Key Features

- TARGETED COOL DELIVERED RIGHT TO YOU. Cool Surround Technology uses Bluetooth technology to monitor temperature and humidity around the remote control and delivers targeted cool right to you.
- MULTIFUNCTIONAL FOR MAXIMUM COMFORT. 3-in-1 unit serves as an air conditioner, dehumidifier, or fan.
- BREATHE EASIER. The washable filter screens impurities from entering the unit and is simple and easy to clean under the faucet.
- PORTABLE COMFORT WITH EASY SETUP. Cast handles and wheels allow you to move the unit from room to room with ease while setup is simple and takes only minutes.
- EVEN COOL AIRFLOW WITH PROGRAMMABLE TIMER. Motorized air direction control for custom comfort. Set the timer to turn on or off to match your scheduling needs and save energy.

2. Setup Guide

2.1. Unpacking

Carefully remove all components from the packaging. Ensure all parts listed below are present before proceeding with installation.

Figure 2: Included Components: portable air conditioner, window kit, remote control.

2.2. Window Kit Installation

Install the window kit in a compatible window. The kit is designed for easy setup and secure exhaust hose connection.

3. Operating Instructions

3.1. Control Panel and Remote Control

The unit can be operated using either the integrated control panel or the included remote control. The remote control uses infrared technology and should be within direct sight of the AC unit for proper function.

3.2. Modes of Operation

The De'Longhi PACEX390UVcare-6AL WH PAC offers three primary modes for customized comfort:

- **Air Conditioner:** Provides powerful cooling to reduce room temperature.
- **Dehumidifier:** Removes excess moisture from the air, improving comfort and preventing mold growth.
- **Fan:** Circulates air without cooling, ideal for gentle airflow.

3.3. Using the Remote Control

The remote control allows you to power the unit on/off, select operating modes, adjust fan speed, and set the desired temperature. The UV-Carelight function can also be activated via the remote.

Note: No official seller videos demonstrating remote control usage were available for embedding.

4. Maintenance

4.1. Filter Cleaning

Regular cleaning of the air filter is crucial for maintaining the unit's efficiency and ensuring clean air output. The washable filter screens impurities and is easy to clean under a faucet.

Figure 7: Example of a filter requiring cleaning after extended use.

Cleaning Steps:

1. Turn off and unplug the unit before attempting any maintenance.

2. Locate and remove the air filter (refer to your unit's specific diagram for exact location).
3. Rinse the filter under running water until clean. For stubborn dirt, a mild detergent can be used.
4. Allow the filter to air dry completely before reinserting it into the unit.
5. Reinsert the dry filter and resume operation.

It is recommended to clean the filter every 1-2 months, or more frequently depending on usage and air quality.

5. Troubleshooting

This section provides solutions to common issues you might encounter with your portable air conditioner.

Problem	Possible Cause	Solution
Unit does not turn on.	No power, power cord unplugged, circuit breaker tripped.	Check power connection, ensure outlet is functional, reset circuit breaker.
Insufficient cooling.	Dirty air filter, blocked air intake/exhaust, room size too large, windows/doors open.	Clean filter, clear obstructions, ensure room is sealed, check BTU rating for room size.
Unit is noisy.	Unit not level, fan speed too high, internal component issue.	Ensure unit is on a flat surface, reduce fan speed, contact customer support if noise persists.
Water leakage.	Drain tank full (dehumidifier mode), unit not level.	Empty the water tank, ensure unit is level.

6. Technical Specifications

Specification	Value
Brand	De'Longhi
Model Name	PAC
Model Number	PAC EX390UVcare-6AL WH-cr
Item Weight	70 pounds
Product Dimensions	15.4 x 17.5 x 31.7 inches
Installation Type	Portable
Form Factor	Portable
Special Features	Dehumidifier,Portable
