**CODi A01058**

# CODi 7-Port Mini USB-C Docking Station
### MODEL: A01058

## Introduction

The CODi 7-Port Mini USB-C Docking Station (Model A01058) is designed to expand the connectivity of your USB-C enabled laptop, tablet, or desktop PC. This compact and versatile docking station allows you to connect multiple peripherals, external displays, and network connections through a single USB-C port, enhancing your productivity and streamlining your workspace.

This manual provides detailed instructions for setting up, operating, and maintaining your docking station, along with troubleshooting tips and product specifications. Please read this manual thoroughly before using the device.

## Safety Information

- Keep the device away from water, fire, high temperatures, and corrosive substances.
- Do not attempt to disassemble, repair, or modify the device. This may void the warranty and pose safety risks.
- Avoid dropping or subjecting the device to strong impacts.
- Use only compatible power adapters and cables.
- Ensure proper ventilation around the device during operation.

## Package Contents

Please check the package for the following items:

- CODi 7-Port Mini USB-C Docking Station (A01058)
- User Manual (this document)

## Product Overview

The CODi 7-Port Mini USB-C Docking Station features a compact design with multiple ports to enhance your

connectivity. Refer to the diagram below for a visual representation of the ports.

*Image: Overview of the CODi 7-Port Mini USB-C Docking Station, highlighting its various ports including USB 3.0, TF Card Slot, USB-C Connectivity, USB-C PD Charging, HDMI, and Network Port, along with their respective specifications.*

The docking station includes the following ports:

- **1x USB-C PD Charging Port:** Up to 100W power delivery for charging your host device.
- **2x HDMI Ports:** Supports resolutions up to 4K@30Hz or 1920x1080@60Hz for external displays.
- **1x 10/100/1000Mbps Ethernet Port:** Provides a stable wired network connection.
- **2x USB 3.2 Gen 1 Ports:** Data transfer speed up to 5 Gbps for connecting USB peripherals.
- **1x Micro-SD Slot:** Supports Micro-SD cards up to 512GB for data transfer.

## Setup

Follow these steps to set up your CODi 7-Port Mini USB-C Docking Station:

1. **Connect to Host Device:** Plug the integrated USB-C cable from the docking station into an available USB-C port on your laptop, tablet, or desktop PC. Ensure the USB-C port on your host device supports video output (DisplayPort Alternate Mode) and power delivery for full functionality.

2. **Connect Power (Optional but Recommended):** For optimal performance and to charge your host device, connect your original USB-C power adapter to the USB-C PD charging port on the docking station.

3. **Connect Peripherals:** Connect your desired peripherals (e.g., monitor, keyboard, mouse, Ethernet cable, Micro-SD card) to the corresponding ports on the docking station.

*Image: The CODi 7-Port Mini USB-C Docking Station connected to a laptop, demonstrating a typical setup for expanded connectivity.*

## Operating Instructions

Once connected, the docking station operates automatically. Below are details on using each port:

- **USB-C PD Charging Port:** Connect your laptop's USB-C power adapter to this port to provide up to 100W of power to your host device through the docking station. This port is for power input only, not data transfer.

- **HDMI Ports:** Connect external monitors using HDMI cables. Your operating system should automatically detect the displays. You may need to configure display settings (e.g., extend, mirror) in your computer's display settings. Refer to the 'Display Configuration' section for more details.

- **USB 3.2 Gen 1 Ports:** Plug in USB devices such as keyboards, mice, USB flash drives, or external hard drives. These ports support data transfer speeds up to 5 Gbps.

- **Ethernet Port:** Connect an Ethernet cable from your router or network switch to this port for a stable wired internet connection. The port supports 10/100/1000Mbps speeds.

- **Micro-SD Slot:** Insert a Micro-SD card into this slot to access its contents. The slot supports cards up to 512GB.

## Display Configuration

The CODi docking station supports various display configurations depending on your operating system and

the number of monitors connected. You can configure your display settings through your computer's operating system.

*Image: A visual guide illustrating various display configurations for Windows and Apple/macOS/ChromeOS users, including extended and mirrored display options with resolutions up to 4K@30Hz or 1920x1080@60Hz.*

## Windows Operating System:

- **(1) Extended Display:** Connect one HDMI monitor for an extended desktop experience at 4K@30Hz.
- **(2) Mirrored Displays:** Connect two HDMI monitors to mirror your primary display at 1920x1080@60Hz.
- **(2) Extended Displays:** Connect two HDMI monitors for an extended desktop across both displays at 1920x1080@60Hz.

## Apple/macOS, ChromeOS:

- **(2) Mirrored Displays:** Connect two HDMI monitors to mirror your primary display at 4K@30Hz.
- **(2) Extended Mirrored Displays:** Connect two HDMI monitors for an extended desktop, with both external displays mirroring each other, at 4K@30Hz.
- **(2) Mirrored Displays:** Connect two HDMI monitors to mirror your primary display at 4K@30Hz.

To adjust display settings, navigate to your operating system's display preferences (e.g., Windows: Settings > System > Display; macOS: System Settings > Displays).

## Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the surface of the docking station. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use, store the docking station in a cool, dry place away from direct sunlight.
- **Cable Care:** Avoid bending or twisting the integrated USB-C cable excessively to prevent damage.

## Troubleshooting

- **No Display Output:**
  - Ensure your host device's USB-C port supports DisplayPort Alternate Mode.
  - Check that HDMI cables are securely connected to both the docking station and the monitor.
  - Verify the monitor input source is set correctly (e.g., HDMI 1, HDMI 2).
  - Try restarting your host device.

- **No Power Delivery to Host Device:**
  - Ensure your original USB-C power adapter is connected to the docking station's USB-C PD port.
  - Confirm your host device's USB-C port supports power delivery.

- **USB Devices Not Working:**
  - Ensure the docking station is securely connected to your host device.
  - Try connecting the USB device to a different USB port on the docking station or directly to your host device to rule out device issues.

- **Ethernet Connection Issues:**
  - Check the Ethernet cable connection to both the docking station and your router/modem.
  - Verify network settings on your host device.

## Specifications

| Feature | Specification |
| --- | --- |
| Model Number | A01058 |
| Brand | CODi |
| Ports | 1x USB-C PD, 2x HDMI, 1x Ethernet, 2x USB 3.2 Gen 1, 1x Micro-SD |
| USB-C PD Charging | Up to 100W |
| HDMI Resolution | Up to 4K@30Hz or 1920x1080@60Hz |
| Ethernet Speed | 10/100/1000Mbps |
| USB Data Transfer Speed | Up to 5 Gbps (USB 3.2 Gen 1) |
| Micro-SD Card Support | Up to 512GB |
| Hardware Interface | USB Type C |

| Item Weight | 3.52 ounces (0.1 Kilograms) |
|---|---|
| Color | Black |

## Warranty and Support

CODi products are designed for reliability and performance. For information regarding warranty coverage, technical support, or service inquiries, please refer to the official CODi website or contact their customer support directly. Keep your purchase receipt as proof of purchase for warranty claims.
