

ORORO MINI 5K

ORORO Men's Heated Quilted Vest MINI 5K Instruction Manual

Model: MINI 5K

INTRODUCTION

Thank you for choosing the ORORO Men's Heated Quilted Vest. This manual provides essential information for the safe and effective use, maintenance, and care of your heated vest. Please read it thoroughly before first use and retain it for future reference.

The ORORO Heated Quilted Vest is designed to provide warmth and comfort in cold conditions. It features a diamond-quilted construction, water-resistant shell, and sustainable FELLEX insulation. Integrated carbon fiber heating elements target the neck, hands (pockets), and upper back, powered by a rechargeable battery pack.

PACKAGE CONTENTS

- ORORO Men's Heated Quilted Vest
- 7.38V UL Certified Battery Pack
- User Manual

Note: Charger is not included. Please use your own compliant USB-A port chargers.

SETUP INSTRUCTIONS

1. Charging the Battery Pack

Before initial use, fully charge the battery pack. The battery features a USB port for charging and can also be used to charge smartphones.

1. Connect the battery pack to a compatible USB-A charger (not included) using a USB cable.
2. The indicator lights on the battery pack will illuminate to show the charging status.
3. Charging is complete when all indicator lights are solid.

Image: A close-up of the ORORO battery pack, showing its compact design and LED indicator lights.

2. Connecting the Battery to the Vest

1. Locate the dedicated zippered pocket inside the vest, typically on the left side.
2. Connect the vest's power cable to the fully charged battery pack.
3. Place the battery pack securely into the zippered pocket and close the zipper.

OPERATING INSTRUCTIONS

Powering On and Adjusting Heat Settings

The vest features a control button, usually located on the left chest, to manage the heating elements.

1. **To Power On:** Press and hold the control button for approximately 3 seconds until it illuminates. The vest will typically start on the High heat setting (red light).
2. **To Adjust Heat Level:** Press the control button briefly to cycle through the heat settings:
 - **High (Red Light):** Provides maximum heat for up to 3 hours.
 - **Medium (White Light):** Provides moderate heat for up to 6 hours.
 - **Low (Blue Light):** Provides gentle heat for up to 10 hours.
3. **To Power Off:** Press and hold the control button for approximately 3 seconds until the light turns off.

MAINTENANCE AND CARE

Washing Instructions

The ORORO Heated Quilted Vest is machine washable. Follow these steps to ensure proper care and longevity of your vest:

1. **Disconnect Battery:** Always remove the battery pack from the vest before washing.
2. **Zip Up:** Zip up all zippers on the vest.
3. **Machine Wash:** Machine wash gently in cold water with a mild detergent.
4. **Do Not Bleach or Iron:** Avoid using bleach or ironing the vest.
5. **Tumble Dry Low:** Tumble dry on a low heat setting or hang dry. Ensure the vest is completely dry before reconnecting the battery or storing.

TROUBLESHOOTING

If you encounter issues with your ORORO Heated Quilted Vest, please refer to the following common solutions:

- **Vest Not Heating:**
 - Ensure the battery pack is fully charged.
 - Verify that the battery pack is securely connected to the vest's power cable.
 - Press and hold the control button for 3 seconds to ensure it is powered on.
- **Indicator Light Not Working:**
 - Check battery charge level.
 - Ensure the connection between the battery and vest is firm.
- **Short Battery Life:**
 - Battery life varies by heat setting. High heat consumes power faster.
 - Ensure the battery is fully charged before each use.
 - Extreme cold temperatures can affect battery performance.

If problems persist, please contact ORORO customer support for assistance.
