This image highlights key features of the swivel bar stools, such as the smooth 360-degree swivel, robust construction supporting up to 350 lbs, adjustable feet for uneven surfaces, and an ergonomic footrest for comfort. The rustproof cover ensures durability.

OPERATION AND USAGE

The swivel bar stools are designed for comfortable seating and feature a 360-degree rotation, allowing for easy movement and interaction in your outdoor space. The table is equipped with a 2-inch diameter umbrella hole in its center.

To utilize the umbrella hole, simply insert a standard patio umbrella (not included) into the opening. This provides optional shade during sunny days or protection during light rain.

CARE AND MAINTENANCE

The MEETWARM patio set is constructed from durable cast aluminum with a rust-resistant powder-coated surface, designed to withstand various weather conditions. Proper care will ensure its longevity and appearance.

- **Cleaning the Frame:** Wipe the aluminum frame with a damp cloth. For more thorough cleaning, use a mild soap solution and rinse with clean water. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Cushion Care:** The cushions feature zippered covers for easy removal. Machine wash the covers in cold water with a mild detergent and air dry. Do not bleach or tumble dry. Store cushions indoors during prolonged periods of non-use or inclement weather to extend their lifespan.
- **Rust Prevention:** Although rust-resistant, regular inspection and cleaning can prevent potential surface rust, especially in coastal or high-humidity environments.

This image compares the MEETWARM cast aluminum construction to iron and wood alternatives, showcasing the superior durability, all-weather resistance, and anti-fading characteristics of cast aluminum, ensuring a longer lifespan and easier maintenance.

This image focuses on the cushions, detailing their breathable vertical cotton filling, zippered covers for easy removal and washing, and strap design to secure them to the chairs, enhancing comfort and practicality.

TROUBLESHOOTING

If you encounter any issues with your patio set, please refer to the following common solutions:

- **Wobbling Table/Chairs:** Ensure all bolts and fasteners are securely tightened. Use the adjustable feet on the chairs to level them on uneven surfaces.
- **Stiff Swivel Mechanism:** If the swivel mechanism becomes stiff, apply a small amount of silicone-based lubricant to the moving parts. Avoid oil-based lubricants as they can attract dirt and debris.
- **Minor Scratches/Chips:** For small cosmetic damages to the frame, touch-up paint matching the dark bronze finish can be applied after cleaning the area.

WARRANTY INFORMATION
