Restokki Restokki6e71x8vtf9

Restokki Aromatherapy Diffuser User Manual

Brand: Restokki | **Model:** Restokki6e71x8vtf9

Introduction

Thank you for choosing the Restokki Aromatherapy Diffuser. This versatile and silent essential oil diffuser is designed to purify and moisturize the air, create a calming ambiance, and help relieve fatigue and stress. Its wide coverage makes it suitable for various spaces, including homes, offices, spas, and yoga studios.

This manual provides detailed instructions for the safe and efficient operation, maintenance, and troubleshooting of your new aromatherapy diffuser. Please read it thoroughly before use and keep it for future reference.

Package Contents

Please check the package carefully to ensure all items are present and in good condition:

- 1 x Aroma Diffuser (Batteries Not Included)
- 1 x Sticker (for mounting)
- 1 x Key (for opening the diffuser)
- 1 x English Manual (this document)

Setup Guide

1. Unpacking and Initial Inspection

Carefully remove the diffuser and all accessories from the packaging. Inspect for any signs of damage. If any components are missing or damaged, please contact customer support.

2. Battery Installation

The diffuser requires 4 x R20S batteries (not included). To install:

1. Use the provided key to unlock and open the front cover of the diffuser.
2. Locate the battery compartment inside the unit.
3. Insert 4 R20S batteries, ensuring correct polarity (+/-) as indicated in the compartment.
4. Close the front cover and lock it with the key.

3. Filling the Essential Oil Reservoir

The diffuser has a 500ml capacity reservoir for essential oils.

1. Unlock and open the front cover of the diffuser.
2. Carefully remove the essential oil reservoir from its housing.
3. Unscrew the cap of the reservoir and fill it with your desired essential oil. Do not overfill.
4. Securely screw the cap back onto the reservoir.
5. Place the filled reservoir back into the diffuser, ensuring it is seated correctly.
6. Close the front cover and lock it.

4. Placement and Mounting

The diffuser is designed for wide coverage and can be placed on a flat surface or mounted on a wall.

- **Surface Placement:** Ensure the diffuser is placed on a stable, flat surface away from direct sunlight, heat sources, and out of reach of children and pets.
- **Wall Mounting:** Use the provided sticker to mount the diffuser securely on a wall. Choose a location that allows for optimal scent dispersion throughout the desired area.

Operation

1. Powering On/Off

Once batteries are installed and the reservoir is filled, the diffuser should be ready for operation. Refer to the control panel inside the unit for power and setting adjustments.

- **Power Button:** Locate the power button on the control panel. Press it to turn the diffuser on or off.
- **Indicator Lights:** Observe the indicator lights on the control panel for operational status.

Image: A detailed view of the diffuser's internal control panel, which includes buttons for mode and settings.

2. Adjusting Settings

The control panel allows you to customize the diffusion settings. While specific button functions are not detailed, common settings include:

- **Mode Button:** Press the "MODE" button to cycle through different operating modes (e.g., continuous, intermittent).
- **Set Button:** Use the "SET" button to adjust parameters such as diffusion intensity or timer settings.
- **Display Screen:** The small display screen will show current settings or operational status.

Experiment with the settings to find the optimal diffusion level for your space and preference. The diffuser operates with low noise, ensuring it won't disturb your environment.

3. Usage Tips

- For best results, use high-quality, pure essential oils.
- Do not mix different types of essential oils in the reservoir without proper cleaning in between.
- Ensure the diffuser is placed in a well-ventilated area for optimal scent dispersion.
- Regularly check the essential oil level and refill as needed.

Maintenance

Proper maintenance ensures the longevity and optimal performance of your aromatherapy diffuser.

1. Cleaning the Diffuser

It is recommended to clean the diffuser regularly, especially when changing essential oils or if it has not been used for a while.

1. Turn off the diffuser and unlock/open the front cover.
2. Remove the essential oil reservoir.
3. Empty any remaining essential oil from the reservoir.
4. Clean the reservoir with a soft cloth and a small amount of rubbing alcohol or mild soap and water. Rinse thoroughly.
5. Wipe the interior and exterior of the diffuser unit with a soft, damp cloth. Do not immerse the main unit in water.
6. Allow all parts to air dry completely before reassembling.

2. Storage

If you plan not to use the diffuser for an extended period:

- Ensure the diffuser and reservoir are clean and completely dry.
- Remove the batteries to prevent leakage.
- Store the diffuser in a cool, dry place, away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter any issues with your diffuser, please refer to the following table before contacting customer support.

Problem	Possible Cause	Solution
Diffuser does not turn on.	Batteries are dead or incorrectly installed.	Check battery polarity and replace with new R20S batteries.
No mist or weak mist.	Essential oil reservoir is empty or low. Diffuser nozzle is clogged.	Refill the essential oil reservoir. Clean the nozzle and internal components as per maintenance instructions.
Unusual noise during operation.	Diffuser is not on a flat surface. Internal component obstruction.	Ensure the diffuser is on a stable, flat surface. Open and inspect for any foreign objects.
Scent is not strong enough.	Low essential oil level. Incorrect setting. Room size too large.	Refill essential oil. Adjust settings to a higher intensity or continuous mode. Consider adding more diffusers for very large spaces.

Warranty and Support

The Restokki Aromatherapy Diffuser is manufactured with high-quality materials and undergoes strict quality control. For information regarding warranty coverage, returns, or technical support, please refer to the purchase platform or contact the seller directly.
Please retain your proof of purchase for any warranty claims.
