## 1. INTRODUCTION AND OVERVIEW

---

Thank you for choosing the Aheaplus 8FT Closet Organizer. This comprehensive storage solution is designed to maximize your clothing and accessory organization within your bedroom or walk-in closet.

This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and efficient use of your new closet organizer.

## 2. SAFETY INFORMATION

Please read and understand all safety warnings and instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Wall Mounting:** For optimal stability and to prevent accidental tipping, it is highly recommended to secure the closet organizer to a wall using the provided anti-tip kits. This is especially important in households with children or pets.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 500 lbs for the entire unit, and 35 lbs for a single hanging rod. Distribute weight evenly across shelves and hanging rods.
- **Assembly:** Assemble the unit on a soft, clean surface to prevent scratches. Ensure all connections are tight before use. It is advisable to have two people for assembly due to the size and weight of the components.
- **Placement:** Place the organizer on a level surface. Avoid placing it in areas with high humidity or direct sunlight, which can affect the material's integrity.
- **Children Safety:** Keep small parts and packaging materials away from children during assembly. Do not allow children to climb on or play with the unit.

## 3. PACKAGE CONTENTS

The Aheaplus 8FT Closet Organizer is delivered in two separate boxes. Please verify that all components are present and undamaged before beginning assembly. Refer to the parts list provided in your physical instruction manual for exact

quantities and identification.

Typical components include:

- Engineered wood panels for shelves and drawers
- Heavy-duty metal frame bars and hanging rods
- Drawer slides and handles
- Shoe bench components
- All necessary hardware (screws, bolts, connectors)
- Tools for assembly (e.g., Allen wrench)
- Anti-tip wall mounting kit

#### 4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in your physical assembly manual. All parts are clearly labeled. Certain shelves and components must be installed in a particular order for proper fit and stability.

1. **Preparation:** Clear a large, open space for assembly. Lay out all parts and hardware, verifying against the parts list. Identify each component by its label.
2. **Frame Assembly:** Begin by assembling the main metal frame structures. Ensure all connections are secure but do not overtighten until the unit is fully aligned.
3. **Drawer Unit Assembly:** Assemble the 6 wood drawers according to the instructions. Install the drawer slides correctly.
4. **Shelf Installation:** Attach the various shelves to the frame. Pay close attention to the designated positions for each shelf, especially those that are adjustable.
5. **Hanging Rods:** Install the 4 hanging rods into their respective positions.
6. **Shoe Bench Assembly:** Assemble the shoe bench and integrate it into the main structure.
7. **Final Tightening and Wall Mounting:** Once the entire unit is assembled and aligned, tighten all screws and bolts. Securely attach the anti-tip wall mounting kit to the top of the unit and to a wall stud using appropriate tools.

If you encounter any difficulties or missing parts, please contact customer support.

## 5. OPERATING INSTRUCTIONS (USAGE)

The Aheplus Closet Organizer is designed for versatile storage of various clothing items and accessories.

- **Hanging Clothes:** Utilize the four hanging rods for suits, coats, dresses, shirts, and other garments. Distribute weight evenly.
- **Drawer Storage:** The six wood drawers are ideal for folded clothing, underwear, socks, and other private items.
- **Shelf Storage:** The multi-layer side storage shelves can accommodate folded clothing, bags, hats, and decorative items. The top shelf provides additional space for larger items or storage boxes.
- **Shoe Bench and Storage:** The integrated shoe bench provides a convenient spot for sitting while putting on or taking off shoes. The area beneath the bench and the lower shelves are designated for shoe storage.

## 6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Aheaplus Closet Organizer.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. The engineered wood surfaces are designed to be waterproof, allowing for easy cleaning.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Environmental Conditions:** Avoid prolonged exposure to direct sunlight or extreme temperature changes, which can cause warping or discoloration.

## 7. TROUBLESHOOTING

If you encounter issues with your closet organizer, refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit feels wobbly or unstable.	Not properly wall-mounted; loose connections; uneven floor.	Ensure the unit is securely anchored to the wall using the anti-tip kit. Check and tighten all screws and bolts. Place the unit on a level surface or use shims if necessary.
Drawers do not slide smoothly.	Drawer slides misaligned or not properly installed; debris in slides.	Verify that drawer slides are installed correctly and are free of obstructions. Ensure the drawer unit is square.
Missing parts or damaged components upon arrival.	Shipping damage; packaging error.	Do not proceed with assembly. Contact Aheaplus customer support immediately with your order details and a description of the missing/damaged parts.
Difficulty during assembly (e.g., parts not fitting).	Incorrect part orientation; misidentification of parts; manufacturing variance.	Double-check the physical instruction manual for correct part orientation and labeling. Ensure you are using the correct hardware for each step. If issues persist, contact customer support.
