Air Wick 3246068

Air Wick Active Fresh Automatic Aerosol-Free Air Freshener Refill, Ocean Scent

Instruction Manual

INTRODUCTION

Thank you for choosing Air Wick Active Fresh Automatic Air Freshener Refills. This product is designed to provide continuous, long-lasting fragrance and odor neutralization in your home. Our first and best aerosol-free automatic spray features a gentle ocean breeze scent, contains 0% propellants or dyes, and utilizes a water-based formula with natural essential oils. This manual provides essential information for the safe and effective use of your Air Wick Active Fresh refills.

SAFETY INFORMATION

Please read and retain these safety instructions before use.

- Keep out of reach of children.
- If medical advice is needed, have product container or label at hand.
- Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking.
- Do not spray near a flame or other ignition source.
- **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- Protect from sunlight. Do not expose to temperatures exceeding 50 °C (122 °F).
- Contains Linalool, Isoeugenol. May produce an allergic reaction.

PRODUCT OVERVIEW

The Air Wick Active Fresh refill is designed for use with the Air Wick Active Fresh automatic device (sold separately). Each refill bottle contains 228 ml of ocean-scented liquid, formulated with natural essential oils for a pleasant and continuous fragrance experience.

SETUP

1. **Prepare the Device:** Ensure your Air Wick Active Fresh automatic device is turned off before inserting the refill.
2. **Remove Old Refill (if applicable):** If replacing an empty refill, gently pull the old bottle downwards and out of the device.
3. **Insert New Refill:** Align the new Air Wick Active Fresh refill bottle with the opening in the automatic device. Push the bottle upwards into the device until you hear a click, indicating it is securely in place.
4. **Activate Device:** Once the refill is inserted, you can turn on your automatic device and select your desired fragrance intensity settings.

OPERATING INSTRUCTIONS

The Air Wick Active Fresh automatic device (not included with this refill pack) is designed to automatically release a light mist of fragrance, providing 24/7 odor neutralization and freshness. The device offers adjustable settings for fragrance diffusion.

1. **Power On:** Turn on your Air Wick Active Fresh automatic device.
2. **Adjust Intensity:** The device typically features three time intervals for fragrance diffusion, which can be adjusted by the user. Refer to your specific device's manual for detailed instructions on adjusting these settings.
3. **Boost Function:** Some devices may include an immediate boost button for an extra burst of fragrance when desired.

Image: 24/7 Odor Neutralization. This graphic illustrates the product's capability for continuous odor neutralization, showing a living space with a dog and the air freshener device, implying constant freshness.

MAINTENANCE

- **Refill Replacement:** Replace the refill bottle when empty. A single refill can last up to 70 days when the device is set to the lowest intensity.
- **Device Cleaning:** Periodically wipe the exterior of your Air Wick Active Fresh automatic device with a soft, damp cloth to remove any dust or residue. Ensure the device is turned off and unplugged before cleaning.
- **Storage:** Store unused refills in a cool, dry place, away from direct sunlight and temperatures above 50 °C (122 °F).

Image: Up to 70 Days Long-Lasting Fragrance. This image features a person relaxing, with text indicating 'Up to 70 days long-lasting fragrance', highlighting the product's extended scent delivery.

TROUBLESHOOTING

If you encounter issues with your Air Wick Active Fresh refill or device, consider the following:

- **No Fragrance Release:**
 - Check if the refill bottle is empty and replace if necessary.
 - Ensure the refill is correctly inserted into the device.
 - Verify the device is turned on and the settings are correctly adjusted.
- **Weak Fragrance:**

- Increase the fragrance intensity setting on your device.
- Ensure the device is placed in an optimal location for fragrance dispersion, away from drafts or obstructions.
- **Allergic Reaction:** If you experience any allergic reaction, discontinue use immediately and consult a medical professional. Refer to the safety information for ingredients.
