6. MAINTENANCE AND CARE

Proper care and maintenance will extend the life and preserve the appearance of your HLDIRECT Gaming Desk.

- **Cleaning the Surface:** For daily cleaning, wipe the carbon fibre surface with a soft, damp cloth. For tougher stains, use a mild soap solution and then wipe dry immediately. Avoid abrasive cleaners or harsh chemicals, as they may damage the finish.

- **Frame Care:** The steel frame can be wiped clean with a damp cloth. Ensure it is dried thoroughly to prevent rust.
- **Regular Checks:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain the desk's stability.
- **Avoid Extreme Conditions:** Do not expose the desk to extreme temperatures, direct sunlight for prolonged periods, or high humidity, as this may affect the material integrity.

7. TROUBLESHOOTING

If you encounter any issues with your HLDIRECT Gaming Desk, please refer to the following common problems and solutions:
