SETUP AND ASSEMBLY

Assembly is required. Please follow the step-by-step instructions provided in the packaging. The general process involves:

- Unpacking:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches.
- Frame Assembly:** Assemble the main cabinet structure according to the diagrams. Ensure all screws and fasteners are tightened securely.
- Bed Frame Integration:** Attach the foldable bed frame to the cabinet mechanism. Pay close attention to hinge and locking mechanism installation.
- Legs and Slats:** Install the support legs and bed slats onto the bed frame.
- USB Module Installation:** Connect the integrated USB power module as instructed.
- Shelves:** Install the removable sliding shelves on each side.
- Final Check:** Verify that all connections are secure and the bed operates smoothly between cabinet and bed positions.

opening the cabinet, unfolding the bed frame, and extending the support legs.

OPERATING INSTRUCTIONS

Converting from Cabinet to Bed

1. Ensure the area in front of the cabinet is clear of obstructions.
2. Unlatch any locking mechanisms securing the cabinet doors.
3. Gently pull the front panel of the cabinet downwards. The bed frame will begin to unfold.
4. Continue to lower the bed frame until it is fully extended and the support legs are deployed and locked into position.
5. Place your mattress on the bed frame.

Converting from Bed to Cabinet

1. Remove the mattress from the bed frame.
2. Fold the support legs inward.
3. Lift the bed frame upwards, guiding it back into the cabinet enclosure.
4. Ensure the bed frame is fully retracted and the cabinet doors are closed and latched securely.

Using the USB Port and Removable Shelves

- **USB Module:** The built-in dual power/USB module is located on the side of the cabinet. Plug the unit into a standard wall outlet to activate the power and USB charging ports.
- **Removable Shelves:** The shelves beside the headboard can be slid in and out smoothly. Use them to hold small items like phones, lamps, or decor. To remove, slide them fully out until they detach from the runners.

MAINTENANCE

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically inspect all screws, bolts, and hinges to ensure they are tight. Tighten any loose hardware to maintain stability and safety.
- **Mechanism Care:** Keep the folding mechanism and sliding shelf runners free of dust and debris. Lubricate moving parts with a silicone-based spray if operation becomes stiff.

- **USB Port:** Ensure the USB module is unplugged from the wall before cleaning. Do not expose the module to liquids.

TROUBLESHOOTING

- **Bed difficult to convert:** Check for obstructions around the folding mechanism. Ensure all hinges are clean and properly aligned. Lubricate if necessary.
- **USB port not working:** Verify that the power cord for the USB module is securely plugged into a functional wall outlet. Check for any tripped circuit breakers.
- **Sliding shelves stick:** Clean the runners to remove any dust or debris. Apply a small amount of silicone lubricant to the runners.
- **Bed feels unstable:** Ensure all assembly hardware is tightened. Check that the support legs are fully extended and locked when the bed is in use.
