## PRODUCT OVERVIEW

### Key Features

- **Oral Wellness Redefined:** Crafted from Tritan material for worry-free care from nozzle to reservoir.
- **Excellent Performance:** bixdo proprietary WATERCARE generates 1,500 micro-pressure waves per minute, creating a targeted dual stream that eliminates 99.8% of residual debris and plaque.
- **Five Smart Modes:** Includes Strong (deep cleaning and braces), Normal (standard daily cleaning), Gentle (prevent bleeding gums and sensitive teeth), Soft (for kids and beginners), and GUMCARE (gum massage).
- **Long Battery Life:** Engineered for modern lifestyles, this portable irrigator operates 8+ weeks on one charge.
- **Ergonomic Design:** Features a 360° rotating nozzle with magnetic quick-connect system and an anti-leakage waterpath.
- **Quiet Operation:** Experience spa-like tranquility with noise levels below 45dB.
- **IPX7 Waterproof:** Fully submersible construction allows shower-friendly use.

## OPERATING INSTRUCTIONS

To use, fill the water tank, choose the desired cleaning mode, and direct the water jet towards the gum line and in between teeth.

### Cleaning Modes

- **STRONG:** For deep cleaning and braces.
- **NORMAL:** Standard daily cleaning mode.
- **GENTLE:** To prevent bleeding gums and for sensitive teeth.
- **SOFT:** For kids and beginners.
- **GUMCARE:** For gum massage.

## MAINTENANCE

The bixdo P50 is designed for easy cleaning with dual openings on the water tank. Ensure to regularly clean the reservoir and tips to maintain hygiene and performance. The unit is fully submersible (IPX7 rated) for easy cleaning under running water.

## TROUBLESHOOTING

### Common Issues

- **No water flow:** Check if the reservoir is filled and the nozzle is correctly attached. Ensure the unit is charged.
- **Weak water pressure:** Select a stronger mode. Ensure the nozzle is not clogged.
- **Unit not charging:** Verify the charger is properly connected and the unit is correctly placed on the magnetic charging base.
