

DICTAC BXF-04L

DICTAC Floating Bed Frame Full Size User Manual

Model: BXF-04L

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your DICTAC Full Size Floating Bed Frame. This bed frame features integrated LED lighting, a storage headboard with charging ports, and a unique floating design. Please read this manual thoroughly before assembly and use to ensure safe and correct operation.

SAFETY INFORMATION

For safe assembly, use, and maintenance of this DICTAC Floating Bed Frame, please adhere to the following precautions:

- **Proper Assembly:** Ensure proper assembly by following the provided instruction manual and using the included assembly tools. Failure to do so may result in instability or collapse, potentially causing injury or damage.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 900 lbs. Overloading the bed frame may lead to structural failure and pose a safety risk.
- **Pinch Points and Edges:** Be cautious of potential pinch points or sharp edges during assembly and use.
- **Regular Inspection:** Regularly inspect the bed frame for any signs of wear, damage, or loosening parts, and address these issues promptly to maintain safety and stability.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged.

- Floating Bed Frame components
- Installation Manual
- RGB LED Lights and Remote Control
- Simple Assembly Tools
- Storage Headboard with USB Ports

SETUP AND ASSEMBLY

The DICTAC Floating Bed Frame is designed for straightforward assembly. It is recommended to have two people for assembly. All necessary tools are included.

1. **Unpack Components:** Carefully unpack all parts and lay them out on a clean, soft surface to prevent scratches. Refer to the included parts list to ensure all components are present.
2. **Assemble Frame:** Follow the step-by-step diagrams in the provided installation manual to assemble the main bed frame structure. Ensure all connections are secure.
3. **Install Slats:** Place the wooden slats onto the frame. The EVA foam mute bar should be positioned on the metal beam to reduce noise.
4. **Attach Headboard:** Secure the storage headboard to the main frame. Ensure the headboard is firmly attached.
5. **Connect LED Lights:** Install the RGB LED light strips according to the manual. Connect the power supply for the LED lights and charging ports.
6. **Final Check:** Double-check all screws and connections to ensure they are tightened and secure before placing the mattress.

OPERATING INSTRUCTIONS

LED Lighting System

Your bed frame is equipped with vibrant RGB LED lights located under the frame and within the headboard.

- **Control Methods:** The LED lights can be controlled via the included remote control or a dedicated smartphone application.
- **Customization:** Use the remote or app to customize color (over 60,000 options), brightness, lighting modes, and set timing functions.
- **Music Sync Mode:** Activate Music Sync mode for the LED lights to change color and flash rhythmically with music.

Storage Headboard and Charging Station

The headboard features open storage shelves and a hidden compartment for organizing personal items. It also includes a built-in charging station.

- **Open Shelves:** Utilize the open shelves for easy access to items like books, phones, or decorative pieces.
- **Hidden Storage:** Access the hidden storage space by lifting the upholstered section of the headboard.
- **Charging Ports:** The headboard includes one USB port and one Type-C port for charging mobile devices and other electronics. Ensure the bed frame is connected to a power source for these ports to function.

MAINTENANCE

- **Cleaning:** Wipe the bed frame surfaces with a dry cloth. Avoid using harsh chemicals or abrasive cleaners that may

damage the finish or upholstery.

- **Structural Integrity:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.
- **LED Lights:** If LED lights become loose, re-secure them. If the adhesive fails, use a suitable alternative adhesive.
- **Upholstery Care:** For upholstered parts, spot clean with a damp cloth and mild soap if needed. Test in an inconspicuous area first.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is noisy or squeaks	Loose connections; slats rubbing against frame; missing EVA foam mute bar.	Tighten all bolts and screws. Ensure EVA foam mute bar is correctly installed on metal beams. Check that slats are properly seated.
LED lights not working	Power cable disconnected; remote control battery low; app connection issue; faulty LED strip.	Check if the power cable for the LED lights is securely plugged in. Replace remote control batteries. Re-pair the app if necessary. Contact support if the LED strip is faulty.
USB/Type-C ports not charging	Bed frame not connected to power; device cable faulty; port malfunction.	Ensure the bed frame's power cable is plugged into a working outlet. Try a different charging cable. Test with another device. Contact support if ports are faulty.
Bed frame feels unstable	Incomplete or incorrect assembly; loose connections.	Review the assembly instructions and ensure all parts are correctly installed and all fasteners are tightened. Do not exceed the weight capacity.

SPECIFICATIONS

- Model:** BXF-04L
- Size:** Full
- Product Dimensions (L x W x H):** 75.5" x 53.9" x 39.6"
- Color:** White
