Paladone 12711

Paladone Minecraft Diamond Sword Light (Model 12711) Instruction Manual

INTRODUCTION

This manual provides essential information for the safe and effective use of your Paladone Minecraft Diamond Sword Light. Designed for Minecraft enthusiasts, this light offers three dynamic lighting modes and versatile placement options to enhance your gaming space or home decor.

SAFETY INFORMATION

- Keep out of reach of small children. This product is not a toy.
- Do not expose to water or excessive moisture.
- Do not attempt to disassemble or modify the device.
- Use only specified power sources (USB-C or AAA batteries).
- Ensure proper battery polarity when inserting batteries.

PACKAGE CONTENTS

- 1 x Minecraft Diamond Sword Light
- 1 x USB-C Cable (for power, not charging)

SETUP

Powering the Device

The Minecraft Diamond Sword Light can be powered in two ways:

1. **USB-C Power:** Connect the provided USB-C cable to the port located on the back of the sword. Plug the other end into a compatible USB power adapter (not included) or a USB port on a computer or console.
2. **Battery Power:** Locate the battery compartment on the back of the sword. Insert 3 x 1.5V AAA

batteries (not included), ensuring correct polarity. Close the battery compartment securely.

Note: Batteries are not included with the product. The USB-C cable provides power, but does not recharge batteries if installed.

Placement Options

The Diamond Sword Light is designed for versatile placement:

- **Tabletop Accent:** The flat base allows the sword to stand upright on any flat surface, such as a desk, shelf, or bedside table.
- **Wall Mount:** Utilize the integrated keyhole slots on the back of the sword to securely mount it to a wall using appropriate fasteners (not included).

The Minecraft Diamond Sword Light can be placed on any flat surface as a decorative accent.
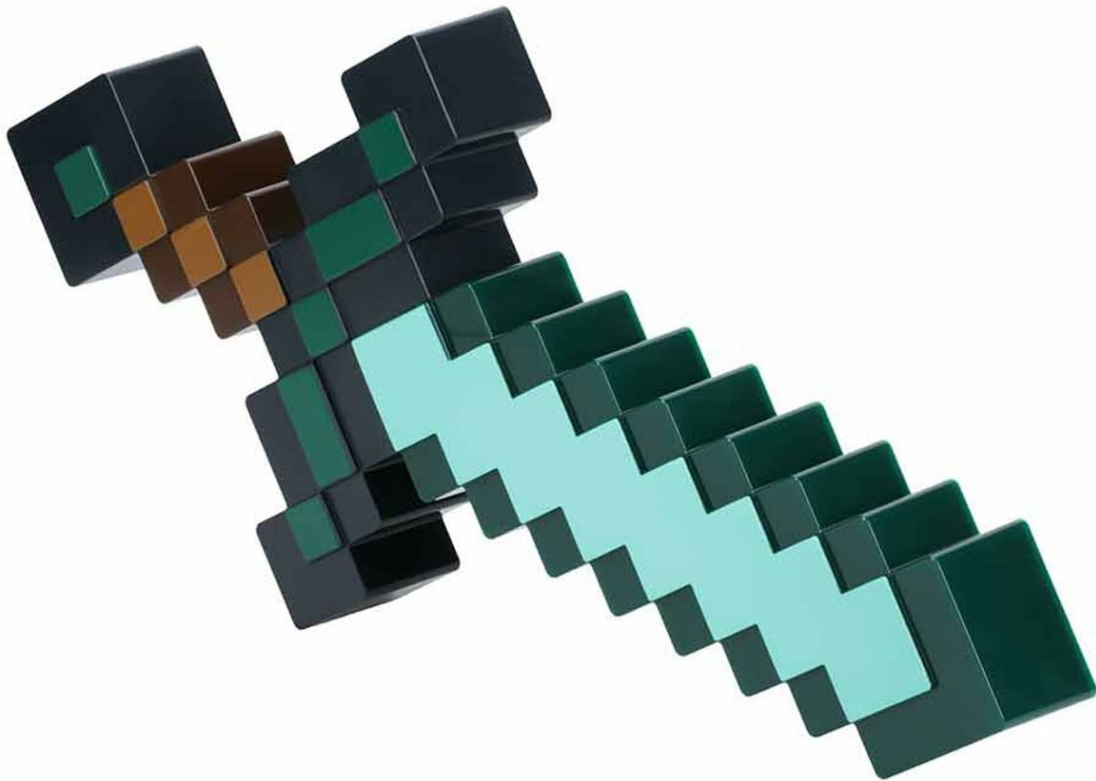

The light can be securely mounted on a wall to illuminate your space.

OPERATING INSTRUCTIONS

To operate your Minecraft Diamond Sword Light:

1. Ensure the device is powered via USB-C or AAA batteries.
2. Locate the power/mode button on the top section of the sword's hilt.
3. Press the button once to turn the light on and cycle through the available lighting modes.
4. Press the button repeatedly to switch between the three dynamic lighting modes.
5. To turn the light off, continue pressing the button until the light extinguishes.

The Diamond Sword Light provides ambient lighting and serves as a unique decorative item.

LIGHT MODES

The Minecraft Diamond Sword Light features three distinct lighting modes:

- **Solid On:** The light remains constantly illuminated, providing a steady glow.
- **Phasing Mode:** The light gently brightens and dims, creating a subtle pulsating effect.
- **Music Reactive Mode:** The light responds to ambient sounds and music, flashing and changing intensity in sync with audio input.

MAINTENANCE

To keep your Diamond Sword Light in optimal condition:

- Wipe the surface with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.
- If using batteries, remove them if the device will not be used for an extended period to prevent leakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power or low batteries.	Check USB-C connection or replace AAA batteries.
Light modes are not cycling.	Button not pressed correctly.	Ensure a firm press on the power/mode button.
Music reactive mode is not working.	Insufficient ambient sound.	Increase volume of music/sound source or move closer to the source.
