Philco 3 in 1 Magnetic Wireless Charger

Philco 3-in-1 Magnetic Wireless Charging Station User Manual

Model: 3 in 1 Magnetic Wireless Charger

1. Introduction

Thank you for choosing the Philco 3-in-1 Magnetic Wireless Charging Station. This device is designed to provide a convenient and efficient charging solution for your iPhone (MagSafe compatible), Apple Watch, and AirPods simultaneously. Its compact and foldable design makes it ideal for both home and travel use. Please read this manual thoroughly before using the product to ensure proper operation and to maximize its lifespan.

2. Product Features

- **3-in-1 Charging:** Simultaneously charges iPhone (MagSafe compatible), Apple Watch, and AirPods.
- **15W Fast Charging:** Delivers up to 15W wireless fast charging for compatible iPhones.
- **Magnetic Alignment:** Strong magnetic connection ensures precise alignment for efficient charging.
- **Foldable & Portable Design:** Compact form factor for easy storage and travel.
- **RGB Color Changing Light:** Integrated ambient lighting with customizable colors.
- **USB-C Power Input:** Utilizes a universal USB-C port for power input.
- **Advanced Safety Features:** Built-in temperature control, overcharge protection, and short-circuit prevention.
- **Qi2-Certified Technology:** Ensures safe and reliable power delivery.

3. Package Contents

Please check the package for the following items:

- Philco 3-in-1 Magnetic Wireless Charging Station
- USB Type-C to Type-C Cable

Note: A power adapter (charging brick) is not included and must be purchased separately. For optimal performance, use a power

adapter that supports at least 18W Power Delivery (PD) or Quick Charge (QC) 3.0.

4. Setup Instructions

1. **Unpack the Device:** Carefully remove the charging station and USB-C cable from the packaging.
2. **Unfold the Station:** The charging station is designed to be compact. Gently unfold the MagSafe charging pad upwards and extend the Apple Watch charging arm and AirPods charging pad as shown in the diagram below.
3. **Connect Power:** Insert one end of the provided USB Type-C cable into the USB-C input port on the back of the charging station. Connect the other end of the USB-C cable to a compatible power adapter (not included).
4. **Power On:** Plug the power adapter into a wall outlet. The RGB light at the base of the charging station will illuminate, indicating that the device is powered on and ready for use.

Image: The Philco 3-in-1 Magnetic Wireless Charging Station unfolded and ready for use, showcasing its compact design and illuminated RGB base.

5. Operating Instructions

5.1 Charging Your iPhone

1. Ensure your iPhone is MagSafe compatible (iPhone 11/12/13/14/15/16 series) or has a MagSafe-compatible case.
2. Place your iPhone onto the magnetic charging pad. The magnets will automatically align your device for optimal charging.
3. The charging indicator on your iPhone screen will confirm that charging has begun.

Image: Demonstrates the magnetic snap-and-charge functionality for iPhones, highlighting secure placement and charging initiation.

Image: The iPhone charging pad allows for 360-degree rotation, enabling flexible viewing angles during charging.

5.2 Charging Your Apple Watch

1. Extend the Apple Watch charging arm from the side of the station.
2. Place your Apple Watch onto the dedicated charging module. Ensure the watch is properly seated and the charging icon appears on its screen.

5.3 Charging Your AirPods

1. Place your AirPods case (with wireless charging capability) onto the designated charging pad at the base of the station.
2. The indicator light on your AirPods case will confirm charging status.

Image: The charging station actively charging an iPhone, Apple Watch, and AirPods, showcasing its intuitive and effective smart charging capabilities with RGB lighting.

5.4 Adjusting RGB Lighting

The charging station features an RGB color-changing light at its base. A small button on the front of the base controls the lighting. Press the button to cycle through different colors or to turn the light off. This feature can enhance your charging experience and serve as a nightlight.

Image: Comparison showing the charging station with its RGB ambient light both on and off, illustrating the customizable lighting feature.

6. Compatibility

This charging station is designed for broad compatibility within the Apple ecosystem:

- **iPhones:** iPhone 11, 12, 13, 14, 15, and 16 series (including Pro, Pro Max, Plus, and mini models) with MagSafe compatibility.
- **Apple Watch:** Apple Watch Series 2, 3, 4, 5, 6, 7, 8, 9, SE, and SE2.
- **AirPods:** AirPods 3, AirPods Pro, AirPods Pro 2, and AirPods with Wireless Charging Case.

Image: A visual guide detailing the extensive compatibility of the charging station across different generations of iPhone, Apple Watch, and AirPods.

Case Compatibility

The charging station supports charging with phone cases up to 0.16 inches (4mm) thick. Metal cases, cases with magnets, or cases with PopSockets may interfere with charging and should be removed.

Image: Illustrates which types of phone cases are compatible or incompatible with the wireless charging function, emphasizing the 4mm thickness limit and issues with metal/magnetic attachments.

7. Safety Information

To ensure safe operation and prevent damage to the device or injury, please adhere to the following safety guidelines:

- Do not expose the device to water, moisture, or extreme temperatures.
- Avoid dropping, disassembling, or attempting to repair the device yourself.
- Use only the provided USB-C cable and a compatible power adapter.
- Keep the charging station away from heat sources, direct sunlight, and flammable materials.
- Do not place metal objects, credit cards, or other foreign objects on the charging pads, as this may interfere with charging or cause damage.
- Ensure proper ventilation around the device during use.
- Unplug the charging station during lightning storms or when unused for extended periods.

Image: Highlights the built-in safety mechanisms of the charging station, including protection against over-temperature, short circuits, over-voltage, and over-current.

8. Maintenance

To maintain the performance and appearance of your charging station:

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry, lint-free cloth to wipe the surface. Do not use abrasive cleaners, solvents, or aerosol sprays.
- **Storage:** When not in use, store the charging station in a cool, dry place, away from direct sunlight and extreme temperatures. Its foldable design allows for compact storage.
- **Cable Care:** Avoid bending or crimping the USB-C cable excessively. Always grasp the plug, not the cable, when disconnecting.

9. Troubleshooting

Problem	Possible Cause	Solution
Device not charging	No power to the station; Device not properly aligned; Incompatible case; Foreign object on pad.	Ensure power adapter is connected and working; Realign device on the charging pad; Remove phone case or foreign objects.
Slow charging	Underpowered adapter; Background apps on device; Device overheating.	Use a PD/QC 3.0 compatible power adapter (18W or higher); Close unnecessary apps; Allow device to cool down.
RGB light not working	Not powered on; Light turned off.	Ensure station is plugged in; Press the RGB control button to cycle through modes or turn on.
Magnetic connection is weak	Non-MagSafe phone/case; Thick or non-magnetic case.	Ensure iPhone is MagSafe compatible or use a MagSafe-compatible case; Remove thick or non-magnetic cases.

10. Specifications

Feature	Detail
Model Number	3 in 1 Magnetic Wireless Charger
Input Voltage	9 Volts
iPhone Wireless Output	Up to 15W (MagSafe compatible)
Apple Watch Wireless Output	3W
AirPods Wireless Output	5W
Connector Type	USB Type-C
Dimensions (Folded)	Approx. 7.99 x 3.78 x 3.03 inches
Item Weight	10.8 ounces
Color	Black
Manufacturer	Philco
Country of Origin	China

11. Warranty and Support

Philco products are designed and manufactured to the highest quality standards. For information regarding warranty coverage, technical support, or customer service, please refer to the warranty card included with your purchase or visit the official Philco website. Please retain your proof of purchase for any warranty claims.
For further assistance, you may contact Philco customer support through the contact information provided on the product packaging or the official brand website.
