing the Moimhear Metal Bunk Bed. This manual provides detailed instructions for the safe assembly, operation, and maintenance of your new bunk bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This bunk bed, model WX000125-6, is designed for efficient space utilization and features a robust metal construction, suitable for children's rooms or compact living spaces. The bed measures 140x200cm and comes in a classic white finish.

2. SAFETY INFORMATION

- **Maximum Weight Capacity:** Each bed (upper and lower) is designed to support a maximum weight of 120 kg. Do not exceed this limit.
- **Upper Bunk Safety:** The upper bunk features safety rails with a height of 26 cm to prevent falls. Ensure these rails are always securely in place.
- **Ladder Safety:** Always use the provided ladder for accessing the upper bunk. Ensure the ladder is stable before climbing.
- **Assembly:** Ensure all bolts and connections are tightened securely during assembly. Periodically check and re-tighten all fasteners.
- **Mattress Compatibility:** Use only mattresses that fit the bed dimensions (140 x 200 cm) to ensure proper fit and safety. The mattress for the upper bunk should not exceed the height of the safety rails.
- **Environmental Compliance:** The bed frame is constructed from metal and does not contain substances harmful to the human body.
- **Children:** This bunk bed is designed for children. Adult supervision is recommended, especially for

younger children using the upper bunk.

3. PACKAGE CONTENTS

Your Moimhear Metal Bunk Bed is shipped in two separate packages. Please ensure you have received both packages before beginning assembly. Carefully unpack all components and verify against the parts list provided in the assembly guide (not included in this document, refer to the physical manual). If any parts are missing or damaged, please contact customer support.

Typical components include:

- Metal bed frame sections (headboards, footboards, side rails)
- Metal bed slats for both upper and lower bunks
- Ladder components
- Hardware pack (screws, bolts, washers, Allen key)
- Assembly instructions (separate document)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Moimhear Metal Bunk Bed requires two adults. Please follow the step-by-step instructions provided in the separate assembly manual that accompanies your product. All parts are numbered to facilitate quick and accurate assembly.

1. **Preparation:** Clear a spacious area for assembly. Lay out all components and hardware. Ensure you have the necessary tools (usually an Allen key is provided, but a screwdriver might be needed for some parts).
2. **Assemble Lower Bed Frame:** Begin by connecting the headboard and footboard of the lower bed with the side rails. Do not fully tighten bolts until all connections are made.
3. **Install Lower Bed Slats:** Attach the metal slats to the lower bed frame. Ensure they are evenly spaced and securely fastened.
4. **Assemble Upper Bed Frame:** Repeat the process for the upper bed frame, including the safety rails.
5. **Connect Bunks:** Carefully lift and connect the upper bed frame to the lower bed frame using the designated connectors. Ensure proper alignment.
6. **Attach Ladder:** Securely attach the ladder to the bunk bed frame as indicated in the assembly manual.
7. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and fasteners. Do not overtighten.
8. **Placement:** Position the assembled bunk bed against a wall for added stability, if possible.

Assembling this bed can be a collaborative activity, suitable for doing with your children to develop their practical skills under adult supervision.

5. OPERATING INSTRUCTIONS

The Moimhear Metal Bunk Bed is designed for sleeping and resting. To ensure safe and proper use:

- **Mattress Placement:** Place a standard 140 x 200 cm mattress on both the upper and lower bunk slat bases. Ensure the mattress fits snugly within the frame.
- **Upper Bunk Access:** Always use the integrated ladder to access the upper bunk. Do not jump onto or off the upper bunk.
- **Weight Distribution:** Distribute weight evenly on both bunks. Avoid concentrating heavy loads in one area.
- **Play:** Discourage rough play or jumping on the bunk bed to prevent injury and damage to the frame.

Figure 4: Detail of the upper bunk's safety rail, highlighting its height and protective design.

6. MAINTENANCE

Regular maintenance will help prolong the life and ensure the safety of your Moimhear Metal Bunk Bed.

- **Cleaning:** Wipe the metal frame with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections. Retighten any loose fasteners to maintain structural integrity.
- **Slat Inspection:** Inspect the metal slats for any signs of bending or damage. Replace any damaged slats immediately.

- **Movement:** If you need to move the bed, lift it rather than dragging it to prevent damage to the frame and flooring.

7. TROUBLESHOOTING

If you encounter any issues with your Moimhear Metal Bunk Bed, refer to the following common solutions:

- **Missing Parts:** The product ships in two packages. If you believe parts are missing, first verify that both packages have arrived. If parts are still missing, contact customer support with your model number and a description of the missing items.
- **Bed Feels Unstable/Wobbly:** Ensure all bolts and fasteners are fully tightened. Check that the bed is placed on a level surface. If possible, position the bed against a wall for added stability.
- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts, especially those connecting the main frame components. Applying a small amount of lubricant (e.g., silicone spray) to connection points can also help.
- **Difficulty Assembling:** Review the assembly manual carefully. Ensure you are using the correct hardware for each step. Do not force parts together. If a step is unclear, contact customer support.

8. SPECIFICATIONS

Feature	Specification
Model Number	WX000125-6
Brand	Moimhear
Dimensions (L x W x H)	203 x 145 x 140 cm
Weight	35 kg
Material	Metal
Color	White
Maximum Load Capacity (per bed)	120 kg
Compatible Mattress Size	140 x 200 cm
