JUDKIOM 2 Pack Wireless Lavalier Microphone USB C for Android Phone & iPhone 15 Instruction Manual

Brand: JUDKIOM | Model: J1

INTRODUCTION

This instruction manual provides detailed guidance on the setup, operation, and maintenance of your JUDKIOM 2 Pack Wireless Lavalier Microphone. Designed for seamless audio recording and live streaming, this microphone system offers clear sound quality and wide compatibility with USB-C devices, including Android smartphones and iPhone 15. Please read this manual thoroughly to ensure optimal performance and longevity of your device.

WHAT'S INCLUDED

- 2 x Transmitter with Back Clip
- 1 x Receiver for Android smartphones / iPhone 15 (USB-C)
- 1 x User Manual (this document)

Dual Wireless Lavalier Microphone

Designed for USB C Phones(1 Receiver with 2 Transmitters)

Image: The complete package contents, including two transmitters, one receiver, and accessories.

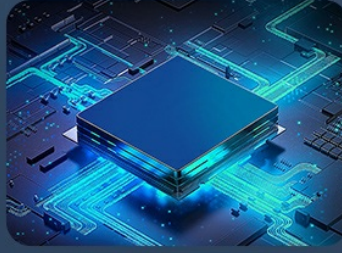

SETUP INSTRUCTIONS

1. **Unlock Device:** Ensure your smartphone or compatible device is unlocked.
2. **Connect Receiver:** Plug the receiver into the USB-C port of your smartphone.
3. **Power On Microphone:** Press the power switch of the microphone (transmitter) for approximately 1 second to turn it on.
4. **Verify Connection:** A successful pairing is indicated when the green light on both the receiver and the transmitter remains steadily lit.
5. **Troubleshooting Connection:** If the connection fails (red and green lights flash alternately), turn off the device and attempt to restart the pairing process.
6. **Android OTG Setting:** For Android devices, if the microphone does not work with the original camera app, enable the "OTG" setting in your phone's settings.

6 MAJOR ADVANTAGES

Mini Size&Light Weight

Powerful Noise Reduction&
Crystal Clearly Sound

High Sensitive Microphone

Long Battery Working Time

OPERATING INSTRUCTIONS

Recording and Pausing

- Once successfully paired, you can begin recording voice or videos without needing extra apps or Bluetooth connections on your cellphone.
- To pause recording, softly press the power switch on the microphone. The green light will flash, indicating a paused state.
- To resume recording, press the power switch again. The light will stop flashing, and recording will continue.

Powering Off

- To power off the microphone, press and hold the power switch for approximately 3 seconds.

Charging

- The receiver does not contain a battery and does not require charging during live broadcasts.
- If your mobile phone's power is low during a live broadcast, you can charge the phone directly through the receiver's interface.
- The microphones provide over 5 hours of battery life and take approximately 2 hours to fully charge.

PLUG AND PLAY

No need to be cumbersome easy to use

COMPATIBILITY

The wireless USB-C lavalier microphone is broadly compatible with most Type-C devices. This includes, but is not limited to:

- Android smartphones
- iPhone 15 (USB-C models)
- Samsung Galaxy S21/S20/S10+/S10e/S10
- Samsung Note 20 Ultra/20/10+/9
- Most other USB Type-C port devices.

This cordless clip-on microphone is ideal for various uses such as video recording, live streaming, podcasting, and vlogging.

Dual Wireless Lavalier Microphone

Designed for USB C Phones(1 Receiver with 2 Transmitters)

KEY FEATURES

- **Lightweight & Clip-on Design:** The kit includes one receiver and two transmitters, allowing for simultaneous recording from two sources. Microphones can be used individually or together.
- **Easy Connection (Plug & Play):** Simple setup by plugging the receiver into your device and powering on the transmitters. Automatic pairing eliminates the need for additional apps or Bluetooth.
- **Omnidirectional Sound & Noise Cancellation:** Built-in professional-grade intelligent noise reduction chips ensure clear recording in noisy environments by effectively identifying and capturing the original sound.
- **Extended Range & Battery Life:** Utilizes 2.4GHz wireless transmission technology for stable signal transmission up to 65 feet (20 meters). Provides over 5 hours of battery life with a 2-hour full charge time.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the microphone and receiver. Avoid using liquids or abrasive cleaners.
- **Storage:** Store the devices in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery longevity, avoid fully discharging the microphones frequently. Charge them regularly, even if not in constant use.
- **Handling:** Handle the microphones and receiver with care to prevent damage from drops or impacts.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Microphone not connecting/pairing.	Incorrect power-on sequence; temporary connection issue.	Ensure device is unlocked. Press microphone power switch for 1 second. If red & green lights flash alternately, power off and restart.
No audio or poor audio quality on Android.	OTG function disabled; incompatibility with native camera app.	Enable "OTG" in your Android phone's settings. Consider using a third-party camera app if issues persist.
Microphone not charging.	Faulty cable or power source; incorrect connection.	Ensure charging cable is securely connected. Try a different USB power source.
Short battery life.	Partial charge; aging battery.	Ensure microphones are fully charged (approx. 2 hours). If issues persist after full charge, contact support.

SPECIFICATIONS

Feature	Detail
