### Key Assembly Steps:

1. **Prepare Components:** Unpack all parts and lay them out. Verify all components are present against the parts list.
2. **Assemble Drawers:** Attach the wheels and front panels to the drawer frames. Ensure secure fastening.

3. **Assemble Bed Frame:** Connect the side rails to the headboard and footboard using the provided hardware.
4. **Install Slats:** Place the wooden slats into the designated slots on the bed frame. Secure them with the plastic locks to prevent movement and noise.
5. **Adjust Headboard Height:** The headboard has two adjustable height settings. Choose the appropriate height for your mattress (recommended 10-12 inches).

**Mattress :**

Recommended height: **8-12 inches**

**Mattress+Box Spring:**

Recommended total height: **8-12 inches**

## 5. OPERATING INSTRUCTIONS

---

### 5.1. LED Headboard Lights

The integrated LED lights in the headboard offer various colors and modes to enhance your room's ambiance. They can be controlled via a remote or a smartphone application.

#### Remote Control:

- Ensure the plastic film is removed from the remote control before use.
- Point the remote control at the headboard and operate it within 2-3 meters for optimal responsiveness.
- Use the 'ON' button to turn on the lights and 'OFF' to turn them off.
- Select desired colors, adjust brightness, and choose from various dynamic modes (e.g., flashing, fading) using the remote buttons.
- The remote also features a music activation mode, allowing the lights to react to sound.

#### Smartphone App Control:

- Scan the QR code provided in the manual or on the controller to download and install the dedicated application.
- Ensure your smartphone's Bluetooth is enabled. The LED light will automatically connect to the app.
- Use the app to select colors from a color wheel, adjust brightness, choose from various modes, and set schedules for light on/off times.
- The app can also import music files from your phone to enable music synchronization with the LED lights.

## 5.2. Storage Drawers

The bed frame includes four spacious drawers for convenient storage. Each drawer is equipped with smooth-rolling wheels and a secure latch mechanism.

- To open a drawer, gently pull the front panel outwards.
- To close a drawer, push the front panel inwards until the secure latch engages, preventing accidental sliding.
- These drawers are ideal for storing clothes, bedding, toys, and other items to keep your bedroom tidy.

## 6. MAINTENANCE

---

- **Cleaning:** Wipe the upholstered surfaces with a damp cloth. Avoid harsh chemicals that may damage the faux leather.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.
- **Drawer Maintenance:** Keep the drawer tracks clean from dust and debris to ensure smooth operation of the wheels.

## 7. TROUBLESHOOTING

### Common Issues and Solutions:

- **Squeaking Noise:** Ensure all bolts and screws are securely tightened. Check that the wooden slats are properly seated in their plastic locks.
- **LED Lights Not Working:** Verify that the power adapter is correctly connected to both the LED strip and a working power outlet. Check the remote control battery and ensure the plastic film is removed. If using the app, confirm Bluetooth is enabled and the app is connected to the device.
- **Drawers Not Rolling Smoothly:** Check for any obstructions in the drawer tracks or on the wheels. Clean any dust or debris. Ensure the drawers are correctly aligned.
- **Bed Frame Instability:** Re-check all connections and ensure all hardware is fully tightened. Make sure the bed is placed on a level surface.
