Auxmir M1

Auxmir LED Night Light Bedside Lamp M1 User Manual

Model: M1 | Brand: Auxmir

1. Introduction

This manual provides detailed instructions for the safe and effective use of your Auxmir LED Night Light Bedside Lamp, Model M1. Please read this manual thoroughly before operating the device and retain it for future reference.

The Auxmir LED Night Light is a versatile, rechargeable lamp featuring touch and remote control, offering 13 color options, 5 brightness levels, and multiple lighting modes. Its portable design makes it suitable for various indoor and outdoor environments.

2. Package Contents

Verify that all items listed below are included in your package:

- 1x Auxmir Bedside LED Lamp
- 1x Auxmir Night Light Lamp Remote Control
- 1x Auxmir Table Lamp User Manual
- 1x Auxmir Nursery Night Light Lamp USB Port (USB-C charging cable)

3. Safety Instructions

- Do not disassemble or modify the lamp.

- Keep the device away from water and high humidity.
- Avoid exposing the lamp to direct sunlight or extreme temperatures.
- Use only the provided or a compatible USB-C charging cable.
- Keep out of reach of small children unless supervised.

4. Setup

1. **Initial Charge:** Before first use, fully charge the lamp using the provided USB-C cable. Connect the cable to the charging port on the lamp's base and to a compatible USB power adapter (not included). The charging indicator will show the charging status.
2. **Remote Control:** Ensure the remote control has a working battery. If necessary, remove the plastic tab from the battery compartment.

5. Operating Instructions

5.1. Touch Control

The lamp features a 360-degree touch control panel on its top surface.

- **Power On/Off:** Press and hold the touch panel for approximately 2 seconds to turn the lamp on or off.
- **Change Color:** Tap the touch panel to cycle through the available colors in constant mode.
- **Adjust Brightness:** In white light mode, tap the touch panel to cycle through the 5 brightness levels.

A hand is shown touching the top surface of the Auxmir LED Night Light, demonstrating the intuitive touch control feature. The lamp emits a warm white light, and the image emphasizes the ease of changing settings by touch.

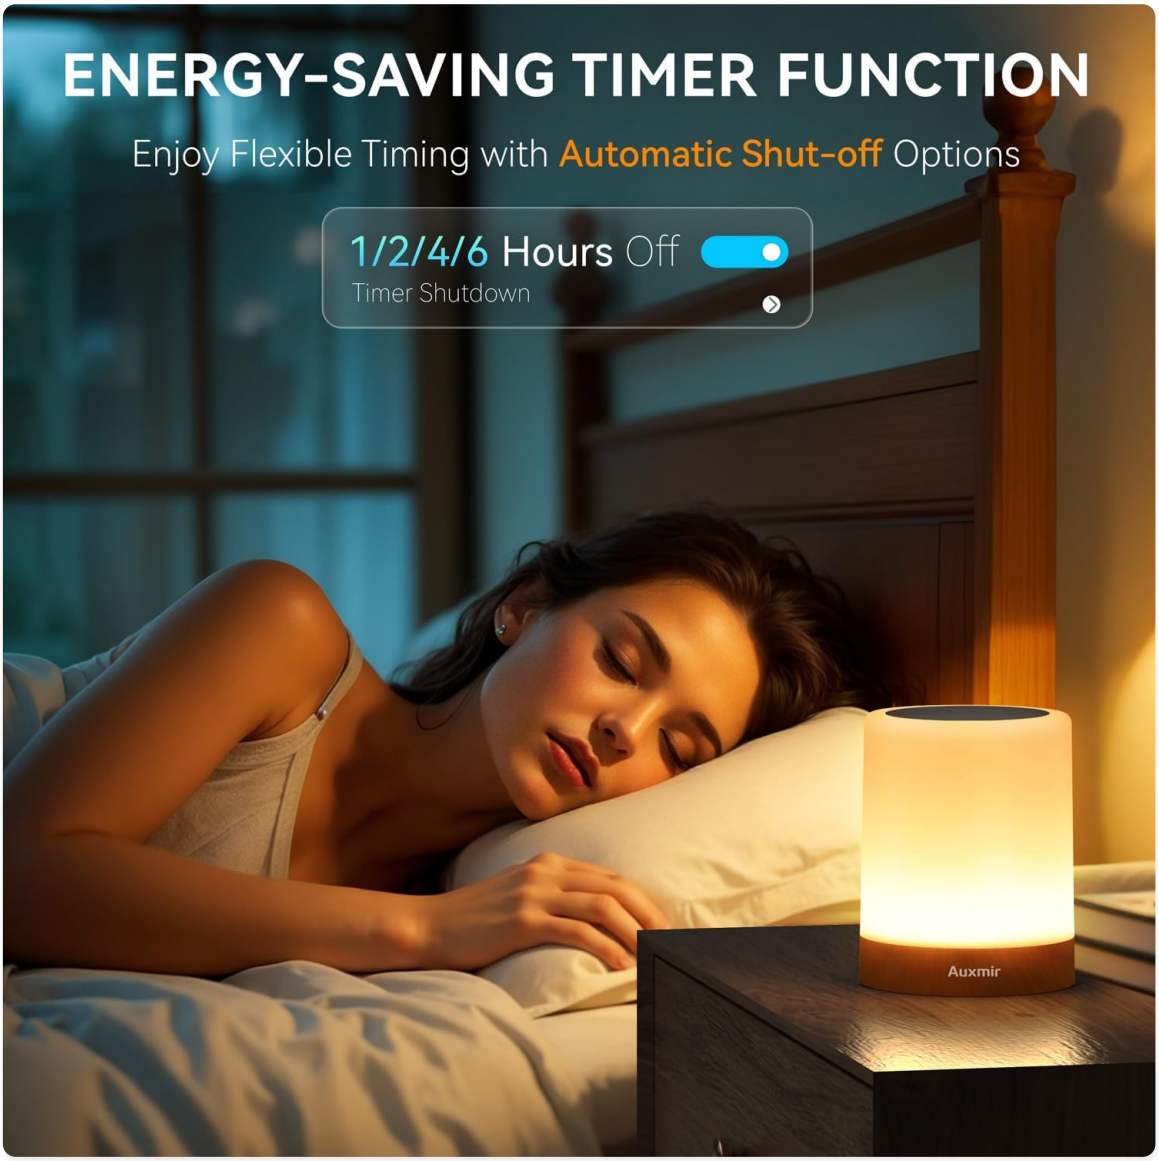
5.2. Remote Control

The included remote control provides comprehensive control over the lamp's functions.

- **Power On/Off:** Use the 'ON' and 'OFF' buttons.
- **Color Selection:** Select from 13 distinct colors using the color buttons (R, G, B, W, and various color dots).
- **Brightness Adjustment:** Use the brightness adjustment buttons (sun icons) to select from 5 brightness levels.
- **Light Modes:** Choose from 4 dynamic lighting modes: **Flash**, **Strobe**, **Fade**, and **Constant**.
- **Timer Function:** Set the lamp to automatically turn off after 1, 2, 4, or 6 hours using the respective timer buttons (1H, 2H, 4H, 6H).

Several Auxmir LED Night Lights are arranged on shelves, each glowing in a different vibrant color, illustrating the 13 unique color options available. The lamps have a white cylindrical body and a wooden base.

Five Auxmir LED Night Lights are placed in various spots in a bedroom, showcasing the five adjustable brightness levels from dim to bright. The lamps emit a warm glow, highlighting their versatility for different lighting needs.



The Auxmir LED Night Light is positioned on a bedside table, casting a soft, warm light. The image highlights the energy-saving timer function, with a graphic indicating automatic shut-off options (1/2/4/6 hours), ideal for bedtime use.

An Auxmir LED Night Light is on a wooden table, glowing with a warm light. Graphics illustrate the four distinct light modes: Flash, Strobe, Fade, and Constant, suggesting its use for creating various ambiances, including during music sessions.

5.3. Portability and Hanging

The lamp is designed for easy portability and can be used in various locations. It includes a built-in handle for hanging.

The Auxmir LED Night Light is shown hanging from the top of a tent, providing illumination for two children playing inside. This image illustrates the lamp's portable and hangable design, making it suitable for outdoor activities like camping.

6. Charging

The Auxmir LED Night Light is equipped with a high-capacity 3000 mAh lithium battery, providing extended usage time.

- **Battery Life:** Up to 12-15 hours on high brightness and over 150 hours on low brightness.
- **Charging:** Use the provided USB-C cable to charge the lamp. The charging port is located on the base.

The Auxmir LED Night Light is displayed next to a laptop, illustrating its compact size (9 cm diameter, 12 cm height). Text overlays highlight its high-capacity 3000 mAh lithium battery, offering 12-15 hours on high brightness and over 150 hours on low brightness.

7. Maintenance

- **Cleaning:** Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the lamp in a cool, dry place when not in use for extended periods.

8. Troubleshooting

Problem	Possible Cause	Solution
Lamp does not turn on.	Low battery or power switch is off.	Charge the lamp fully. Ensure the power switch on the base is in the 'on' position.
Remote control not working.	Remote battery depleted or obstruction.	Replace the remote control battery. Ensure no obstructions between the remote and the lamp.
Light flickers or is dim.	Low battery.	Recharge the lamp.
